some of the Life Insurance companies claim that they have the best plan because it is the Sheppard Home's plan.

THE MUTUAL RELIEF SOCIETY OF NOVA SCOTIA.

THE members of the Society are hereby informed that, notwithstanding the recent competition offered by the large number of Life Insurance Companies which are so ably represented by their respective Agents, the amount of new business for the first three months in 1895 being Four Hundred Thousand Dollars, will compare favorably with the amount done by any Life Insurance Company doing business in Nova Scotia and New Brunswick.

Individuals desiring insurance are invited to make a comparison between the merits of the Society and other Companies before giving an application.

11 Main Street, Saint John, N. S.

Read This, and Consult Your Own Interests!

The Best Soap in the World!

For only Two Cents a Pound!

Saves the Hands, Time, Clothes, Labor and Expense.

Why Canadian L. S. L. Soap Should be Used by Every Housekeeper!

Because it saves more than one-half the labor of washing, and the ordinary wearing out process of rubbing the clothes to pieces on a board.

Because it is the cheapest for all purposes for which it is used, it costs but a trifle to make, and is easily made.

Because it is the best article known for removing Paint, Grease, and stains of all kinds, and for cleaning the most delicate fabrics.

For Ladies to Read!

For House Cleaning.

For Laundry and Kitchen Use.

Just think! No scalding or boiling! No suds on washing! Never wet!

Now can it be made so cheap? I will tell you. The first cost of an article which will sell for 10 cents is consumed over one or two cents.

Now the question is, can you afford to pay 10 to 15 cents every week for three quarters of a pound of Soap, or even to use the common home-made soft soap, when at a cost of only Two Cents you can find you can use a soap that is nice, white and clean, and at the same time does the work you can do with all the soap you can get?
