Liberals Manifesto

An election manifesto, declaring that the coalition has broken up in general confusion and discord, leaving behind it an unexampled record of extravagance and failure, was issued yesterday by the independent Liberal party. The manifesto says that both wings of the coalition are responsible for its misdeeds and neither can escape its share of public condemnation.

"Liberalism is not Socialism," says the manifesto. Liberalism repudiates the doctrine of warfare against private enterprise. It stands for: "First, peace and disarmament, made secure through the League of Nations; "Second, prompt revision and settlement of reparations and inter-Allied debts; "Third, drastic economy in public expenditure and abandonment of the policy of military adventures abroad; "Fourth, fulfillment by the community of its responsibility for securing the workers against the hardships of unemployment; co-operation between capital and labor and honest and fair treatment of organized labor as the only basis of industrial peace; "Fifth, unqualified free trade, with the immediate repeal of the safeguarding of industries act and similar protective measures; "Sixth, maintenance of such essential social services as education, housing and public health; "Seventh, political and legal equality for men and women; "Eighth, comprehensive reform of the existing land system, including taxation and the rating of land values; "Ninth, democratic reform of the licensing system; "Tenth, readjustment of the electoral system by the introduction of proportional representation; "Eleventh, recommending to the electorate that it was Liberalism which denounced the recklessness of the government's disastrous and costly adventures in Russia and Mesopotamia and fought the battle of the League of Nations; "Twelfth, interference in trade, the manifesto says the time has arrived to restore Liberalism to its rightful place in the councils of the nation.

MEETING FAVORS FEDERATION OF OUR COLLEGES

Representatives of maritime colleges, gathered in Halifax, yesterday agreed that, subject to a satisfactory solution of the problems involved, it was in the interests of the people of the provinces and Newfoundland that there should be a confederation of the existing higher institutions of learning at Halifax. The report as adopted provided that the colleges removing to Halifax should retain each its name, charters, endowments, property and governing body.

Dr. Foley said that the archbishop of Halifax, the archbishop of St. John's (Nfld.), bishop of Harbor Grace (Nfld.), and the bishop of St. Georges (N.B.), all favored federation. Premier W. E. Foster, speaking for the New Brunswick government, said that he was unable to make any pronouncement until a something more definite than that available today could be submitted. He came to the meeting as an observer, he said.

Delegates to today's conference include: Mount Allison—Senator F. B. Black, Dr. B. G. Borden, Rev. J. W. McConnell, Rev. H. E. Thomas, J. T. Burdill, H. A. Power. University of New Brunswick—Dr. W. S. Carter, Chancellor C. C. Jones. Government of New Brunswick—Premier W. E. Foster.

OPERA HOUSE

Bob Ott Company in Musical Comedy Entertainment "Out of Luck."

"Out of Luck," a musical comedy in which the Bob Ott company opened their farewell week at the Opera House last Monday, scored a success which easily outpoints that of any of their previous productions. The continuous laughter and applause which greeted each sparkling specialty and comedy turn was proof positive that the bill had registered. Everything about the bill is new, the comedy, the songs, the dance specialties and the delightful costumes. The speed is remarkable.

In a whirlwind song and eccentric dance number, Miss Ann Ott easily takes the top of the specialty honor list. Bob Ott in the heavy end of the comedy proved a good mirth-maker. Raymond Marr has already become a favorite for his comedy talent. Miss Florence Breen sings a song of good value, finishing with a peppy demonstration of the Highland fling, in which she is joined by Misses Edith and Anna Breen. Louis Adams, Mary Ott, Fred White and James Gullbridge all gave enjoyable musical turns.

BAPTIST NOTES

(Maritime Baptist.) Word has reached us that Rev. M. B. Furry, who, for a number of years, was pastor of the Cornwallis street church, Halifax, N. S., died in a hospital in Germantown, Penn., on May 6.

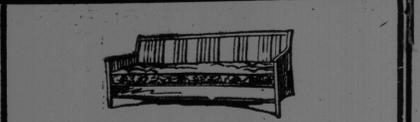

We are under obligation to Rev. W. J. Rutledge, B. D., pastor of the First Baptist church of Whitman, Mass., for copies of the programme of the centennial celebration of the organization of the church of which he is pastor. Pastor Rutledge preached the historical sermon, and the names of three other maritime men appear on the programme as filling leading parts—Revs. York A. King, D. D., A. T. Kempton, D. D., and I. S. Nowlan, Ph. D.

Still another centenary celebration in which a maritime man was deeply interested has been held. It was that of the First Baptist church of Schenectady, N. Y., Rev. Gordon H. Baker, pastor.

For the last two or three weeks, Rev. James Dunlop, a native of Scotland, who has been in pastoral service of recent years in British Columbia, has been in and around St. John. Mr. Dunlop preached on October 8 at Lewisville, and on the 15th in the First Baptist church, Moncton, and spent a week between Rev. W. H. Johnson at Hampton. Mr. Dunlop is a man in his early prime, well educated a writer of grace and power on theological subjects as some of his articles published in The Review Evangelist of Louisville, Ky., testify. We think he would be indicated to settle with some one of our pastorless churches. Mr. Dunlop preached at the Central church, St. John on last Sunday.

FATALLY BURNED AT SWITCHBOARD

Electrician's Clothing Reduced to Ash and Flesh Burned from Body—Died Later in Hospital.

Montreal, Oct. 25.—Coming into contact with an electric wire of the switchboard in the new power house of the Harbor Commission of Montreal, at the foot of Beaudry street, one morning last week, Claude Smith, 28 years of age, suffered burns that caused his death.

Flesh Burned Off. Information obtained by Captain Rondeau of the Harbor Police, was that Smith, who was employed at the new power house as an electrician, had climbed to the switchboard and was alone at the time of the accident. None of the other employees was able to tell Captain Rondeau exactly how the accident occurred; their attention had been drawn to Smith when they heard a shout. They went into the switchboard room, found Smith lying in a semi-conscious state on the floor, and called the ambulance from the Montreal General Hospital. The flesh on Smith's body from the abdomen to the toes was burned off and his clothes were reduced to ashes.

When the hospital doctor examined Smith it was found that there was no chance of saving his life, but he was removed to the hospital and everything possible was done for him. Smith quickly lapsed into unconsciousness and died at 8 o'clock.

LONGFELLOWS SON LEFT AN ESTATE OF \$509,901

FIND POT OF OLD COINS.

Somerset, Ky., Oct. 24.—A pot of gold coins of early English date was found on the farm of Dave Jones, near here. State officials, who are holding the money pending investigation as to the original owner, estimated the pot contained \$48,000 at present gold prices.

Local architects appeared last evening before a meeting of the permanent home committee of the New Brunswick Protestant Orphanage and discussed plans for the erection of the new modern orphanage to be erected near the Manchester property in the Manawagonish road. The meeting was held in the office of L. P. D. Tilley who presided. Adjournment was made until early in November to give the members of the committee an opportunity to study the methods of the modern orphanages in the United States and Canada with reference to buildings.

Bread Below Cost

For many months Robinson Bread has been baked, thousands of loaves a day, and sold below cost. More of nature's finest foods have gone into Robinson Breads and more pains have been taken with its process. It has been the aim, regardless of expense, to have the Robinson Loaf known as the Healthy Loaf, the Master Loaf, the loaf that is man-planned and machine-made, scientific and sanitary and yet "homey."

At no more cost you have in Robinson Bread MILK, more sugar and more shortening, while the flours are unquestionably the finest made. The extra expense of these extra ingredients, in which economy has so long been sacrificed to quality, has cost us more than our profit over many months—to put the facts plainly. But it has been wonderful advertising.

Take advantage of the bread economies offered you at the expense of
