### TIME CHANGES ON CANADIAN NATIONAL LINES

Effective May 1 New Time Table Will Be Issued—Sunday Train to Moncton—Double Service to Prince Edward Island.

Changes of time schedules effective May 1 on the Canadian National lines affect only a few of the trains in and out of St. John station.

The double daily service to Prince Edward Island will start on Monday, May 2, and connections for the first trip of the steamer will be by No. 18 train leaving at 7:10 a. m. and connecting at Sackville with train for Tormentine leaving at 1:15 p. m. No. 14 train, which will leave at 1:30 p. m. instead of 1:40 p. m. will connect at Moncton with No. 2 Ocean Limited, and connection is made at Sackville with train for Tormentine leaving at 8:25 p. m. instead of 8:35 p. m. No. 19 train, the Maritime express, connection from Moncton, will arrive at 1:45 p. m. instead of at 12:15 noon.

The Sunday trains between St. John and Moncton will be restored. No. 50 will leave St. John (Sunday only) at 9:00 a. m., arriving at Moncton at 1 p. m., making all local stops. No. 49 will leave Moncton at 4:45 p. m. and arrive in St. John at 8 p. m. These trains afford connection at Moncton on Sundays with the Ocean Limited both for Montreal and for Halifax.

Other trains are unchanged. The suburban trains will run one hour earlier on and after May 21 on account of the daylight saving time. 5-6

**The Barnet Refrigerator**

Of all articles of home equipment the refrigerator stands second to none in importance. Its selection should be made only after the most careful study.

The Barnet has repeatedly demonstrated its superiority to such good effect that it is today conceded to be North America's finest household refrigerator. It is in active demand all over Canada, as well as in the United States and Great Britain. And it is made in Canada by Canadian workmen with Canadian capital from Canadian materials.

The outstanding feature of this splendid refrigerator is that it is ALWAYS CLEAN AND SWEET—

No foul odors; no heavy gases; no stagnant air. The Barnet preserves foods in all their freshness for astonishingly long periods. Furthermore one food will not taint another. No more milk reminiscent of fish—no more butter unpleasantly tainted with onions. Everything kept sweet and fresh-flavored, thanks to the Barnet's improved Syphon System of Air Circulation and Ventilation. In consequence, the interior is always bone dry—so dry, in fact, that matches may be kept there for long periods and then lighted on the walls of the ice chamber.

Sizes of Barnet Refrigerators in Stock:

| No.   | Width Outside. | Depth Outside. | Height Outside. | Provision Chamber. | Ice Chamber. | PRICE.   | Ash.     |
|-------|----------------|----------------|-----------------|--------------------|--------------|----------|----------|

### Perry Case Postponed Till Friday

(Canadian Press Despatch.)

Yarmouth, N. S., April 26.—Mrs. Clara Elizabeth Perry, charged with the wilful murder of her husband, the late Captain George H. Perry, on Feb. 26 last, was again remanded to jail, when she appeared before Stipendiary Magistrate Peiton today to hear his decision as to whether the evidence produced by the crown at the recent preliminary hearing in the case was sufficient to warrant her trial on the charge. The stipendiary announced that the court stenographer had finished transcription of the evidence and he would, therefore, refrain from announcing a decision until 10 o'clock next Friday morning.

### SEES PROSPECTS OF NEW INDUSTRIES

That negotiations were under way for the purchase of land on the east side of L'Etang harbor on which oil tanks would be erected was the report that was brought to St. John yesterday by Lewis Connors, who has just returned from a two-weeks' trip to Charlotte county, Mr. Connors said that interests were inquiring for a site, the object being to store all the fuel for the steamers for the harbor, and also for refining purposes.

Another industry that inquiries are being made about, said Mr. Connors, was the erection of a plant at L'Etang for the manufacture of cement. There are vast quantities of lime in the vicinity which would make the finest of cement. If investigations prove satisfactory, Mr. Connors said, before long, it was expected, large works would be erected at L'Etang.

### REVOLUTION PLOT IS NIPPED IN BUD

Former Gunboat Harrier Seized by Customs Officials When About to Sail.

London, April 27.—A reputed plot for a revolution in Nicaragua has been frustrated here by British customs officials who have seized the former British gunboat Harrier just as the vessel was about to sail.

The moving figures in the alleged plot is added, were two Venezuelan generals who had been very active between London and Paris. They were shadowed for months.

The Harrier was seized at her Swansea dock with papers declaring her destination to be Bluefield, Nicaragua, but it is believed the vessel was intended for a revolutionary gun-running expedition. A warrant was nailed to the mast declaring the vessel was "fitted to be used against the dominions of a friendly state."

The Harrier, which was purchased from the board of disposal for \$200,000, was found loaded with a quarter of a million dollars' worth of guns and ammunition. She flew the Nicaraguan flag.

### COIN FOR TWO YEARS IN THROAT REMOVED

Scranton, Pa., April 27.—From the esophagus of a thirteen-year-old girl, Drs. F. J. Bishop and F. P. Hollister, local surgeons, have removed a silver quarter that had been embedded beneath the girl's breastbone for more than two years. The operation was performed without the use of the knife, the surgeons making use of a ten-millimeter rubber tube with an electric light attached at its lower end. This was forced down the girl's throat and the electric light used in connection with it revealed the blackened piece. When the coin had been located the doctors introduced forceps and extracted the quarter.

### SEVENTY-THIRD BIRTHDAY.

A large number of friends of Mrs. Elizabeth Clark assembled last evening at the home of her daughter, Mrs. Lewis Akerley, 174 Adelaide street, to honor her on the occasion of her seventy-third birthday. Refreshments were served and a very enjoyable evening was spent by the party, who all joined in wishing Mrs. Clark many more years of happiness. Mrs. Clark was made the recipient of several gifts, among them some substantial cash presents.

### AT 60-MILE CLIP TRAIN CRASHES THROUGH STATION

Cornwall, N. Y., April 27.—The railway depot at Erwin, N. Y., a short distance from here, was completely demolished when a fast Erie Railroad passenger train from Cleveland to New York crashed through it. Only one man, John J. Delaney, a Buffalo baggage man, was injured.

A spreading rail was believed to have caused the wreck, which dented six cars containing 75 passengers.

After tearing through the station, the cars piled themselves against an embankment, all standing upright. This was believed to have prevented loss of life and serious injury. The train was said to be running more than sixty miles an hour at the time.
