

We all hope that success may crown his labors, under the rich blessing of the Lord.

We are pleased to note that Rev. A. S. Grant, of St. Andrew's Church, Almonte, Ont., is enjoying continued success in his work. During the past summer, the interior of the church has been renovated. The whole building has been lighted by electric light. Steady progress in all departments of church work is evident in Mr. Grant's charge.

As far as we are able to ascertain, Rev. S. Rondeau is, "as yet," the only one of last session's graduates who has seen fit to enter the ranks of the noble benedictive army. Congratulations are now in order and we do most heartily congratulate him. Mr. Rondeau spent the past summer in Caraquet, N.B., where good work was done by him among his fellow-countrymen. In the latter part of Sept. he received and accepted a call to the French Congregation in Marlboro, Mass., lately occupied by Rev. P. N. Cayer, one of our graduates. There is every prospect that Mr. Rondeau's pastorate will be a most happy and successful one.

Rev. D. Currie, of Glencoe, Ont., on setting out for a visit to "the land of his fathers," carried away with him the "bon voyage" of his congregation in the substantial form of a purse of \$170. Mr. Currie toured through Ireland, England, Scotland and France, enjoying to the fullest extent his two months' holiday. This purse is another

added to the many marks of esteem, that Mr. Currie has received from the people of Glencoe.

Mr. J. A. Cleland has brought us good news from the Wewestern States where he passed last summer with his friends. He met Rev. J. A. Townsend, Ph. D., of the class '81, who has been enjoying continued success. He still retains many happy recollections of his "Alma Mater" and distance has served only to deepen his loyalty to her, as shown by the fact, that in all probability we shall have a new student with us next session from Dr. Townsend's congregation. He has been for some time past settled in Turner, Or. where, since his settlement, the Lord's work has prospered. A new church building is under way at present, but Dr. Townsend, having seen the undertaking set on foot, has accepted a unanimous call to Independence, Or. It is always gratifying to hear of our graduates, especially of those who are settled in distant parts, that they have not forgotten either their college or how to give a kind welcome to present students. We wish Dr. Townsend all prosperity in his new field of labor.

After laboring for a few months with great acceptance in Marlboro, Mass., where Rev. S. Rondeau is at present settled, Rev. L. Bouchard of last year's class, accepted a call to Lawrence, Mass. While we grudge yielding our best men to Uncle Sam, we feel confident that Mr. Bouchard will give a good account of himself and his "Alma
