JOHN J. McALPINE, PASTOR  
RESIDENCE 224 E. JEFFERSON ST.

Sandusky, Ohio      October      26 1927

The Principal and Vice-Chancellor  
McGill University      Montreal      Canada.

Mr. Wilford Bovey.

My dear Mr. Bovey.-

I have under separate cover mailed a report of my visit to Oberlin on the Occasion of the Inauguration of Mr. Ernest Hatch Wilkins as President of Oberlin College.

I wish to say that I have no bill of expense to render. I am glad to do this pleasant duty and counted it a privilege. On account of illness of prolonged periods, I have not been able to do a number of things in relation to my Alma Mater which I should have longed to do. My studies and privileges have all had to suffer.

Will you please send a copy of the latest McGill Catalogue and I should be pleased to have my address changed in your list of graduates.

While I say that my studies and etc have had to suffer, I do not mean that I have been entirely negligent of my habits of study and reading, but instead I have tried to keep up with the present trend of affairs and have read in History, Philosophy, Religion and Science.

What does McGill offer in either of these subjects or others leading to the Masters Degree or a degree in Philosophy? Would you please inform me and the probable cost of such studies and work and whether I should have to attend any time in residence course. ?

I am yours fraternally.

*John J. McAlpine,*

P.S. If you are the son or relative of Dean Bovey of the Science Dep't of McGill, I should like to say that I remember him very well and often quote him from notes of addresses and sayings which I gathered from him and others while a student in McGill.
