## DR. C. M. PRATT IS APPOINTED

The sum of \$800 was voted towards paying the salary of an assistant to Miss Sarah Brophy, nurse of the St. John society for the prevention of tuberculosis, and the appointment of Dr. C. M. Pratt as sub-district health officer to succeed Dr. Ellis, was confirmed at the regular meeting of the board of health yesterday afternoon. John Kelly presided and there were also present Mrs. R. J. Hooper, George E. Blake, Dr. William Warwick and the board officials.

A communication from the Local Council of Women was received, asking that Mrs. E. Flewelling, who is temporarily acting as assistant dairy and food inspector, be made permanent appointee of the board. This matter will be considered when Mrs. Flewelling's temporary term expires.

The thanks of the Victorian Order of Nurses, for the special scales provided by the board for the well baby clinic, was received and acknowledged.

H. A. Dryden, on behalf of the Bakers' Association, asked the board to appoint a man to inspect the local bakeries at certain periods. It was pointed out by the secretary that this work is already being done by the officials of the board and that there is no appropriation to cover the expense which would be entailed by an additional appointment.

Reports were received from Dr. T. Fred Johnston upon the inspection of dairies and slaughter houses; from Miss Sarah Brophy upon the work of the Anti-Tuberculosis Society, and from the superintendent of the Victorian Order of Nurses regarding the work done by that order in child welfare.

The board ordered that a house in Pond street be closed as it has been found unfit for human habitation.

## CHIEF OF POLICE IS DISMISSED

(Canadian Press Despatch.)

Ottawa, July 6.—Chief of Police Joseph Groulx, was dismissed by the Hull City Council last night, and Constable Joseph Henry, who has been a member of the police force for upwards of four years, was appointed his successor.

The discharge of the police chief followed verbal allegations that he had failed to establish discipline in the police department and there were protests from members of the council that the police department had not done efficient work.

## THE LAMBETH CONFERENCE OF BISHOPS

(Associated Press Despatch.)

London, July 6.—At the Lambeth conference of bishops which opened yesterday 242 attended the proceedings. It was announced privately that the first debate was upon Christian unity and international relations, especially the league of nations, while the second debate concerned spiritualism and Christian science.

Thenceforth, the Bishop of Ottawa participating. Today the discussion will be on re-union. The fact that the conference is being held in private arouses some criticism in the press, the principal objectors, rather curiously, being the Daily Mail and the Daily Express which usually are inclined to take more interest in affairs of the moment than the next world. The Express says that the conference has been discreetly bombed for weeks and now the journalists have discovered that it is sitting behind closed doors. They were told that a public conference would limit freedom of discussion daily.

The Daily Mail remarks that it is important to learn whether the church realizes the peculiar complications introduced by aggressive Buddhism, which rejects established moral law. The Mail says that it does not even know whether this point was raised.

## PRESBYTERIAN WOMEN MEET IN SUSSEX

Sussex, July 6.—The thirty-first annual meeting of the St. John presbytery was opened here this evening with fifty-nine delegates present. Mrs. M. H. Manuel presided. Address of welcome, given by Mrs. A. V. Morash, Sussex, was responded to by Mrs. Thomson, of Rotherham. The nominating committee is as follows: Mrs. Thomson, Rotherham; Mrs. Morash, Mrs. J. A. Bain, Sussex; Miss McFarlane, of Fredericton; and Mrs. R. D. Ross, St. Stephen. Committee on credentials: Mrs. Reed, Grand Falls; Mrs. J. B. Magee, St. John. Committee on resolutions and courtesies: Mrs. W. S. Morrison, Hampton; Mrs. Carnworth, Riverdale.

Reports of county vice-presidents were very encouraging. Miss MacLaren, of Moncton, spoke enthusiastically about the Wolfville missionary conference which opens soon and urged young and old to attend as the conference is interesting, instructive and inspiring. The president reviewed the year's work speaking of the unrest of the times.

At the morning session tomorrow addresses will be given by Miss Sinclair, deaconess; Miss Murphy, and others.

The afternoon session will be devoted to young people's work and several interesting addresses will be given at these sessions. In the evening H. Y. Chu, of Korea, will give the foreign missionary address. Mrs. R. A. Jamieson, the home mission address. The concluding session will be on Thursday morning at which reports of committees and election of officers will take place.

## MAY SHUT DOWN PLANTS TO RIGHT COAL SHORTAGE

(Canadian Press Despatch.)

Montreal, July 6.—"So far as we can see," said a prominent coal distributor of this city day, "there is only one thing that can be done in order to allow the mines to catch up with the shortage and get the coal supply put on a firm basis again, and that is for all the plants in the country to shut down, say for five days or a week."

Numerous coal distributors of this city say that during the last ten days the coal shortage has become considerably worse. A short time ago they were at least able to go out and buy coal even though they had to pay excessive prices for it, but now they can obtain soft coal only in the smallest quantities. As the situation is getting worse instead of better as time goes on there appears to be nothing to do but to follow the former suggestion.

STUDENT STRIKE FAILS.

Shanghai, June 1.—(Associated Press Correspondence)—A strike of thousands of students throughout China to compel the Peking government to disclaim all intention of opening direct negotiations with Japan concerning a settlement of the Shantung problem has failed. Leaders of the national student organization in Shanghai attributed its failure to lack of popular sympathy and untimeliness.

Before going on strike student leaders called upon the government to issue a public disclaimer and demanded that the Peking authorities publish all secret agreements made with Japan. The government ignored the ultimatum. About 80,000 Chinese quit their classes in Shanghai and thousands of others went on strike in others of the fourteen provinces. They remained out for a month or more and then called off the strike.

## A VERDICT OF NOT GUILTY IN SYDNEY TRIAL

Sydney, N.S., July 6.—At exactly ten minutes past five this afternoon the jury which for last four days has been sitting at the trial of Mrs. Alice Marinelli, accused as an accomplice to the murder of her husband, returned a verdict of not

guilty. The case has been one of the longest and most sensational in the history of Cape Breton supreme court annals. After the acquittal of Mrs. Koval, on a similar charge on Wednesday last, the case of Mrs. Marinelli was opened on Thursday morning. At ten minutes past four the four-day trial was completed.
