

C. MAGNUSSON HAS RETURNED

Saint John Man Will Report on Immigration to Government

Visits Scandinavia and Other Sections and Speaks of Conditions.

Charles Magnusson, head of the firm of Charles Magnusson and Son, arrived home yesterday after three and one-half months spent in Europe on N. B. immigration mission. Magnusson stated that he had nothing to say until after his report to the provincial government. He visited England, France, Belgium, Holland, Germany, Norway, Sweden and Denmark.

As regards Europe he said business conditions were generally fair but that some countries were better or worse than others. Talking of Germany, he confided the most of his remarks to the recent presidential election. Von Hindenburg, he said, was elected on account of his strong leadership qualities and not on a war-horse.

SCANDINAVIA
Russia also appeared to be becoming more normal in business affairs. The government had realized that something had better be done quickly and were lending their utmost to improve commercial relations. Sweden did business with them, Mr. Magnusson stated, but exacted payment in English gold. Although Denmark is a great deal of money through speculation, Mr. Magnusson remarked that business was picking up and that before long he hoped to see the country back to normal. Copenhagen is enjoying prosperity at present and it is hoped that this prosperity will spread to the rest of the country.

Norway, Mr. Magnusson said, was none too well off financially but its people were clever in business and were looking for improved finances soon. "Sweden is the America of Europe," Mr. Magnusson remarked. Swedish money was at par and export business was humming right along. Timber exportation was greater than it had ever been and thousands of tons of iron ore were being shipped out of the country weekly. Wage-earners were well paid and enjoyed the comforts and luxuries of life. Education appeared to be highly valued in Sweden and Mr. Magnusson said that it was a familiar occurrence to be addressed in English by shop-girls.

HAIG WILL COME TO N. B. IF POSSIBLE

Replies to Invitation Sent by Premier Veniot on Province's Behalf.

OIL IS SOUGHT ON P. E. ISLAND

New York Company Given Option in License from Government

NEW YORK, May 26.—Henry L. Doherty & Company have been granted an option from the U. S. Geological Survey to explore for oil and gas on the P. E. Island. The property consists of some 1,400,000 acres. Geologists are on their way to the island to commence a survey of the most promising districts of the island. A statement by Henry L. Doherty & Company said that the geological and structural conditions of P. E. Island are similar to those in the most prominent oil fields in a general way. On the neighboring mainland natural gas and oil have been produced on a small scale some years past.

ONCE PAID BOUNTY.

formerly the Dominion government paid a bounty of 25 cents a barrel on all oil produced in Canada in order to stimulate petroleum exploration, the statement remarked, but a later dispatch from Ottawa says that this bounty has been discontinued since the Dominion government has obtained special concessions from the Government. It is thought that the Government will receive no bounty on its production.
