In a recent circular sent by the Western Canada Fire Underwriters' Association to their Calgary agents, a flat surcharge of 25 cents on all published rates excepting dwellings unexposed by mercantile risks, in the district bounded on the north and east by the Bow River and on the west by the Elbow River, has been authorized. The reason given for this step is the serious nature of the present situation governing the water supply in the east portion of the city, and the consequent lack of adequate protection from fire.
