

It is hoped that you yourself will be the central figure on this occasion and the Committee feels that the dignity and importance of the occasion will be emphasized if you take the leading part.

I hope that you will be able to come and that I may have the pleasure of informing the Committee that you will be present. It would be possible for you to get the eleven o'clock train back to Montreal. I hesitate to ask you because of the two other visits you will pay to Macdonald College that week, for the Closing Exercises of the School of Household Science and the School for Teachers, yet this open-air presentation is a unique event in the life of the High School whose children will recall the event with pleasure in later years.

Trusting that you will be able to come, I am,

Yours faithfully,

*Finclair Land*

Dean.
