Well Dressed Children Where Diamond Dyes are Used.

Mothers who wish to save money, and who are economical in home management, are not obliged to buy clothing for their children as frequently as some mothers do. This saving of money is due to the fact that the economical mothers are regular users of the wonderful Diamond Dyes that always make old things look as good as new.

The Diamond Dyes show such a variety of standard colors that mothers can now dye any of the fashionable colors and shades seen in the new autumn dress goods. At the very small cost of ten cents an old dress can be made stylish looking and serviceable for a long time.

If mothers would have success with home dyeing they must use the Diamond Dyes at all times. All imitations and mixtures of soap and coloring matter should be avoided with care, as they are ruinous to good materials. Diamond Dyes are the best in the world; they are pure, strong, brilliant and last forever.

D-O-D-D-S

THE PECULIARITIES OF THIS WORLD.

No Name on Earth So Famous
—No Name More Widely
Imitated.

No name on earth, perhaps, is so well known, more peculiarly constructed or more widely imitated than the word DODD. It possesses a peculiarity that makes it stand out prominently and fastens it in the memory. It contains four letters, but only two letters of the alphabet. Every one knows that the first kidney remedy ever patented or sold in pill form was named DODD'S. Their discovery startled the medical profession the world over, and revolutionized the treatment of kidney diseases.

No imitator has ever succeeded in constructing a name possessing the peculiarity of DODD, though they nearly all adopt names as similar as possible in sound and construction to this. Their foolishness prevents them realizing that attempts to imitate increase the fame of Dodd's Kidney Pills.

Why is the name "Dodd's Kidney Pills" imitated? As well ask why are diamonds and gold imitated. Because diamonds are the most precious gems, gold the most precious metal. Dodd's Kidney Pills are valued because they are the most valuable medicine the world has ever known.

No medicine was ever named kidney pills till years of medical research gave Dodd's Kidney Pills to the world. No medicine ever cured Bright's disease except Dodd's Kidney Pills. No other medicine has cured as many cases of Rheumatism, Diabetes, Heart Disease, Lumbago, Dropsy, Female Weakness, and other kidney diseases as Dodd's Kidney Pills have. It is universally known that they have never failed to cure these diseases, hence they are so widely and shamelessly imitated.
