A man had been watching this line all day, but for the minute was absent. Dr. Forbes falled to notice the line and the heavy wire caught the car across the wind shield, pressing it violently back against Dr. Forbes' face, the guy wire striking him on the opposite side of the face. The car was thrown to one side and the wire alone prevented it from going over a steep embankment. Dr. Wardrope, of Sprnghill, was summoned to attend the unconscious man.
