Ask Board of Trade About Business Matters—Big Game Regulation.

Among the trade inquiries received by the St. John Board of Trade from the Commercial Intelligence Department are one from a San Domingo commission house that wishes to represent Canadian paper mills manufacturing wrapping paper, paper bags, cartons, etc.; one from a London firm of timber brokers inviting quotations on cull birch in monthly shipments, and on standards of cut New Brunswick spruce, and one from a German house that wishes to get in touch with Canadian exporters of canned lobsters and salmon. The addresses of these several enquirers are at the Board of Trade office.

Mothproof—A Destructive Pest is Defeated At Last!

MILLIONS of dollars are lost yearly to Canadian families through the destructive activities of the house moth. With the introduction of Snyder's "Sani-bilt" Guaranteed Mothproof Upholstered Furniture, the moth is banished from upholstered furniture, one of its favorite breeding grounds.

Moths cannot live or breed in the fillings or coverings of Snyder's "Sani-bilt" Mothproof Furniture. We stand behind this statement in the sweeping guarantee here reproduced.

"Sani-bilt" Furniture is made mothproof by a remarkable scientific process. We believe that the preparation used in this process is the only mothproof solution that contains no arsenic or bichloride of mercury. It is, also, colorless, odorless and will not evaporate.

All materials used in making "Sani-bilt" Furniture are brand new (not renovated), are clean, fresh and sanitary. The construction is strong and of such excellence that it ensures comfort of the permanent kind.

Wouldn't you like to drive the destructive moth from your home? Begin right. Purchase a guaranteed mothproof "Sani-bilt" suite of upholstered furniture. The prices are moderate and cover a wide range of furniture suitable for the most modest or the most luxurious home. Every suite of genuine "Sani-bilt" is well built, has brand new fillings, is comfortable and is guaranteed mothproof. Now sold by the leading stores throughout Canada. Look for the trade mark under the cushion.

While we can magnify the size of the moth, we cannot magnify the colossal extent of the yearly damage created by this pest.

While up it bobs again another day as defiant and destructive as ever.

Half the work of Glasses is to put the quietus on headaches for good and all.
