Children's Aid Society. As the lindement season is approaching, the Children's Aid Society would appreciate donations of warm clothing, underclothing, hats, stockings and shoes, suitable for children from 2 to 14 years of age. The nature of the rescue work done by the society frequently renders it necessary that the clothing worn by the children brought in shall be immediately removed and burned, so that there is constantly a need of fresh garments. The clothing need not necessarily be new, if it is whole. Parcels from city addresses may either be sent to the Shelter, 135 Adelaide-street east, or will be called for in answer to a postcard addressed to the secretary of the society, 32 Confederation Life building.

The following gentlemen will meet in this city on Sept. 25 to fix the grain standards east of Fort William for the coming season; W. D. Matthews, chairman; Thos. Flynn, H. W. Baird, John Carrick, J. L. Spink and C. B. Watts of Toronto; R. R. Morgan, Hamilton; John Hunt, London; W. Brodie, Quebec; R. N. Easdalle, A. G. Thompson and Alex. McFee, Montreal. Wonderful X Rays.

Mr. James Pinkerton of this city has constructed what appears to be a wonderful little piece of apparatus known as "X Rays." Strange to say, the news from Maine is that a light vote is being polled. This is regarded with surprise in view of the interest that was apparently taken in the contest. The indications so far favor a large Republican majority. Foreign exchange is stronger on buying of bills by gold importers. It is generally understoochere that heavy shipments of gold from Europe to this country have been greatly fucilitated by an agreement between the bankers' syndicate and the principal mer cantile importers, as, for instance, the Sugar Trust, by which the letter's purchases of goods and raw materials abroating the supplies of the supplies of the supplies of the call money market to-day has acted contrary Drain and Roofing Tile Lake Shore Stone and Gravel

CHICAGO GOSSIP. Henry A. King & Co., 12 King-street east, received the following despatch to-day from Chicago: We had another good speculative market to-day. Commission houses report a slight increase in outside orders. St. Louis sent a number of buying orders: Logan, Lamson and other commission houses bought; Dunn, Mitchell and other buils were good buyers. There was considerable covering by Stoner, Pringle and other shorts. Local bears, who fought the market at the opening and put out short lines, had to scamper to cover, Taking it on the whole, we think wheat a good investment. Visible supply increased 1,107,000 bushels. Northwestern receipts were 1502 cars, against 1674 cars last year. Cables were firmer to-day, at ½ penny higher, and closed unchanged.

McIntyre & Wardwell (John J. Dixon) send the following despatch to their branch office at Toronto: We have had a veryons and at times a very mean market to-day with receipts of Northwest 1500 cars and the world's shipments over 8,000,000. There was a rush to sell at the opening, which was finally met and offset by good buying, stimulated by the cable news, which quoted markets ¼ to ¼ higher, with good demand, and many buying orders were received, both here and at the seaboard, for foreign account. Later cables noted still better markets abroad and we close at nearly top prices, about ¼ cent over Saturday. Opinion seems about evenly divided as to the outcome, and although wheat has many friends still the crop of bears is large enough to make a fight, especially while crop is being moved. We prefer to buy on all breaks.

Provisions—Opened shade lower on 7,000 hogs more than estimated; ruled dull until about noon, when packers came in and bought Oct. lard and ribs, causing a slight advance, Armour bought the lard: C.P. & P. Co. bought ribs. Market closed steady.
