ADJUSTING BEGUN

The work of adjusting the loss in connection with the recent fire in Waterloo street in the Globe laundry building, has begun. Yesterday the loss of P. J. Gorman was fixed at \$1,780. The losses in the cases of the others have not yet been decided upon. Edgar Fairweather and F. S. Whitaker are acting as adjusters on the Globe laundry property, and also on Mr. Gibbs' barber shop.

A PLEASANT EVENING

A very enjoyable bridge party was given last evening at the residence of Miss E. McDermid. Dinner was served in honor of Miss Opal LaBilios. A large number of young people were present. The gentlemen's prize, a volume of Shakespeare, was won by C. Morgan. The lady's prize, a cut glass bon-bon dish, was won by Miss E. D. Foster. After bridge dancing was enjoyed. Miss LaBilios will leave for home tomorrow.

FINISH GERMAIN STREET PAVING NEXT WEEK

Object Lesson for City Public Works in Rapidity of Work

Mr. Lowe expects, if the weather is favorable to have the paving of Germain street finished a week from next Saturday. Remarkable progress has been made in the last few days. This afternoon the binder which is laid upon the concrete foundation is being placed on one section. A plant for its preparation has been placed on a vacant lot in Canterbury street, and carts are busy hauling it to the place required.

Residents of Germain street are highly pleased with the progress made and the fine appearance of the new sidewalks. The rapidity with which the work is being done should be noted by the public works department of the city. It is an object lesson.

BOTH ARRESTED

Man and Woman Taken in Charge in Brussels Street; He Makes a Fight

William Moore, in the police court this morning, could remember very well that he had been intoxicated last night in Brussels street, and also that he had been "making eyes" at Miss Annie Deberry, who was also in the same state and street, but his memory was not so active when he was charged with resisting policeman O'Neil and Perry.

The man and woman were taken to central police station when found together in Brussels street, and both were remanded this morning. Perry gave evidence that Moore had resisted, being taken to jail, which could hardly be termed gallant since his fair companion was to receive the same treatment.

Win Lewis was fined \$4, Murray McLean, 88, and John Mullin, remanded on charges of drunkenness.

HALIFAX FOOTBALL PLAYER SUGGUMBS

Halifax, N. S., Nov. 10—(Special)—R. W. McLellan, the half back of the Wanderers football team, who was injured on October 29, while playing in a match against Dalhousie University, died this morning. He was twenty-four years of age, a graduate in arts of Dalhousie, and gave promise of a most successful career. He was the son of Post Office Inspector McLellan.

LADS CONCERNED IN STREET THEFT DEALT WITH IN POLICE COURT

Arrest of Three Who Took Part in Stealing Miss Flaherty's Satchel With Money in It

Three youthful prisoners, George Taylor, Robert and Lester Cobham, aged eight, eleven and twelve years respectively, appeared before Judge Ritchie this morning in the police court on a charge of stealing from Miss Margaret Flaherty, a satchel containing \$5.06, two neckties, and some papers. The young fellows with expressions of contrition on their childish faces, confessed that they were guilty of the theft, or concerned in it.

The satchel was stolen on Monday night in Garden street, as told in the Times on Tuesday. Young Taylor took it while the attention of Miss Flaherty was occupied by the other two. Young Taylor ran with the satchel, containing the money and other articles, but dropped it, and the elder Cobham boy picked it up.

When it dropped, however, sixty-five cents fell out, and this was found and returned to the owner. Yesterday afternoon Detective P. F. Kilen, who was working on the case with hardly any clue to aid him, as even Miss Flaherty could not identify the boys, with Policeman Ward, arrested the trio and as a consequence Miss Flaherty's loss will be made good. The parents of the lads were told this morning that they would have to restore the missing \$5.01 and were also criticized by His Honor for allowing their children on the streets at night.

Truant Officer McLabon laid a complaint against the Taylor lad that he had not been attending school regularly, and the judge warned the boy that he must improve or else he would never amount to much. The three boys were allowed to go on suspended sentence, with the understanding that their parents were to restore the property.

SEES HIS NATIVE CITY ON THE EVE OF GREAT DEVELOPMENT

Gilbert O. Bent Here from Boston on a Visit After Fifteen Years in States

"St. John is on the eve of great things, and I think that our hopes are about to be realized, and not only will this be a great port, but a manufacturing centre." This statement was made by Gilbert O. Bent, who arrived in the city yesterday after fifteen years residence in Boston.

Mr. Bent is a brother of F. G. Bent of Gilbert, Bent & Sons, wholesale grocers, South West and left St. John in 1894, and has since been located in Boston, where he is engaged in literary work. Mr. Bent said he saw many changes during his absence and St. John seemed brighter and more modern. "There has been good substantial progress which is a forerunner of what is to come," said Mr. Bent, and he gave expression to the opinion that St. John was on the eve of great things.

"With the general progress of Canada, it would be impossible for St. John to be in the back ground. I think that Canadians should not fail to realize that there is an east as well as a west. On the other side of the line they are beginning to recognize the importance of Canada. It was thought at one time that, by shutting off commercial relations, Canada could be forced into union politically but this idea has entirely passed away."

Mr. Bent said that while Canadians living in the United States thought it better to become citizens, they loved to look to Canada as their home. There were few, if any, who entertained the idea of annexation and he had never heard Canadian independence discussed.

Accompanying Mr. Bent to St. John, was his sister, Mrs. A. L. Palmer, who has been visiting him in Boston.

FIX HYDRANT AND IMPROVEMENT IN PRESSURE COMES

This Announced as Result in Market Square Water Supply—No Loch Lomond Service Tomorrow

It is expected that the recent unsatisfactory tests of the water pressure about the city will be the subject of an interesting discussion at the next session of the water and sewerage board. Workmen from the water department were busy yesterday and today making some changes and repairs to the hydrants at the corner of King and Canterbury streets and on Market sq. It is thought that faulty hydrants may have been responsible for the poor pressure at these points. It was stated that yesterday after some work had been done at the hydrant in Market square, a pressure of sixty-five pounds was registered, whereas the day previous, only forty-five pounds was shown.

Engineer Murdoch said this morning that the Loch Lomond water supply would be turned off tomorrow, Friday morning about 8 or 9 o'clock, and the Little river reservoir supply would be turned on. People on the high levels about the city are advised to draw off sufficient water to last for two days. The engineer expects to be able to make the necessary repairs in that time.

A large gang of men have been engaged for several days digging a trench about 300 feet long, so as to uncover all the weak spots in the conduit, and all is in readiness to go ahead with the work. The leakage is about 20,000 gallons a day. The Little River supply will be sufficient for the lower levels about the city, but on the higher levels there will be a shortage.

You Won't Feel The Cold This Winter if You Are Supplied With a Glenwood Range or an Oak Heater

You can keep your house warm this winter if you have the right stoves in the right places in your house. A Glenwood Range in your kitchen will make it warm and your cooking easy and it won't use as much fuel as an old stove. You will be in money by changing your stove this fall, don't wait till spring. Remember that old stove is wasting fuel and you don't get the heat you should. Buy a Glenwood Range and you will make no mistake. Our Oak Heaters are made in two sizes, 14 and 16, they are A1 in every way. They shake on the side so that you can close up your drafts when shaking, avoiding dust flying all over. The gas consumer in fire pot is another good feature of the Glenwood Oak.

For Any Man Can Buy at OAK HALL as good a Suit or Overcoat as \$25 or \$28 will buy anywhere else

Easy enough to prove this assertion by seeing what you can buy elsewhere for \$25 and \$28.00, and then comparing it with what you can get from us for \$20.

We are sure of our ground. We know what sort of Suits and Overcoats are being sold at \$25 and \$28 in other stores, and we know ours at \$20 are just as good.

You see, when you buy from us you buy directly from the makers, and you get the clothes at practically the same prices other stores must pay at wholesale. This accounts for the difference. And no other store can show such a wide variety of new Styles, Fabrics, Patterns and Colors as you can choose from here.

Men's Suits, at \$5.00 to \$35.00
Men's Overcoats, 6.00 to 30.00
