Aberdeen—For Coal and Wood.

Victorian—For Wood.

We take pleasure in bringing to the attention of Canadian Housewives our two beautiful ranges. It will be observed The Aberdeen is for coal and wood and The Victorian for wood only. We warrant these ranges throughout. They have proved wonderfully economical, quick and even bakers. We guarantee them this. They also have remarkably strong drafts giving entire satisfaction where other ranges have totally failed. In ornamentation, rare beauty and style has been attained, the Ranges possessing a remarkably attractive and pleasing appearance. If you want the best range made, buy the Aberdeen or Victorian. The Aberdeen has a roomy fire box, fitted with duplex grate for coal and when the coal burners are removed will burn long and rough wood. The hearth plate is large. This will be found a great convenience. The oven is capacious and ventilated. The Victorian is fitted with our Patent Duplex Shelf. Has a large hearth plate, large necked outside oven shelf, commodious fire-door, roomy fire box and magnificent ventilated oven. Both these Ranges are of the very latest type, and possess all modern improvements. If your local dealer cannot supply, write us direct.
