MONTREAL MINING EXCHANGE.

LEADERS IN THE MARKET STILL
WEAK — MONTREAL-LONDON STEA
DY — DEER TRAIL CONS. SELLING AT 9½ CENTS — BIG THREE AT 8.

Montreal, Feb. 9.

Lotters have been written to and received from Mr. Gooderham by the local Stock Exchange in connection with the unusual proceedings ro the War Eagle and Centre Star mines. Many complaints usual proceedings to the War Eagle and Centre Star mines. Many complaints have been received and much fault-linding has taken place, and whatever the outcome may be, there is no doubt that the directors are grently to blame for their shortsightedness and the bungling manner in which they proceeded to inform the public of their stupility in allowing such circumstances to arise. cumstances to arise.

cumstances to arise.

The market was inclined to be dull again this morning.

At the opening Big Three showed signs of strength and sold at 8 cents to the amount of 1500 shares, but later in the day the demand cased off and 7 was all that could be obtained, the stock was

freely offered at 7½ cents.

California was likewise a little weaker, there is a genuine feeling of insecurity amongst holders of stock, caused by the fea(r of a strike throughout the and the closing down of the smelters: We think, however, that this fear is exaggerated. The stock sold yesterday and to-

day at 10½ cents.

Deer Trail Cons. was also weaker, 11,125 shares changed hands, the last sales being made at 9½ cents, 9½ was, however bid at the close, no stock being offered un-

der 10 cents.

The leaders in the market were again weaker, War Eagle was selling round 160, and Republic sold at 91, 1500 shares

changing hands.

Montreal-London remains firm round 28 cents, 2000 shares being placed at that

There was also a sale of Kovelty at 2 cents, 50 shares being sold.

Two machines are now running on the Sunset and drifting west is in progress on velus No. 2 and 3. The character of the ore is said to be improving. It is expected that the big ore chute which outcrops so prominently on the surface, will soon be tapped on No. 3 drift. The Canadian G. F was offered to-day at 61% cents, 6 being

freely bid.

The feeling in the whole list is not, however, quite as good as it was at the close last night.
