#### ETHODIST DRIVE **ADDS THOUSANDS**

Total Last Night \$4,420,820 \$150,000 Collected in Ten Days.

lowly but steadily, as circuits un-take and complete their drives, the thodist campaign adds thousands to great total achieved in the national

reat total achieved in the national ive. Yesterday the national total odd at \$4.420,820, or \$150,000 more an ten days ago, when the last implete report by conferences was ceived at Toronto headquarters. The British Columbia report yesterary contained word that all the hinese and Japanese churches had used their objectives and that the dian missions on the north coast ould soon be over the top. The New estminster Japanese, under Rev. Thur Ozawa, have attained their cond objective of \$850, having passed to original \$450 mark a fortnight to.

Rev. C. E. Manning, secretary for home missions, leaves today for the Bermudas to inaugurate the drive on that farthest south district of Canadian Methodism. With Newfoundland and West Kootenay coming into line the last large units of the denomination will shortly be reporting progress towards the \$5,000.000 goal.

All the conferences east of Belleville being well over the top, Methodist efforts are now particularly required in western Ontario and the west. Few campaigners are being sent out from headquarters and the financial returns received in the past week have been due almost solely to local effort and leadership.

#### CITY HALL NOTES

Property Commissioner Dan Chisholm is of the opinion that the members of the board of control would make good surgeons. However that may be, it is a fact that they certainly did a lot of amputating to his 1920 estimates. At their session yesterday they completed the surgery, making a total cut of \$112,042 in his estimates, amounting to \$1,042 in his estimates, as they will now go on to the city council for a final verdict, amount to \$1,390,641, including both maintenance and capital charges. The greatest cuts were made in capital charges, the total being \$68,000.

Controller Cameron protested against an expenditure of \$50,000 for new lavatories at College and Spadina, and Bloor and Yonge streets. On the advice of Finance Commissioner Bradshaw, this amount was struck out.

Altho the council approved the expenditure at the last session of \$15,000 for tax-wickets in the city hall corridors, the board decided to delete the item.

The recommendation of the property committee to place an estimate of \$70,000 for a new roof for the city hall under capital account, was struck out.

Some discussion arose over the decision to place a teacher for boys at the Jail Farm. Controller Cameron thought that there were not enough boys there to make it necessary, and that those that were there only stayed for such short periods that he did not think the schooling they received would benefit them much. It was finally decided to engage a teacher for a year as an experiment.

An item for an expenditure of \$18,000 for a new barn at the Jail Farm was questioned, but finally left untouched. Controller Gibbons thought it was rather extravagant to spend that much for a barn to hold forty horses.

Controller Cameron moved that the civic employment bureau be closed, but the board decided otherwise. The estimated cost for this is \$2956.

The sum of \$99,424 set down in the fire department estimates as necessary for the granting of one full day off duty each week for the firemen was questioned, and it was decided to let the matter stand over until the whole questions of salaries came up matter stand over until the whole question of salaries came up.

"We put the two-platoon system in force last year," commented Controller Cameron. "The men are suffering no

Cameron. "The men are suffering no hardship."
"I favor the idea of a day off," said the mayor. "The firemen are entitled to it just the same as the police, but the taxpayers can't afford it this year."

Altho his estimates for this year are \$421,244 higher than last, the works committee only cut \$46,060 from the street commissioner's estimates, amounting to \$1,551,485. Last year's expenditure was \$1,130,241.

This cut was made in salaries. The committee stated that they could not find any other place to cut, and a unanimous vote brought the amount down to \$300,000, when \$346,060 had been asked for.

At last there is tangible evidence that the waterfront railway viaduct is to be built. A conference on the matter took place recently in the harbor offices, at which the board of control, harbor commission and board of trade were represented.

Were represented.

It was decided that the viaduct order should be carried out, and that no delay or deviation should ensue. A committee is to be appointed from the above-mentioned bodies to take steps in securing an early commencement of the work.

The government is now a party to the viaduct, inasmuch as it has acquired the G.T.R. The other party is the C. P. R. It is probable that the harbor commission will insist on substantial evidence of good faith on the part of the railways to proceed with construction, before they will consent to allowing the use of the new Union Station.

The city's share of the cost of the viaduct will be between four and five viaduct will be between four and five millions.

Senting Ward Eight, gave assurance that the parks commissioner to decide what items should be cut down. Thus, and the harbor should be proceeded with along the same lines as the western section of the harbor should be proceeded with along the same lines as the western section.

A short meeting was held by the many local im-It was decided that the viaduct order should be carried out, and that no delay

#### OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose Are Stuffed Up.

catarrh disappears. Your clogged nos-trils will open, the air passages of your head will clear, and you can breathe freely. No more snuffling, hawking, mucous discharge, dryness or headaches; no struggling for

breath at night. Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through very air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

# Winding Up the Month With a Saturday of Specials

Hats for Little Folk

The cunningest Kiddles' Straw Hats imaginable are the ones shown in toare the ones shown in tomorrow's opening in the
Children's Millinery Section. I just pictured ever
so many little girlies I
know wearing the various
hats. Demure little Alice,
with soft brown hair and
eyes would be adorable in
the mush room crown,
two-tone brown and sand
hat, while her friend,
Elizabeth, would be irresistible in the fine black
Milan straw with the long
black streamers flapping
among her yellow curls.

The soft little black and white straw, with turned-down brim to shade the eyes, would be equally becoming to the twins, Betty and Billy, who celebrate their fourth birthday in June. I mentally saw six-year-old Gloria going to church in a fine dark blue straw, blocked to give the fashionable sectional crown, narrow rims of white straw being a decorative feature. A high-crowned wide-rimmed black hat has an unusual arrangement of straw in varying widths in the wide brim. It at once suggested Mary, who does love to be just a little different in her hats from the other girls.

Several new features in blocking mark the new hats; all have trimmings of the best quality of corded silk ribbon. The ever-popular "Warwick" is among the hats shown. With the season in the shops many laps ahead of the weather man, it behooves the mother to make an early selection. Bring the children in tomorrow and see if you morrow and see if you won't agree with me that for be co mingness and quality, the hats are all I have claimed for them.

Service

Collars FOR SPRING

In newest effects, made of net, Georgette and organdy trimmed with filet, Val. or Guipure lace or fine pleating. Also fine net pleated in two-tier effects for the round neck lines. Priced for Saturday, \$1.00 to \$2.50 per yard.
