TWO OFFICIALS OF POST OFFICE LEAVE SERVICE

Joseph H. Ritchie and Chas. W. Magee Had Excellent Records

Today marks the definite retirement of Joseph H. Ritchie and Charles W. Magee from the postal service in which they have given many years of faithful and valued service. Each has been enjoying a rest of relaxation of six months, as is customary before superannuation and this leave of absence period expires with the month of August.

HEAD OF 3 DEPARTMENTS
 Mr. Ritchie entered the service of the Government in the postal department here on August 6, 1875, just a little more than 51 years ago. He has been an excellent official, bringing to the carrying out of his duties a keen interest, and a high order of efficiency, in addition to a pleasing personality that made friends for the service whenever he was brought into contact with the public.

The qualities shown in his carrying out of his duties won him advancement through the various grades and for the last 30 years he has had the charge of three departments in the local post office—head of the money order exchange, of the dead letter office and of the postage stamps bureau. His large number of friends with him many years in which to enjoy freedom from the daily cares of official duties.

HAS EXCELLENT RECORD.
 Only two days' absence from duty through illness in 28 years is the record of Charles W. Magee, of East Saint John, who retires from the Post Office service today. Mr. Magee completed 30 years of service last March, and until he had an attack of pneumonia in the spring of 1925 he had lost only two days from duty. Mr. Magee entered the service in 1896 as a letter-carrier, but for the last few years had been inside sorting mail. He has served the government for more than 30 years, having been employed by the old European and North American Railroad for 23 years before entering the postal service.

Mr. Magee intends taking things easy at his residence at East Saint John, and will enjoy himself with his garden there. He also is fond of hunting and fishing, and hopes to indulge in these recreations. In his younger days Mr. Magee was an active business man and was a member of No. 1 Hose Company at the time of the great Saint John fire.

At the time of his severance from the service on March 1, when he went on six months' leave, Mr. Magee was presented with a handsomely upholstered arm-chair by his brother letter-carriers.

ORPHANAGE FUNDS INCREASED \$91.87

Tea and Sale, Bazaar and Sacred Concert Held to Raise Money

H. Usher Miller, secretary of the N. B. Protestant Orphanage, has received several more contributions to the funds of the institution as a result of money-raising efforts by well-wishers.

Several ladies of the North End held tea and sale in the Sunday school rooms of the Main street Baptist church on Aug. 28 and realized \$63.27, which was received for the maintenance fund of the home. Mrs. F. W. McAlary and Mrs. Charles Wiley were joint general conveners. Mrs. J. R. Cowan was in charge of the ice cream, and Miss Helen Cowan in charge of candy. Mrs. L. Henderson, Mrs. B. Wilson, Miss Alice Morrell, Miss Helen Dunham and Miss Myrtle Erb were helpers.

SACRED CONCERT HELD
 At Carter's Point on last Sunday afternoon there was held a sacred concert at which the collection amounted to \$14.50 and which collection was sent to Mr. Miller, through the kindness of Morton L. Harrison, for the maintenance fund of the home. The program was:
 Doxology.

MANY FLORAL TRIBUTES.
 There were many floral tributes sent by friends at the funeral of William J. Johnson, held from his son's residence, Loch Lomond road, on Tuesday afternoon, in recognition of his worth and in sympathy with those bereaved by his death. They included sprays from Mr. and Mrs. Thomas Nagle, Mr. and Mrs. E. J. McDonald, Mr. and Mrs. C. M. Humphrey, Mr. and Mrs. A. M. Proffit, Dr. and Mrs. F. P. Fleming, Mr. and Mrs. Henry Jones, Mr. and Mrs. Alex. Winchester, Mr. and Mrs. Fred Watters, Mrs. T. P. Jordan, Mr. and Mrs. W. SEE THE FALLS
 At high tides the water of the Bay of Fundy reaches a higher level than the water of the Saint John River, and forces its way through the gorge of the Falls, creating a "water" running up river.

At low tides, when the level in the Bay and River are about equal, the Falls disappear entirely, and the water at the Falls becomes smooth as the surface of a lake. To fully appreciate this wonder of the world should be seen at all three stages.

CAR INTO DITCH
 A motor truck owned by G. R. Kierstead and driven by his brother, Frank, narrowly escaped serious damage yesterday evening when the driving shaft broke, causing the truck to take to the ditch and upset. The driver was shaken up but sustained no injuries. The truck was on its way from Fundy with a load of furniture for Saint John. This was somewhat damaged.

TOURIST TRAVEL CONTINUES.
 Tourists continue to arrive in Saint John in good numbers. If the number of inquiries received at the N. B. Automobile Association information booth in the Royal Hotel can be taken as a guide, yesterday there were 42 inquiries for information received and his morning there were 12 before lunch time. In one day as high as 70 inquiries have been made. A majority of the motor parties are arriving here from the United States, although a few are now on the way back. Some new literature descriptive of Bathurst and vicinity has been received at the booth.

VISIT ST. MARTINS

A writ has been issued against the company. The amount involved, Commissioner Bullock said was between \$700 and \$800. It is the company's contention that it has certain rights in this matter which it is prepared to maintain. The matter now will likely go to court.

NOT YET ADJUSTED.
 The difficulty between the Exhibition Association and the local bands in regard to price for their engagement has not been settled yet, it was reported today. An orchestra is being engaged, but the program by the bands would be in addition to this.

As Hiram Sees It
 THE SETTLEMENT—One of the town fellers went to town yesterday and went to the barber for a hair-cut. "Say," says the barber, "what has you been putting on your head?" "Nothing but cold water," says the feller. "You hain't been doin' nothing at all to it?" says the barber. "Nothin' at all," says the feller. "Well," says the barber, "somechin's happened. I never seen such a change in a feller's head. You hair's in great shape. It's thicker. It's comin' in agin on that place that was gittin' bald." "Well," says the feller, "the only thing I kin think of is that I been goin' around bareheaded quite a lot."

When you folks gits out your next tourist book I want you to put into it that the climate out to the Settlement'll raise hair on a bald head. We orto hev a re-lar run of old baldies here next summer.
