

MOODY'S SHORT SENTENCES.

Many a backslider never sild very forward.

Everything in the world but the human heart obeys God.

A man can do more business if his head is cleared by prayer every morning.

Many think it is the Bible that says: "Do as the Romans do."

A purpose in the head and not in the heart does not last long.

"Polley" was not the dictionary that Daniel studied.

A man can not live for God in any age or country without enemies.

Many people seek an experience instead of Christ.

If I could understand the Bible I should give up the idea that it was divine.

Satan gets people into the cradle of an excuse and rocks them to sleep.

A TREMENDOUS BILL.

At a great mass-meeting held in Southampton last month, Mr. Donald McLean, of Cardiff, called attention to the increase in the national expenditure upon strong drink. He said: "The drink bill for the year ending March, 1902, was no less than £189,000,000. That was a sum more than equal to the total annual value of every building in the United Kingdom, including the Royal Palaces. Much has been said of the housing problem, but if this drink question was properly tackled, everybody could have a house to live in, rent free from one end of the land to the other. That sum was more than the amount paid for the cost of passengers and goods and the upkeep of the railways. Although we had spent over £300,000,000 on the South African War, now happily concluded, no less a sum than £450,000,000 had been spent on drink, and more men were slain by it than unhappily were in the war."

WHY I AM A PROHIBITIONIST.

1. Because I desire to suppress the saloon, which I look upon as the greatest political, social and moral curse of the age.

2. Because prohibition seems to me the only method by which this can be accomplished.

3. Because to license is to throw around the saloon the protection of law, and establish and protect by law the very evil which I desire to suppress.

4. Because the license system implies, for a money consideration, the granting a privilege to engage in what is an acknowledged evil.

5. Because if it is an evil, money and license cannot make it right.

6. Because to grant a monopoly, for money or through favoritism, is contrary to right and to the spirit of our institutions.

7. Because if keeping a saloon is a legitimate business, all persons who desire and have the means should be allowed to engage in it.

8. Because to license it for money is to grant an indulgence for the sake of a public revenue.

9. Because I cannot conscientiously support either of the parties which favor and sustain the saloon.

10. Because moral suasion alone, unaided by the law, will never suppress the saloon.

11. Because public opinion will never be educated to the point of prohibition so long as the saloon is licensed and protected by law.

12. Because from the saloon emanates the greater part of the crime, as well as the miseries of life, nearly all of which would disappear with enforced prohibition of the liquor traffic.

13. Because if by my vote a saloon is established, and crime and misery and death ensue, I become "particeps criminis," and in a measure responsible for the result. — Prohibitionist, in Connecticut Home.

WHAT TO READ.

If you are down with the blues, read the twenty-seventh Psalm.

If there is a chilly sensation about the heart, read the third chapter of Revelation. If you don't know where to look for the month's rent, read the thirty-seventh Psalm.

If you feel lonesome and unprotected, read the ninety first Psalm.

If the stovepipe has fallen down and the cook gone off in a pet, put the stovepipe up, wash your hands, and read the third chapter of James.

If you find yourself losing confidence in men, read the thirteenth chapter of First Corinthians.

If people pelt you with hard words, read the fifth chapter of John.

If you are all out of sorts, read the twelfth chapter of Hebrews.—Bible Responder.

IF BABY COULD TALK.

"I am sure if baby could only talk," says Mrs. B. Gaffney, L'Amable, Ont., "she would praise Baby's Own Tablets too. They have given better results than any other medicine I have ever used for my little one." This is the verdict of all mothers who have used Baby's Own Tablets, and it is the very best proof that no other medicine can equal them for the speedy relief and cure of the common ailments of little ones. These Tablets cure colic, constipation, sour stomach, diarrhoea and simple fevers; they break up colds, prevent croup, and allay the irritation accompanying the cutting of teeth, and are positively guaranteed to contain no opiate. All children take them readily, and for very young infants they can be crushed to a powder. You can get Baby's Own Tablets from any druggist at 25c a box, or they will be mailed, postage paid, by writing direct to the Dr. Williams Medicine Co., Brockville, Ont., or Schenectady, N. Y. Send for our book on the care of infants and young children. Every mother should have it.

Brains First---Hands Afterward!

Did you ever hear of a man, intending to become a doctor, hunting up patients upon whom to experiment before beginning the study of medicine and anatomy?

Practice is invaluable, but it is better first to learn the principles of your profession, and get the practice afterward. Otherwise you will never advance, unless as a result of years of ill-paid drudgery; but, if you will store your mind with technical information and then seek practical experience, you will progress as much in months as others do in years.
