WANT FUEL CONTROLLER

Mass Meeting at Kitchener Request Mayor to Appoint One.

Kitchener, Ont., Jan. 24.—At a mass meeting on the coal situation held here tonight a motion requesting the mayor to appoint a fuel controller was unanimously passed. The local clergy, manufacturers and business

men were represented. Local pastors declared against doubling up of churches on the grounds that under present arrangements the churches are conserving 20 tons of coal every week. All churches, it was explained, by closing the building and using only the Sunday school rooms are now getting along on one-quarter a ton a week, where formerly one ton was consumed.

RATIONING SCHEME FOR BRITISH ISLES

Lord Rhondda Will Adopt Plan Affecting Quarter of Population.

CUT IN FATS COMING

Food Controller Approaches Measurable Distance Equal Distribution.

London, Jan. 24.—Addressing the executive officers of the local food committee at Mansion House today, Lord Rhondda, the food controller, said that those at home engaged in the task of finding a solution for the present food difficulties were engaged in a task hardly second to that of the troops at the front. The scheme of rationing it was proposed to adopt, he added, would affect about one-fourth of the whole population of the country.

On Feb. 25 he wanted them to commence rationing, not only with butter and margarine, but with meat. In the next few months there would be a great scarcity of meat, but after that there would be an easing up. Explaining his scheme of rationing in meat, which will apply to London and the home counties, Lord Rhondda said it was proposed to start with a ration of meat for adults and half a ration for children below six years. In Birmingham the scheme of rationing had been in operation since Jan. 1. There other local schemes were also being enforced.

The ministry was trying to inaugurate similar schemes in South Wales and Scotland, and before long the whole country would be covered. The compulsory rationing of the whole country in fats and meats has to come," he said, "and the sooner it comes the better." He believed that he was within measurable distance of achieving equal distribution.

FOURTEEN SPIES EXECUTED.

New York, Jan. 24.—G. S. Thompson, chairman of the press committee of the American Defense Society, in an informal discussion at a luncheon given by the organization here today, declared the society had been informed that the United States had executed fourteen spies since the beginning of the war with Germany.

OFFICERS RETURN TO ENJOY REST

Several Wounded Men Also Are Back From the Front.

ARRIVE AT ST. JOHN

Three War Decorations for Distinguished Conduct in the Field.

St. John, N.B., Jan. 24.—A large ocean liner arrived here today with a number of officers returning to Canada on furlough. The majority were attached to the Imperial army units, and will have to return in a few weeks.

Three were decorations for gallantry. Captain B. C. Guy, M.C., of Croydon, B.C.; Captain T. B. Mahan, M.C., of Halifax, and Lt.-Col. O. E. Bent, D.S.O., of Pugwash, N.S.

Captain Guy crossed overseas with the Strathcona Horse. He took part in all the important engagements since his unit went to France and escaped without a scratch.

Lt.-Col. Bent was a member of the first Canadian contingent, and was in command of the 48th Highlanders of Toronto. He remained in France with them since the Canadians entered the great combat and only recently obtained leave to Canada for a rest.

Captain Mahan of Halifax received word of the terrible disaster in his home town and succeeded in obtaining leave to return home. He heard not a word from any of his relatives since the disaster, and he is naturally anxious to get home and locate them. He is a veteran of the South African war.

Lt. W. B. Stephens of Vernon, B.C., attached to the Imperial Royal Engineers, also a passenger, was wounded in the leg at Mesines and is now quite lame.

Flight Sub-Lieut. Holmes of Toronto, who was a member of the Royal Navy Aerial Service for the last two years, is returning home to recuperate from injuries sustained while combating with a Hun aeroplane.

Sub-Lieut. F. L. Stevens of Brockville, Ont., is returning home as a result of serious injuries sustained in France. While taking photographs three hostile machines attacked him and he was forced to descend. His pilot was killed, and Lieut. Stevens had his left ankle and his nose broken.

Surgeon U. F. Warner of St. Thomas, Ontario; Lt. W. H. Stephens of Sicmond, Toronto; B.C.; Surgeon W. G. Powell of Stratford, Ontario; P. Clapperton of Vancouver, who is a member of the R.F.C., were also on board.

Flight With War Lover.

Particulars of what is believed to be a white slave case were told to Inspector Campbell today by a broken-hearted father and mother who reside in the east end. They told how their pretty 14-year-old daughter had recently made the acquaintance of a stranger, who after a few days of courtship asked permission to marry her. This was refused, however, and next day the parents found a note from their daughter stating that she had left for the west with her lover.

AUSTRIA NOT READY TO CONTINUE WAR

Germany Warned of Unpopularity of Annexation Program.

London, Jan. 24.—The Rheinische Westfaliaische Zeitung, according to a correspondent, says that the main ed of the reichstag has adopted a resolution, to which all parties subscribed, requesting the imperial chancellor to rescind the suspension of the Berlin Tagblatt.

An Associated Press despatch from Stockholm alleges that the suspension of this paper was undoubtedly the work of the military authorities because the Tagblatt's Vienna correspondent declared that the head of the nation was not the real reason for the strikes, which constituted the expression of a urgent demand for peace and were evidence that the masses were dissatisfied with the manner in which the negotiations at Brest-Litovsk were conducted.

This correspondent further warned the people not to underestimate the gravity of the situation and that the supreme German command would be able to match the warning that Austria was not prepared to continue the war for mere annexationist aims.

WAR SUMMARY

THE DAY'S EVENTS REVIEWED

Students of the war are beginning to look to the Turkish theatre of the war for the most important fighting and strategic results in the coming season. It is expected that the coming year, and that the coming year, will see a practically stationary line this year, and that the coming year will see an opportunity for doing vital damage to the enemy by rolling up the map of the arising dangers to their sources of supplies in the near east before the British and French, and they are making preparations accordingly, for the loss of the Bagdad route and the downfall of Turkey would choke off their military supplies. Col. Repington, meanwhile, is agitating the question of a maximum British concentration on the western front and a withdrawal from the other theatres of a maximum of 200 divisions of Germans supposedly moving westward for the coming campaign. The British Government affirms its confidence, meanwhile, in Sir William Robertson and Field Marshal Haig.

German peace terms to the Bolsheviks, as presented at Brest-Litovsk, not only call for the ceding of Courland and the Baltic provinces of Russia, but for the drawing of a frontier forming a re-entrant salient into northern Russia. The border sought by the enemy runs from the shores of the Gulf of Finland to the east of the Moon Sound Islands to Valk, west of Minsk and thence to Brest-Litovsk. Besides Poland, which the Germans would not discuss, this new frontier would involve the transference of 23, 150 square miles of territory to the enemy in the north alone. The offer of the Ukrainians, who are concerned with their own immediate interests, would throw into the German paw Volynia and other territories in the rich valley of the Bug. It is little wonder that the Bolshevik delegates have voted against accepting these terms.

The new frontier, if drawn by the Germans, would overcome many of the natural obstacles in the way of an

HAMILTON NEWS

WILL BE A REBATE FOR CUT IN HYDRO

General Manager of Department Notifies the Works Committee.

Special to The Toronto World.

Hamilton, Jan. 24.—At the inaugural meeting this evening of the works committee E. I. Sifton, general manager of the hydro department, submitted a communication calling attention to the recent order curtailing street lighting.

Ald. McQueen wanted to know if there was to be a definite rebate because of the darkening of 50 per cent. of the lights. He was informed by Secretary Kappela that the hydro was run in conjunction with the city government, and that any surplus at the end of the fiscal year came back to the city.

"Fine, as far as it goes," replied the alderman, "but my experience is that when a surplus is shown the commission calls it a good year and vote everybody salary increase. We get what's left over."

Other members felt with the alderman that there should be a definite agreement and that the lights used should be paid for. It was also contended that broken lights should be replaced by the hydro department.

The Scottish bodies of the Masonic order, who have been in convention here since Wednesday, held three sessions today with the morning session the work consisted of the 21st degree, while in the afternoon the 22nd and 27th were worked.

Some of the visitors at the annual banquet, which was held in the evening at the Royal Connaught Hotel, were: W. F. Newton, 32, Montreal; J. E. McKillop, K.C., 22, London; H. E. Jackson, 32, Guelph; John Burns, 32, Niagara Falls; W. H. Summerfield, 22, Toronto; A. W. Richardson, 32, Kingston; A. F. McGill, 22, St. Catharines; John Pearce, 32, Toronto; B. E. Wilson, 30, London; W. Mayne McCombe, 32, Montreal; W. E. Eddis, 32, Toronto; A. F. Cross, 32, Montreal; F. Webster, 32, Toronto; P. W. D. Brodbeck, 32, Toronto; T. W. July, 23, Toronto; A. C. McMaster, 32, Toronto; R. B. Atkins, 32, Bradford; J. T. Crawford, 32, Toronto; E. T. Malone, K.C., 32, Toronto.

BETTER INFORMED THAN PRESIDENT

Senator Chamberlain Denies That He Distorted Facts Proving Inefficiency.

REITERATES ATTACK

Cites in Senate Numerous Instances of Lack of Preparation by Department.

Washington, Jan. 24.—In a dramatic three-hour speech to the senate today, Senator Chamberlain, chairman of the military committee, replied to President Wilson's statement that he had distorted the facts in charging that the government had broken down in its war preparations. He declared the president had grossly maligned him and not only defended, but emphatically reiterated his assertions, made in a recent address at New York. He said the president did not know the truth, and that he did.

The senator disclaimed any personal rancor against the president or Secretary Baker, saying his only motive was patriotic, to rouse the country, and to speed up the war by wiping out inefficiency. In support of his position he cited numerous instances of alleged inefficiency in connection with army ordnance, clothing supplies and sanitation brought out during the military committee's war investigations.

Senators and many representatives crowded the floor, and the galleries were packed. Senator Chamberlain spoke at times vehemently, declaring it was with a feeling of sadness that he found it necessary to raise a question of personal privilege to defend his veracity and integrity heretofore unassailed, but as he launched into the speech he grew emphatic and at times vehement.

When the Oregon senator concluded, Senator Kirby, a member of the military committee, replied on behalf of the administration, flatly contradicting the chairman's assertion that facts brought out in the investigation proved the war department inefficient. He said the investigation until Monday to cut off further discussion.

There was no comment either at the White House or the war department on the Chamberlain speech. It is known, however, that administration replies are to be made soon by Senator Jones in the senate and Representative Dent, chairman of the military committee, in the house. Secretary Baker probably will make his own answer Saturday as he is expected to appear before the committee.

The senate committee
