is such an exhausting pastime that one scheety sequal to any other form of aminement no matter how alluring.

Last Saturday atternoon the officers of the hing's gave another of their successful at houses at Wellington Barracks. The weather was very threatening at 'me time during the alternoon and everyone made a race for the mess room and the lawn and grounds, for a time were deserted. In the mess room everything in the way of refreshments were provided and on the nawn was a table laden with fruits and cooling drinks. After a time however the clouds dispersed and again the lawn was a gay scene of life and beauty. The seats were beautiful and comfortably arranged, a deux, under every tree and in every shady nook. It is needees to say that all the seats were occupied. The view from the slopes of Wellington is maguificent and it is a pleasure to simply six still and edgoy the surroundings. Tenns was by some mistake omitted from the cards and it was a great pity for the grounds for the courts were beautiful gwas were worn, an American lady, whose name I do not know, carrying off the ,alm. Miss Keith was also wtaring a very beautiful gown. Miss. J. Kenny in black; Mrs. J. Morrow in green and pink; Miss Cameron in pink and black; Miss Bullock is white slik; Mrs. Alexander in grey and black, were among the most noticeable. Miss Farrell wore an exquisite gown of pale blue slik crepon which suited her admirably.

The King's band, which is a lways a feature at their "at thomes," played some very beautiful selec-

altogether a delightful party, Mrs. Abbott being one of the bost of hostsesses. The Misses Abbott as stated her in receiving the guests and in looking after their entertainment, and both were looking particularly mee and very smart.

Thursday night there was a small dance at the Commissioners' House in the Dockyard given by a few of the officers of the Mohawk. The house was prettily lighted and decorated with flags. Although it was very small for a dance in Haifax—there were only between twenty and thirty couples present—it was kept ap till quite a late hour and wasthoroushly enjoyed by alt those who were fortunate enough to be present.

Mrs. Willoughby Anderson also gave a very small dance on the same evening, which was much enjoyed by the young people.

The Wanderers electric light sports on Wednesday evening were as they always are, a great success. From the grand stand the pavillion looked very pretty with its decorations of colored lanter, and the coat of arms or whatever the lights grouped on the top of the pavillion represented. And by the way, that decoration might have cost them their pavillion, if, when it caught fire at the last, it had not promptly been subdued. For unately, it was in time, and what might have proved quite a catastrophe was averted.

This has been a great cricket week. Every afternoon numbers have attended the matches both at the Wanderers and the Garrison grounds, especially the matches held at the latter where s tent has been receted provided with seven their garding harders and the contract of the pavillion of the great fine of the catastrophe was averted.

There is a rumor that the King's regiment will give a dance at Wellington just before they leave this garrison, but whether it is founded on fact or not I do not know.

Major and Mrs. Waldron leave Halifax this autumn and will be much missed by the many irrends they have made during their long stay here. Hear that Maj:r Waldron will be succeeded by Captain Semini, whom people will be very glad to see again, as he was much liked when here three years ago, in the Leicestershire aegiment.
