A SERMON ON DRESS

An interesting sermon in the subject of dress was delivered to the young ladies of Main street Baptist church by the pastor, Rev. D. Hutchinson, last evening. He took for his text part of the first verse of the 2nd chapter of Isaiah: "Ye shall also be clothed in beauty." Introducing his subject, the preacher said that he had been informed that it had become a custom to dress in a way that he did not know why it should. Dress was one of the oldest subjects of which we have any knowledge. One of the first things God did for man and woman was to provide them with suitable raiment.

In the course of his address he criticized women who go in for curling and baseball, and who attend ring bouts; and compared the virtues of women to beautiful garments.

The church was crowded and the discourse much enjoyed.

HE WAS IN HARD LUCK

Foreigner Returning From the West Who Had no Food or Money for Himself or His Family.

On the Atlantic express this morning were a number of foreigners who were returning to their different homes from the wheat fields of Canada.

Most of the foreigners seemed to be in good circumstances, and their appearance showed a prosperous fall in the west.

One man, however, who was accompanied by a wife and child, a little girl no more than two or three years of age, was penniless, and the mother and child were in great need of food.

An I.C.R. official found the three seated on a freight truck and asked them on which train they were going to leave. The foreigner replied that he was going to Halifax, where he had landed on a steamer some three years ago. He produced his ticket, and was shown to the train and put in a third-class car. In the car with them were some other foreigners, who, by their appearance, had plenty of coin and plenty of food.

Before long the mother and child were being fed. When the train pulled out of the station a happy grin was visible on the little girl's face, as she munched away at the food given to her.

A brakeman on the Atlantic express said that the foreigner had told him that he had been in a hospital in the west for nearly two months, and when he left had only the price of three tickets in his pocket.

Henry Lovett was fined \$8 or 20 days for doing his capacity against his third, and George McQuillen was fined \$8 or two months for a similar offence.

John Leggett, who was arrested last Tuesday, charged with drunkenness, was again in court this morning having been in on remand. He was fined \$4 or 10 days, though he may have appeared intoxicated that he really was not, as according to his own story he drank only half a pint of gin after receiving some wholesome advice from the magistrate he was allowed to go on suspended sentence.

PERSONAL INTELLIGENCE

Mrs. H. T. Puley, wife of the rector of Aylford, N. S., who has been ill at the hospital of Halifax for some time, is improving rapidly and expects to be able to leave the institution by the end of next week. This will be good news to her many friends.

Mrs. George J. Babcock will receive her friends on Wednesday afternoon and evening at her residence, 88 Portland street.

Percy Turnbull, formerly of the Union Bank of Halifax at Digby, has gone to Winnipeg to enter upon his duties in the employ of the Union Bank of Canada. He spent a few days in this city previous to his leaving for the west as the guest of his brother, Eber H. Turnbull.

SHORTHAND WRITER

An applicant for a first-class position as stenographer must be a good penman, a correct speller and quick and accurate at figures. He must also have a thorough knowledge of grammar, punctuation and practical geography—he capable of taking dictation at a speed of not less than one hundred words per minute and transcribing same neatly and correctly on 50 typewriter at a speed of from 40 to 50 words per minute; besides being familiar with copying and filing letters, indexing letter book, etc., etc.

Employers of stenographers demand all of these qualifications, and the Currie Business University Ltd. endorses that demand by supplying that class of shorthand writers—hence the reason why this school is filling the first-class positions. A person's common sense will say that the above outline of study cannot be mastered in a few weeks.

THE ELAINE'S TRIP

The steamer Elaine left Gagetown this morning at five o'clock, calling at Wickham on the way down. She took up a very heavy freight on Saturday evening, besides about 100 passengers.

The butchers and grocers who sell cut meat have been notified by City Treasurer Golding that they must pay a license fee of five dollars before December 4th. The by-law was passed by the council last year, but has never been enforced.
