

We take much pleasure in recommending Mr. Harrington's improved "Straw Cutter," to the notice of the farming public, believing it to be the best article of the kind that has ever been offered in the Canadian market. It can be worked either by hand or horse power. We have

not space allowed us to point out the benefit of this useful Machine, but we advise the farmers to call and examine for themselves.—Ed. CUL.

CORRECTION.—In the 18th line from the top, first column, page 96, for "£1 10s.," read "best imported Bull, £2 10s."
