AT CITY HALL

Commissioner Wigmore gave a brief report on his trip to Missisquoi, at this morning's meeting of the city commissioners. As a result of his inspection one minor repairs were authorized to prevent further depreciation of the property. The dam will be put in order and a thousand foot flume will be repaired to protect it from the weather. There was some discussion of a slight change in the route of the sewer in that shore but no action was taken. The St. John Railway Company submitted an application, according to the requirements of the law recently pointed out to them, asking permission to spread their gas main up Wright to Spruce d Prospect streets. It is probable that a permission will be given by order of council next week.

Since then it has been lost to sight and its arrival is being impatiently awaited as it is needed for the street work now under way.

ON AN OUTING TODAY The pupils of the Marsh Bridge Kindergarten Mission, accompanied by their teachers, Miss Annie L. Bailey and Miss Edith Emerson, are being entertained this afternoon at the grounds of Mrs. J. V. Anglin, Lancaster, by the ladies of Century church, who have charge of the school. The children and their teachers left in a large buckboard at noon for the scene of activities, where an enjoyable afternoon will be spent. The school closed today for the summer holidays.

FLOUR HIGHER TODAY The price of Manitoba flour went up twenty cents this morning in all grades. It is hardly expected that there will be a further increase, although some dealers anticipate one. No rise is looked for in Ontario patents, and the fact that the latter crop will soon be moving will have influence in keeping down the price. Potatoes have advanced a little. Butter is easier and better samples are being received, while eggs are higher.

A LITTLE BETTER

Montreal, June 13—The Gazette says—The advance in the New York market yesterday with the sympathetic sequel of a sharp stiffening in prices here, came as a big surprise to local brokers, who heard the early London quotations over the telephone at breakfast time yesterday. The outlook was for a depressed if not a stormy day. It was this feature of the situation, as well probably as a certain amount of marginal calls which went out the night before, that accounted for the hesitating to weak opening of the local market, despite a slight rally by C. P. R. in London.

The early movement in a downward direction, bringing a done of the issues into new low ground for the year, was quickly reversed, and the market proceeded to wipe out most of the losses of the previous afternoon, and in a number of cases to establish gains over closing prices of Tuesday.

The influence of the C. P. R. upturn provided the chief impetus, but the better feeling displayed by the general market in New York would have helped the local list even if C. P. R. had done nothing more than stand still.

The news of an easier money market in New York created a good deal of interest here, and some speculation as to any reactionary effect which the change may have on money in Canada. Easy money rates in New York work in time towards greater ease of funds in Canada, but whether the influence will be at all important at this time, owing to the approach of the autumn season and the special features in Canadian money situation at the moment is doubtful.

HOUSEWORK DONE; MOTHER ENDS LIFE

Gets Supper Ready For Husband, Kisses Children Good Bye, Then Suicides

New York, June 13—Mrs. Catherine Kane killed herself in her room, at No. 42 Hope avenue, Passaic, N. J., last night. She was the widow of her husband, John, and her children, two girls and a boy.

She called the children in from play, washed and dressed them in clean linen. Then she kissed them and sent them out to await the return of their father from work. When they were gone she prepared supper, setting the table and placing the vegetables to boil and the meat to cook so it would be ready to serve on the arrival of her husband at his usual time.

When these arrangements had been completed she locked herself in her bedroom and turned on the gas, which she inhaled through a tube.

When Kate and the children entered the house they found the supper ready and the table set, but Mrs. Kane did not respond to calls. Her husband broke in the door of her room and found her dead on the bed with the gas flowing. A physician said she had died a half hour before the arrival of her husband.

Kate, who is a foreman in a long time, said his wife had been despondent through ill health for a long time.

CAMPBELL GIVES FREDDIE WELSH QUITE A BATTLE

Vancouver, B. C., June 13—Ray Campbell gave Freddie Welsh, British light weight champion, a great argument over a fifteen round route last night. Although he had a big hand then until Welsh's work was disappointing, while Campbell surprised the fans against a limited success.

Welsh had it all over his opponent in fighting, but Campbell showed best at long range. The bout was a short uppercut caught Campbell on the point of the chin and dazed him for a few seconds, but he came back and was fighting strong at the finish.

For Two Years. SUFFERED SEVERE PAIN IN THE BACK.

Many people fail to understand the significance of a lame, weak, sore or aching back.

When the back aches or becomes weak it is a warning that the kidneys are affected in some way.

Take notice to the warning and cure the backache on the first sign, for if you don't do this, serious complications are sure to arise, and perhaps develop into Dropsy, Diabetes or Bright's Disease, the three most deadly forms of kidney trouble.

Doan's Kidney Pills go right to the seat of the trouble, cure the back and prevent any further trouble from the kidneys.

Mrs. D. J. McInnis, Carleton, P.E.I., writes: "For two years I had a severe pain in my back. I was so bad that when I would stoop down I could not straighten up for quite a time. I got a box of Doan's Kidney Pills and they helped me so I kept on using them until I had used three boxes, and now I am completely cured. I think they are the only remedy for disordered kidneys."

Doan's Kidney Pills are 50 cents a box, 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price to The T. M. M. Co., Limited, Toronto, Ont.

When ordering direct specify "Doan's."

VERDICT OF GUILTY IN "HEADLESS MYSTERY" MURDER IN WOONSOCKET

Jury, After Long Trial and Eight and a Half Hours of Deliberation, Convict Deslivers

Providence, R. I., June 13—A verdict of guilty of murder was returned by a jury against Henri Deslivers, charged with having killed and decapitated Mrs. Angèle Parmentier in Woonsocket on June 4 last year. The jury was out eight and a half hours.

The case has been known as the "Woonsocket headless mystery". Deslivers and Mrs. Parmentier came to Woonsocket from Roubaix, France, three years ago, and went to work in the mills.

On June 25 of last year the headless body of a woman, with arms and legs tied and weighted down with stones, was taken from the Blackstone river not far from Deslivers' residence.

A few days later a bundle of clothing which was later identified as having been worn by Mrs. Parmentier, was found near the spot and Deslivers was arrested. The head was never found.

Deslivers pleaded not guilty and was indicted. More than six months later he was freed on a habeas corpus writ, the state having failed to bring him to trial within the six months' limit as prescribed by law.

Before he left the court room he was arrested on a statutory charge, and a special grand jury which was immediately summoned, reindicted him. The trial was begun four weeks ago.

Deslivers' defence was that the woman had left him to go back to France and the reason she had not been heard from was because she did not want him to know where she was so that he could not take her back. The defence contended that the headless body was not that of Mrs. Parmentier and sought to establish an alibi. More than 50 witnesses testified, including the defendant who was
