ST. JOHN SOLDIER WAS
KICKED IN FACE BY A
HORSE; ALL RIGHT AGAINMurray Cowan Was in Hospital
For Two or Three Weeks

An interesting letter written just prior to the departure of the Canadian troops from England, has been received by Joseph O'Brien of the warehouse staff of Yassie & Co. from a former associate on the staff, Murray Cowan of North End, now with the Divisional Ammunition Column, presumably in France. The young soldier wrote that he had recovered after severe injuries received some time previous when a horse kicked him in the face. He had confined him to hospital for two or three weeks. He wrote that the St. John boys (probably local lads attached to the hospital staff) looked after him in hearty manner.

On the day after he was hurt his column removed their quarters from Salisbury Plain to Potters, and at the time of writing he and the St. John lads were comfortably located in dwelling houses, which was a relief from the mud and rain of the plain. Young Cowan wrote that he had been appointed mail orderly on the headquarters staff, and was kept quite busy with the delivering of mail matter as the different sections of the column were scattered in their billeting and it meant a daily ride of some fifteen miles to distribute the mail.

PRINCE OBJECTED

Did Not Want to Be Taken to
North End Home

For some time on of the features of the marches of the local soldiers has been a big St. Bernard dog, "Prince", owned by a well known citizen, which trotted proudly along by the side of the men in uniform. "Prince" is popular with the men of the 26th, and has been a frequent visitor at the army. This morning he was there again, and one of the soldiers standing about expressed regret that he could not be taken across as a mascot with the unit. A North End resident who heard the remark offered to care for the dog and started to take the animal home. He placed a rope about his neck and all went well until King street was reached when "Prince" objected and lay down. Efforts to move him farther proved futile. Finally S. M. Wetmore, secretary of the S. P. C., reached the scene and, recognizing the dog and the fact that the North End man had no right to him, ordered the rope removed from his neck, whereat "Prince" brightened joyfully and began crunching happily upon a meat-bone which someone placed before him. Nor did he get up until the man who had tried to take him home had departed from the vicinity. Then he was soon scampering freely about, ready to join in another route march of the soldiers with whom he is so popular.

FRANCE BEGINS A
FIGHT AGAINST LIQUORFirst Stage in Chamber of Deputies
is Limiting Number of Bars

Paris, Feb. 19.—The fight against alcohol was resumed in the Chamber of Deputies yesterday, when the question of prohibiting the opening of new bars or of any establishment where liquor is sold was considered. The sentiment in the Chamber is in favor of prohibition. Many of the deputies attacked the liquor traffic, and said the time has come when combat alcohol in all its forms. They declared that the limitation of bars was only the beginning of the fight.

WESTERN ACTION AGAINST
NEW GLASGOW COMPANY

Regina, Feb. 19.—Claiming \$25,000 general damages, and \$800 special damages, the Western Trust Company yesterday commenced action against the Eastern Steel Company of New Glasgow, N. S., who are building the new power-house for the city. W. W. Dunn was killed at the new power house; the trust company alleges that negligence of the company was responsible for his death. The action is taken on behalf of the widow and children.

FOR THE BELGIANS

THE RED CROSS

New Brunswick Branch Reports
Good Progress

The New Brunswick Provincial Branch of the Red Cross Society acknowledges with thanks the receipt of supplies from the following places:—Lords Cove, Deer Island, two boxes; St. Andrews Red Cross, one box; River Road Branch Red Cross, Woodstock, one box; Smithtown Red Cross, one parcel; Bale Verte Red Cross, one box; St. Stephen Red Cross, one box; Shediac Red Cross, two boxes; Shediac Cape Red Cross, one parcel; Woodstock Red Cross, one box; Hampton Red Cross, three boxes; Moncton Red Cross, one box; Deloit Junction Red Cross, one box; Working Girls' Club, Woodstock, one box; Newcastle Red Cross, one box; Annapolis Ladies' Aid, one box; Bathurst Red Cross, two boxes.

Jan. 30, when the provincial boxes commenced coming to St. John, this branch has received forty-three boxes and fourteen parcels. Three shipments have been made to Halifax on the 8th, 10th, and 17th inst, respectively, forty-seven boxes in all, and every week the New Brunswick provincial branch will be sending forward from ten to twenty boxes of Red Cross supplies, packed in a regular manner and ready for shipment to England. Shipments are made from Halifax very frequently so it will be seen that these will not be long in getting on their way to the front. The efforts which the various branches throughout the province are making to help meet the great demand, are highly gratifying, and those doing the repacking can vouch for the excellence of the articles sent in. During the last three weeks, nearly thirteen hundred pairs of socks alone have come in, not to mention the numerous other splendid things which have filled the boxes, and in every place this work of ministering to the sick and wounded is meeting with a ready response.

Of course the Red Cross Society is also very deeply interested in its hospitals, and when we realize the number of sick and wounded men who are constantly being brought in, we understand how necessary it is that these hospitals should be well equipped in order to do the best possible work and to give to the brave men who are fighting for the care they so well deserve. However to do this money is needed and in large sums. Daily the appeals come to us for more money, and we feel certain that every Red Cross branch and interested individuals will be anxious to help in this part of the work too. A large amount is needed to equip the new Red Cross Hospital, in England, which is to be known as the Duchess of Connaught Canadian Red Cross Hospital, and contributions for this fund will be most gratefully received. Any contributions sent to the local office in Toronto, N. B., treasurer of the provincial branch, and it will be forwarded through this branch to the lead office in Toronto. We are most anxious this appeal should meet with hearty response from the Red Cross workers, and trust that in a very short time we will be able to report that a goodly sum has gone forward for that purpose.

LADY TILLEY,
Organizing president Red Cross for
New Brunswick.

BOYS' CLUB

Social Last Night—Some Athletes Developing

The boys had a jolly good time at the club last evening. There was a fine musical program given by Mrs. A. M. Woodman, Mrs. H. C. Groat and Miss Edith Nasse. The large number of boys present enthusiastically appreciated the musical hour and entered with a zest into the potato race, musical chairs and other games.

Prizes were given. Lynds Piers won the largest number of points, Howard Piers second, Edward Paisley third. The boys were then grouped on the stage and Superintendent C. D. Howard took a large flash light picture of them.

The athletic meet that are held in the club each Wednesday evening are proving a great success. Last Wednesday evening three records were broken. Leslie Calahan winning the high jump, clearing the bar at four feet and five inches. Jonathan Donovan broke his previous record in the rope climb by one and two-fifths seconds. Wes. Parize won the potato race, sawing great speed and finishing with a fine spirit.

Superintendent Howard expects to obtain some gymnastic mats when the boys will have a chance to show what they can do in the running broad jump. A horizontal bar will be added to the equipment also forty pairs of dumbbells. Great interest is shown in the formation of a track team for which the members are now qualifying.

BANK CLEARINGS

AGAIN LARGER

The St. John bank clearings for the week ended yesterday were \$1,256,750. Same period last year, \$1,211,200.
