George G. Halcrow, member for East Hamilton in the Ontario House, who has introduced an amendment to the address from the throne, demanding immediate discussion of redistribution of electoral districts.

WINTER SPORTS.

To the Editor of The Times:
Sir—It would appear to be an opportunity time to bring to the attention of all the fact that a very important and much indulged in winter sport does not receive the attention it should from promoters of winter sports. Skating, hockey, basketball, bowling, boxing and even events in hill coasting were successfully carried out during Carnival Week, but a very popular sport and one which is gaining in favor daily during this season of the year, snow-shoeing, was over-looked. To this might be added skiing. These sports figure largely in all Carnival events throughout the country, and there is no doubt that if they were given due consideration by those handling winter sports, the public could enjoy some live competition for supremacy in these lines.

Thanking you for your valuable space, which I trust you will find convenient to allot to me,
Yours respectfully,
R. S. G. HANSEN.

HUGE HOTEL FOR CHICAGO.
Auditorium is to be Displaced With a \$15,000,000 Structure.

Chicago, Feb. 20.—An announcement of a \$15,000,000 skyscraper hotel, auditorium and banking building to rise on the present site of the Auditorium Hotel and theatre is included in a friendly suit filed in the Circuit Court by the Chicago Auditorium Association Company. The action seeks judicial interpretation of the leases of the fee to establish the right of the association to supplant the present structure with a modern one.

Famous for thirty-five years as the rendezvous of nationally-known politicians and foreign celebrities, the Auditorium Hotel has become obsolete and unfit to compete with modern hotels.
