"PEACE IN TEN DAYS" Report Says Turkey Has Made Proposal Relative to Adrianople—Ambassadors To Meet Tomorrow—Meanwhile, Greeks Defeat Turks in Artillery Fight

(Canadian Press) New York, Jan. 21.—A cable to the Herald from London this morning says: "In diplomatic circles little doubt is left that a solution of the problems between Turkey and the Balkan States will soon be arrived at, and it will be in accordance with the desires of the powers."

The next meeting of the ambassadors and Sir Edward Grey will take place here tomorrow, when the French and Russian ambassadors, who are staying with King George at Windsor Castle, will have returned.

The Daily Telegraph's Constantinople correspondent states that a well informed diplomatist said: "We are marching rapidly toward peace, which will be signed in ten days."

The correspondent adds: "I am informed that the Porte has proposed to Sir Edward Grey for communication to the ambassadors here that Adrianople, the holy places and the tombs of the califs shall enjoy extra territoriality and be administered by an Ottoman Prince."

Order to Turkish Women London, Jan. 21.—The Daily Chronicle Constantinople correspondent sends the despatch: "The military commander at Constantinople has just issued a significant order forbidding Turkish women to appear in the streets in attire which is contrary to the religious law and to the national costume."

This winter is marking a great advance over previous years in the extreme dress worn by the younger generation of Moslems. Deft dressmaking has converted the old-fashioned black outer garment into a most attractive costume, which accentuates rather than hides the natural lines of the figure.

This order does not represent a hope that the Turkish women will go back to simple dresses, but it is a sign that the government knows woman's nature too well for that. It is interpreted as a caution against the fashion which is being worn in the cities, which might be harmful to the more advanced members of the Turkish nation.

Meanwhile, a Battle Athens, Jan. 21.—General Spontakias, operating outside of Janina, reports he made a general attack yesterday along the whole front. Artillery firing continued throughout the day. The Greeks finally dislodged the Turks from the hills in front of Brizala, the Turks retreating in disorder towards that place.

Brigade, Jan. 21.—All officers and men of the Serbian army who have been on leave of absence are ordered to return to their regiments immediately.

Wanted Ontario To Take Over The 'Phones Labor Request to Government—Protection of Girls Toronto, Jan. 21.—Provincial control and jurisdiction of telephone systems in Ontario, was strongly advocated by the representatives of the trade and labor campaigns to be Ontario government yesterday.

James Simpson urged the government to prohibit by statute the employment of these girls by Orientals. The evils of this employment had roused a strong tide of feeling in the western provinces and Ontario should join with them to protect the girls.

BAD WEATHER DELAYS TUNISIAN

Liner at Halifax More Than Three Days Late ONE DAY ONLY 96 MILES Dining Saloon Invaded by Waves During Meal Hour and There is Smashing of Crockery and Much Fun

(Special to Times) Halifax, N. S., Jan. 21.—The steamer Tunisian, Allan liner under charter to the C. P. R., arrived in the harbor this morning at 2.30, more than three days late. Like all the other ships across at this time, she reports hurricanes and heavy seas. So fierce were the gales in mid-Atlantic, that at times she could steam only five knots an hour. On Tuesday the run was but ninety-six miles, sufficient indication of how bad the weather was. Four days after this, she made the best run of the entire trip, 322 miles.

On another occasion the ship dug her nose into a big sea and the shock of the rolling tumbled two passengers out of their bunks and slightly injured their arms. There were thirty-eight saloon passengers, seventy-nine second, and 348 third. The mail bags numbered 2,987, and the parcels total 865.

The cargo amounts to about 1,000 tons. The steamer will sail tonight for St. John.

INQUIRY INTO THE STRANDING OF THE STEAMER URANIUM (Special to Times) Halifax, N. S., Jan. 21.—An inquiry into the stranding of the steamer Uranium at Chebucto Head, Captain Estvase of that ship was examined. He said this was the worst voyage he had ever had on the coast. The weather across was very bad. On the Sunday when she struck the rock, it was blowing a gale from the west. At eight o'clock it was very thick. There were soundings every half hour from one thirty to six in the evening. There was no sea on.

They passed the S. S. Empress of Britain at 9.40 on Sunday and got the position of the Uranium at about 10.30. After that and after that altered the course two degrees. He was quite satisfied with his position and soundings, showed fifty-eight fathoms. After eight o'clock he heard the fog whistle of Chebucto Head on the port hand. He put the helm hard aport and when she started the first fog signal he heard was on Chebucto Head. He heard one blast and then went hard aport and almost immediately ran on the rocks. He expected to make the outer automatic buoy. He could not explain why the whistle was not heard sooner.

Millionaire Schenk Is Granted Divorce Winnipeg, W. C., Jan. 21.—John O. Schenk, millionaire pork packer, was granted an absolute divorce from his wife, Laura Farnsworth Schenk, and given custody of the children today in a decision by Justice Kervey.

Miss Schenk was arrested on November 9, 1910, on a charge of attempting to poison her husband by administering arsenic. After a sensational trial, the jury disagreed and the woman was released on \$10,000 bond. The case was not brought up again during three terms of the court and was dismissed according to law. Both Schenk and his wife had filed suits for divorce.

City Will Not Change Agreement on Street Railway Extension The proposed agreement with the St. John Railway Company regarding the extension to Kane's Corner was discussed by the city commissioners at a committee meeting yesterday afternoon, and it was decided to inform the company through the commissioner of public works that they would make any further change in the proposed agreement.

FEED HOMELESS ON HER WEDDING EVE

Miss Helen Gould Remembers Friends of Bowery THOUSAND TO DINE

Presents Come From These She Has so Well Befriended—Only Seventy-Five Guests at Ceremony Tomorrow (Canadian Press) New York, Jan. 21.—"Cattle freeze to death in west"; "First straw out in New Jersey"; "Traffic blocked by snow in Chicago"; "Tulips budding up state." These were headlines contrasted today coincident with an official forecast of "much colder" here.

With the charity at nearly seventy years, Miss Helen Gould, who has been a benefactor of the poor since childhood, today was celebrating her wedding. Her bridegroom was Mr. John S. Shepley, a well-known New York lawyer. The ceremony took place at the Waldorf-Astoria Hotel. Miss Gould had made an army of homeless men in New York happy with the announcement that they will receive a treat tomorrow at her expense. Tomorrow will be the day of her marriage to Finley J. Shepley, of St. Louis, at Lyndhurst, her country home, near Barrytown.

The feast for the poor will be served by trays to 1,000 men in the basement of the Bowery mission, in whose work Miss Gould has long been interested. A musical entertainment also will be provided. Miss Gould decided upon this plan yesterday afternoon while messengers were bringing her home bearing wedding gifts to the hundreds. Some of the packages, it is assumed, came from the Bowery, where she has made many friends by her philanthropic work. One present was a silver dish sent by 275 girls of the Bowery Sewing School.

Miss Gould and her father, and her two little nieces, Helen and Dorothy, who will be flower girls at the wedding, and Louis J. Shepley, who will act as best man for the bride, were the only guests invited to the ceremony. It was learned today that the number of guests invited to the ceremony is not more than seventy-five. The members of the Gould and Shepley families, except Mr. Shepley's mother, who is ill, and old-fashioned members in silk and satin and half a dozen varying shades of gray are the predominant and, in fact, about the only shades, in the wedding tresses of Miss Helen Miller Gould who tomorrow will become the bride of Finley J. Shepley, is barring the wonderful wedding gown, a splendid creation in ivory white, satin trimmed with rose point lace.

Simplicity in cut and modest in price to emphasize the coming preparations of the brides to the Gould millions, that along Broadway dressmakers and milliners are up in arms. The furor of economy that seems to have struck so many wealthy brides recently is declared to be disheartening.

The modistes have not forgotten that Madame Fore, who married the late John Jacob Astor, paid less than \$1,000 for her trousseau. Miss Gould's trousseau, it is said, will come well below that figure. The lace which adorns the wedding gown, although very old and rare, is a wedding gift to the bride. The gown is cut with a court train, and a beautiful rose point veil will completely cover it.

LABOR MAN WINS GOOD WORDS FROM CHIEF JUSTICE They Are Higher Than Last Year—The Question of Morgue At the meeting of the municipal council this afternoon the finance committee presented the estimates for 1913. They gave the figures for 1912 as well, and it was shown that the expenditures last year had been in excess of the estimates, having totalled \$24,427. The estimates for this year are \$27,710; for 1912, \$26,350, showing an increase of \$1,360.

The report of the building committee recommended that the motion passed by the council some time ago to away with the morgue and to have bodies taken to the local undertakers' offices, be rescinded, and it is said that if the city would grant a site, the county would call for tenders to erect a building for the purpose.

The marsh offices for the county for the coming year were appointed. There were no changes in Simonds and Lancaster and few, if any, in Miramichi.

WESTERN CATTLE FREEZING; FIRST STRAW HAT IN NEW JERSEY

New York Temperature Seventy—Hudson's Record of Hundred Years Ago Equalled Today For First Time (Canadian Press) New York, Jan. 21.—"Cattle freeze to death in west"; "First straw hat out in New Jersey"; "Traffic blocked by snow in Chicago"; "Tulips budding up state." These were headlines contrasted today coincident with an official forecast of "much colder" here.

GAN A GIRL LIVE ON LESS THAN \$9 A WEEK?

Ontario House Likely to Take up Matter of Minimum Wages Bill Toronto, Jan. 21.—That there is to be a minimum wage bill for women introduced into the provincial house in the near future, is a matter which has occasioned a bus of talk among members of the Ontario House of Representatives.

At the local council executive meeting Dr. Helen Westlake, made the formal announcement, and it is understood that the university women's clubs, the management of the central neighborhood house and others of the federated organizations particularly interested in the wage question, will redouble their information-getting activities. The opinion of the council appears to be that 80 is the least sum on which a girl can live.

VOLCANO ACTIVE; MEXICANS FLEE

Guadalajara, Mex., Jan. 21.—The volcano of Colima broke into renewed eruption yesterday afternoon. Thousands of people fled. It is not improbable that there has been some loss of life. Hundreds of refugees arrived in this city this morning.

A gale was blowing from the Northwest and this probably saved many of the inhabitants of the surrounding districts, as it caused the flying sand and deadly gases to pass over their heads.

The activity of the volcano decreased during the night, but volcanic dust is now settling on the houses and the streets of this city. The last eruption was in 1903.

The subjects dealt with by the Liberal leader were tax reform and the abolition of the bar, both in their relation to city problems. The former Mr. Rowell connected with the housing question. The lack of housing accommodation in Toronto, Mr. Rowell declared was actually worse today than it was in Germany.

BOSTON JUMPS UP PRICE OF POTATOES

Boston, Jan. 21.—An advance of ten cents a bag on potatoes was made today by wholesalers as a result of a threatened shortage. By reason of the strike on the Bangor & Aroostook Railroad, no potatoes from that source are reported on the way. It is expected that receipts will decline materially later in the week, unless the strike is settled. The abundant crop in Aroostook county last year, has so far kept the price of potatoes low compared with the short age price of last year.

LOCAL NOTES FROM THE WHOLESALE GROCERS

Condition in the wholesale grocery trade as reported as assuming their normal conditions, and business is again regaining the slope in which it stood at the close of the last year, giving the same bright prospects of another successful year. The year 1912 is said to have been the best experienced by dealers in this city, and this is even the more remarkable when it is considered how many of them are in business here in comparison with other cities with a much greater trade in groceries. Collections at present are reported rather slow, but promise to improve.
