that makes us
what we do,

DR. C. D. POTTER, of Adams Centre, N. Y., the originator of **HANDY PACKAGE DYES**, gave up the practice of medicine for the chemical study of Dyes. His time, talents and money were devoted to experimenting on the different aniline colors, their relation to each other, and the result of combining two or more colors. His years of patient, persevering devotion to the work he loved, has had its reward in the discovery of the combination of anilines and other articles to make what is known as the **HANDY PACKAGE DYES**.

These Dyes have never been equalled for brilliancy of colors, reliability of shades, and are warranted to color more goods, and to give better satisfaction than any Dye in the market. Compare them; try them; and be satisfied of this fact.

These Dyes are manufactured from the best and purest materials, so that you are certain to get good colors every time if your goods are free from grease, and the directions followed.

Old silks, faded ribbons, etc., can be made to look like new by using the **HANDY PACKAGE DYES**.

They are just what you want for coloring carpet rags, old dresses, stockings, etc.

Beautiful ornaments can be made out of grass, wheat, oats, and other grain, after coloring them with the **HANDY PACKAGE DYES**.

The person with an ingenious mind and decorative taste can find hundreds of ways to beautify their homes by using the **HANDY PACKAGE DYES**.

Remarks on Colors.—Pure and bright colors can be had only on white goods. Colored goods, especially silk and cotton, can often be made nearly white by boiling in strong soap-suds and rinsing, repeating the process as long as the color comes into the water.

If the Dyes are used on goods already colored, the color obtained will be a combination of the old and new colors.

A Red color, dyed on Green, Slate, or Drab, will make a Brown; on Yellow an Orange; on Blue, a Purple; on Violet, a Wine.

Green will color nicely over Gray, Drab, Slate, Bismarck, and Blue, making Dark Greens, or Olive.

Blue over Green will make a Peacock color; over Reds a Violet or Purple; over Yellow a Green; over Browns, Dark Bluish Shades.

Browns will color over all colors except Black, making on Green a Bronze, on Red a Garnet, on Purple and Violet a Wine or Maroon.

(11)

Purple and Violet will color over Red, Blue and Brown, making Wine, Plum, etc.

All the dark colors will color over lighter colors, making various shades of the darker colors used.

Manufactured by **THE HANDY PACKAGE DYE COMPANY**, Adams Centre, N. Y., and Toronto, Ont. **NORTHROP & LYMAN CO.**, Toronto, Agents for Canada.

Endorsed by over 600 Doctors in Canada.

WE have recollections that are hard to erase from our memory of a time when the good old-fashioned but disagreeable Castor Oil was the favorite medicine with our mothers. We then feared to tell that we were sick, for we knew what would follow that acknowledgment. We preferred suffering in silence rather than take that nauseous and sickening medicine. But with the advancement of science this feeling has disappeared; one discovery has followed another; and one of the most important in the history of medicine is the discovery of a way whereby Castor Oil can be sweetened and rendered palatable.

To the Inventor of **Copland's Sweet Castor Oil** is the world indebted for this valuable improvement on a staple household medicine. After careful and long research he made this discovery, and called his preparation

Copland's Sweet Castor Oil.

It is of the same strength and medical qualities as the ordinary Castor Oil, and while equally safe and harmless, yet acts with more certainty, and produces neither nausea nor griping. Some children say it is honey; others call it syrup—they all say they like it. One parent says: "My children drink it like water"; another: "We had to hide the bottle or they would have finished it right off"; another: "My little girl has taken it twice without any trouble, and does not know what it is, though she hates the ordinary Castor Oil, and we could never get her to take it without a fight." Yet another: "I wish you success of your **SWEET CASTOR OIL**; it is a splendid thing, sure to take the place of all the common oil."

NORTHROP & LYMAN CO., Toronto, Props.
Sold by all Medicine Dealers. Price 25 cents.
