

POPE PUS ALL WITH GRIPPE

His Holiness Although Not Confined to Bed Suffers from Severe Indisposition—Audiences Suspended.

Rome, March 9.—A marked improvement was noticed today in the condition of Pope Pius X., both the inflammation of the throat and the hoarseness being considerably diminished. The Pope himself said he felt much relieved and hoped that his "travants" would allow him to resume at an early date the ordinary course of life. The attending physicians, however, insist that he continue to rest.

Rome, March 8.—The Vatican announces that the indisposition from which Pope Pius X. is suffering is insistent. The Osservatore Romano, the Vatican organ, publishes the following official announcement:

"The Holy Father being indisposed from a slight attack of grippe and catarrh the usual audiences have been suspended."

The Pope has been somewhat depressed since the death of his sister, although he tried to distract his mind from his sorrow by extraordinary activity. A few days since he began to show the effects of over exertion but continued to give audiences. He even delivered a short address to a group of pilgrims yesterday, although suffering from hoarseness.

As this condition has become more pronounced today, Dr. Marchiafava, the Pope's physician, ordered an immediate suspension of all audiences, the examining physician also detected symptoms of mild bronchitis, although there was no rise in temperature.

The Pope is not confined to bed, but Dr. Marchiafava has advised complete rest and early retirement. Although it is expected that His Holiness will be able to resume audiences within a week, it is feared that his indisposition will interfere to some extent with the Easter celebrations, at which time it is customary to admit a certain number of children to receive the first communion from the hands of the pontiff.

QUEBEC PLAYED RINGS AROUND SYDNEY TEAM

Continued from page one.

Quebec Outplayed Sydney.

The opening of the second period was in a far different manner than that of the first. Quebec had evidently been saying things to Sydney which they were not to hear. They started with a rush that drove Sydney back upon their goal. Here they held them until Malone again scored in eight seconds. Later the umpire gave a goal to Quebec, after a shot by Smith. Referee Bowie refused to allow it, and the umpire Fred Hill left the cage, declining to act any longer.

It was a matter of little consequence, as Smith scored twenty seconds later. Malone following with another in 19 seconds. Quebec was now playing all around Sydney, who seemed to be bewildered at the pace their opponents were going. Although some Sydney boys would manage to break away occasionally they never passed mid ice. Smith scored again and Malone tallied three times in succession. With nine goals of a lead, Quebec again eased off, and did not make great efforts to score. Mummery on one of two occasions allowed Sydney to pass him without much effort to stop him. In this period Trentouth of Sydney received a major penalty and the game was subsequently stopped while the former goalie who had been hurt returned.

Quebec Uses Substitutes.

In the third period, Quebec replaced Hall and Smith by two spare men, Creighton and Jeff Malone and they certainly filled their respective parts with perfect satisfaction. Creighton scoring one of the three goals taken in the period for Quebec.

The play appeared somewhat even now, as Quebec was putting up a practice game, while Sydney was doing its best. Joe Malone scored two goals and Creighton one for Quebec. Near the close of the match Trentouth added one for Sydney. This was the scoring, which stood, Quebec 14, Sydney 3. The only one hurt was McDonald, the Sydney goalie, who was run into by one of his own team, and had to retire for a time.

For Quebec, Smith, Hall, Mummery, Malone and Crawford were the stars, while Fraser, Dunphy and Randall put up the best play for Sydney.

FEDERALS ARE VICTORIOUS

Mexican Government Troops Defeat Carranzistas With Loss of Twenty-six Killed—Rebels Offer Resistance.

Mexico City, Mar. 8.—The first serious clash between the federales and Carranzistas is reported today, to have occurred at Reata, in the State of Coahuila, about midway between Monterrey and Monclova. The engagement lasted four hours, the rebels offering a stubborn resistance.

The losses, as reported from government sources, included twenty-six federales killed and eleven wounded, and thirty-three rebels killed. The rebel forces have fallen back on Hagan, thirty miles to the north.

Another engagement is looked for soon as the federales are advancing and endeavoring to follow up their advantage. Only the most meagre details of the battle have been received. The Chamber of Deputies passed the administration amnesty measure without important amendments tonight.

General Rascón, former minister of war, has been named military governor of Coahuila.

Mr. Hubsch, of Prince Edward Island; Duncan Ross, of Middlesex, and C. A. Wilson, of Laval, talked.

Mr. Bureau said that M. Severyn on a recent night "Before the cock had crowed once denied that he ever was a Nationalist."

"What was your majority?" "It was two, but thank God, I was elected on the representation I made to the electors, I was elected."

Mr. Severyn, Judge Tourigny, your former partner."

A Fallacy in Argument.

M. Pardee quoted "One Andrew McPhail" and went on to say that sending away thirty-five millionaires would be detrimental to the manufacturers and wage earners of Canada.

He found it impossible to believe that a Canadian representative on the Imperial defence committee would have any weight whatever. Great Britain would always govern and rule the Empire in peace and war.

At 9.27 the chief Liberal whip surrendered the floor to a mighty talker, Hon. H. R. Emmerson who has been heard before since Monday dawned.

His rising was the signal for some cheers on the Liberal benches but they were promptly drowned by a storm of hostile applause which burst from the government ranks.

The last hour of the day was occupied by P. B. Carvell with an argument as to the accuracy of the estimates as to the cost of a Canadian navy presented to the house by the premier.

During the latter part of Mr. Emmerson's speech the premier had entered and been received with a protest.

HON. GEORGE H. PERLEY SAYS THERE WILL BE NO ELECTION

Montreal, March 9.—Hon. George H. Perley, minister without portfolio, declared at the Liberal-Conservative dinner here Saturday night that: "Some say that by their tactics the Liberals will force an election; but I say that this is not so. They will never force an election on that question." Mr. Perley characterized the Liberal obstruction as without parallel, having no precedent on any ground whatever. Among the other speakers was Col. Hugh Clarke.

Referring to what he termed the rather curious situation in Ottawa at present, Mr. Perley called attention to the manner in which the leader of the opposition had fallen from his once

high estate. "Sir Wilfrid Laurier," he said, "is showing the most marvellous inconsistency. He is taking all sides. There is talk of an appeal to the country, but during the last week Laurier has voted that there should not be an appeal and that there should be an appeal."

He accepted that part of the naval bill calling for a contribution of thirty-five million dollars. He is in favor of the money being granted, but wants it spent in a different way. Although agreeing to the grant without an appeal to the country, the leader of the opposition voted for the Verville amendment which provided for an appeal.

BLIND SINGER STOPS PANIC

Worcester, Mass., March 8.—The blindness of Edward I. Boyle, a blind singer, in keeping on with his song, while the fire spread rapidly in the balcony of F. W. Lynch's, Pleasant street theatre, tonight, prevented a panic among the 500 persons in attendance, all of whom fled out to safety.

When the last of the audience reached the door, Joseph L. Rogers, the pianist, who had played Boyle's accompaniment throughout the performance, leaped on the stage and led the blind man out the rear exit.

The flames spread with such swiftness that the fire department, which had been called out by the fire alarm, was unable to reach the theatre until the fire was well under way. The loss is estimated at \$35,000.

Longest record of applause. Soon after the opening of the performance, the opposition entered and the Liberals responded with cheers proportioned to their numbers. Again, later, when the fire broke out, the Liberals renewed cheering. The Liberals answered by applauding the coming of the fire.

At a few minutes to twelve Mr. Carvell solemnly got out the rule book of the house and appealed to the chairman for protection against the numerous interruptions of the Conservatives.

Then he suggested that he was willing to go on but did not desire to prolong the sitting into Sunday.

Mr. Borden moved the adjournment accordingly.

"Am I to understand that this bill will be taken up again on Monday?" asked Sir Wilfrid.

"Yes," replied the premier, with determination, "is soon as the government orders are received, we shall proceed with this bill."

"Progress" was then reported amid much laughter at the official fiction and the house adjourned.

OTTAWA LOST TO MONTREAL

New York, March 9.—The Wanderers defeated the Ottawa hockey team in the first match of a series last night by a score of 3 to 2. The men from the capital drew first blood, but Art Ross and his men played such brilliant hockey that only Lesueur's well known qualities as a defender of the nets prevented a slaughter.

The exhibition proved a delight to the many admirers of Canada's great winter game, and which ever team sets the edge on the series there will be a great rush to the games when the winter hockey players come at the end of the week.

The speed of the players at the start of the match aroused great enthusiasm among the spectators, both teams sharing in the generous applause although the Cleghorn brothers and Art Ross got the gold hand some often than any of the others, as they count many friends here from old association.

Broadway, by clever ducking managed to get the puck where he wanted it after nine minutes' play, and slipped it over to Lowery, whose accurate shot did the business. The Montreal men tried hard to even up but Lesueur was proof against shots from all angles until Art Ross came down almost the full length of the rink and drove one from the side which got by.

The second period saw the contest grow more intense than ever. Ronan and Ode Cleghorn at one period led his team in the lead. As he tried the same trick again he was so heavily checked that he had to stop for a while. Ross, less than five minutes later, again darted the full length of the rink and placed his team in the lead. Both goals had to withstand terrific onslaughts for the rest of the playing time but no more scores were done, and the Wanderers kept the edge on the series.
