YOUR NAME IS WANTED

to appear in the American Bee-Keeper's Directory. The Directory will be a neat hand book containing the names and addresses of bee-keepers in the United States and Foreign countries. Write how many colonies of bees you have and your average yield of honey, so that we may properly rate you. Also state the variety of bees you prefer, whether Italians, Carniolans or other breeds. This work is intended to fill a long-felt want among bee-keepers and by the co-operation of all, a good work can be accomplished.

A department will be reserved in this hand book for the names of Apiarian Supply Dealers and Queen breeders, and two lines will be allowed them giving room for their name, address and business and will be inserted for 25c.

W. Z. HUTCHINSON,

ROGERSVILLE, GENESEE, CO., MICH.

HAS published a neat little book of 45 pages, entitled

"THE PRODUCTION OF COMB HONEY."

Its distinctive feature is the thorough manner in which it treats of the use and non use of Foundation. Many other points are, however, touched upon. For instance it tells how to make the most out of unfinished sections, and how to winter bees with the least expense, and bring them through to the honey harvest in the best possible shape.
