**CATARRHAL DEAFNESS
MAY BE OVERCOME**

If you have Catarrhal Deafness or are even just a little hard of hearing or have head noises go to your druggist and get 1 ounce of Parmitin (double strength), and add to it ¼ pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Closed nostrils should be open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone losing hearing or who has Catarrhal Deafness or head noises should give this prescription a trial.

Mr. Taylor sat down and had a heart-to-heart talk with the mystery soldier. "You generally tell me the truth," he said to him. Mr. Taylor proceeded to connect up the facts of Denisham's past career in this country, which went to show that he could not have gone overseas in the first contingent. According to Howdy Taylor's recollection, Denisham had been sentenced at St. Thomas on August 29, 1914, being released in June of the following year, and then deported. Denisham admitted that this was correct.

Pressed for particulars as to his career when in England again, Denisham said that he had gone to Howell Road Barracks, Exeter.

To Howdy did you come to be in the Canadian army?" asked Mr. Taylor.

"Catching the mystery soldier replied: "I don't know."

He continued: "They even gave me a number—No. 21637. I believed I had belonged to the 122nd North British Columbia Regiment. I even had a problem—'I recognize me as one of my own men.'"

Occasional Car of Coal Finding Way Into Local

Although the local railway situation, resulting from the embargo on all the railroads, is practically unchanged, the local coal officials are hopeful of a big change in the next few days. No one here, however, points its location or arriving in this city, except for an occasional car of coal.

Superintendent McKillop, of the local division, said this morning that things looked brighter. At Windsor several sidings have been opened up for use of Detroit freights having their goods consigned to Windsor, and then by means of barges the freight is moved across the river to Detroit.

Members of the St. James' school board, in a debate, "Resolved, that the influence of the press is greater on that of the pulpit." Crown Memorial taking the affirmative, and St. James' the negative. The debate was interesting and broad, many speakers taking part. F. Hasselt led for Memorial, and Major James for the pulpit.

The term "press" had been understood by most of the debaters to mean the circulated newspapers, but involved into meaning all printed or written matter, even so far as the tables of statistics and the written law of Moses.

The discussion was left open to be declared later as to which side had the best arguments. Rev. H. E. Ashby, rector of St. Andrew's Church, chairman of debate, Rev. C. Q. Warner and Rev. W. L. Armitage both took part in the debate. Refreshments were served at the close. Several ladies were present.

Rev. C. Q. Warner upheld the press, and Rev. W. L. Armitage the pulpit. Good-fellowship was the keynote, and much humor was injected into the proceedings. A return visit will be paid to the pulpit by the king and queen the next future. The evening service on Sunday in St. James' will be conducted by the Men's Lot.

There isn't very much else in the world that counts except health, anyway. When you come to think of it, when a man neglects his health he is neglecting his wife and family, because he ought to keep well to give them the best possible service.
