The local Winnipeg association now has over 3,000 members, a large portion of which are present war veterans who have returned.

FANJOY BROTHERS, TWO DESERTERS, TO PENITENTIARY

Young Men Were Captured in Woods Near Home in Cambridge — Sentence of Two Years Read To Them in Presence of Depot Battalion Yesterday.

Deserters from the militia may expect no mercy as was shown on the Barrack Square yesterday afternoon when two brothers, Charles Fred Fanjoy and George Henry Fanjoy, of Cambridge, Queens county, were humiliated in full view of the Depot Battalion and sentenced to a term of two years each in the Dorchester Penitentiary.

No. 4060368 Private Charles Fred Fanjoy, and No. 4060371 Private George Henry Fanjoy were tried by District Court Martial on the 8th of May, and the two soldiers were charged with desertion.

The two brothers who had resided at Cambridge, Queens county, were first brought to St. John as deserters under the Military Service Act, were under arrest and placed in the Depot Battalion. On the 16th of April they were both reported as absent from the battalion, and the military authorities heard that the brothers were at their home in Cambridge and were hiding in the woods. A non-commissioned officer and two men were sent after the two deserters, and after a considerable search were unable to find them. An officer and fifteen men were then sent after the brothers, and for a week the soldiers searched the woods and the surrounding area.

Other St. John men to arrive were F. Smith, Ben Lomond House; W. F. Peares, King street east; J. Delaney, Queen street, and J. R. Patterson, of Orange street.

Lieut. J. S. Tukington, of Halifax, who saw considerable service overseas, also arrived in the city. He is registered at the Royal Hotel.

Major Colin Macintosh, who went overseas with the 6th Mounted Rifles arrived last evening. He has been paymaster to the 4th Canadian General Hospital in France for some time. At the time of his appointment to the Canadian Expeditionary Force, Major Macintosh was squadron commander with the 28th New Brunswick Dragoons, and was living at Fredericton Junction. He is a veteran of both the Egyptian and South African wars, having served as an officer in the 14th Irish Dragoon Guards.

It is expected that within the next week or so young men desirous of joining the Royal Air Force will be granted the privilege of joining up and becoming attached to the St. John. Several young men have been obliged to go to Halifax to be attested within the last two weeks and in order to avoid this, a depot of this branch of the service is to be established in St. John. It is not known the number of men to be taken on strength but it is stated that young men between the ages of seventeen years, eight months and thirty, will be taken on as cadets. It is also stated on good authority that Captain Hay of the postwar service is to be in charge. Captain Hay has a splendid war record and his appointment to this position will no doubt be a popular one.

Captain Hay left last evening for other points in the province and will return to the city on Friday. While away he will visit Fredericton and Woodstock.

Mr. Wilson said he had nothing for publication as yet in regard to the report that all three wholesale drug houses had received wholesale licenses.

The inspector said there was a movement on foot to have the Nova Scotia law amended along the lines of the New Brunswick Act placing the onus of the enforcement on the shoulders of the chief inspector and removing it from politics altogether, and he had been explaining the N. B. Act at these conventions.

RETURNED SOLDIERS ARRIVED YESTERDAY

New Brunswick Men Met at Depot By Friends and Reception Committee — St. John Heroes Were Among the Party.

The New Brunswick men who arrived recently at an Atlantic port from overseas reached the city last evening on the 5.30 train. They were met at the depot by relatives, friends and the returned soldiers reception committee. Major Smith, officer commanding the Discharge Depot, and Charles Robinson, of returned soldiers committee, were also present. In the party were St. John boys, Sergeant George Richardson, an original member of the 26th Battalion went overseas as batman for Major Brown and by sheer ability and interest in his work won promotion, and has been recommended for a commission. Sergt. Richardson is home on furlough, and it is expected that he will qualify in Canada.

G. Teed, of 26 Pitt street, son of Mrs. G. L. Teed was also welcomed home, after spending eighteen months in the trenches. Pte. Teed enlisted in the 115th Battalion, but was later transferred to the 26th Battalion. Speaking of his transfer the returned soldier said the 26th boys received him with open arms. During the time spent in the trenches Pte. Teed escaped being wounded. During his absence the young man's father passed away.

THE VACCINATION OF ALL PERSONS WILL BE ORDERED

Board of Health Decides on Thorough Canvass of City — Two New Cases of Smallpox Reported Yesterday.

Two new cases of smallpox were reported yesterday, one from the West Side and the other from Chance Harbor, and three houses were released from quarantine.

Last night at a meeting held in the Board of Health office arrangements were completed for a thorough canvass of the city and the vaccination of all persons who have not been vaccinated within the last five years.

Doctors have been chosen for the various wards who will call at each house, and every inmate will be expected to either produce evidence that they have been successfully vaccinated within five years or allow themselves to be vaccinated by the physician making the call. This rule applies to all persons over six months old, and it is hoped by this method that ago vaccinated within the next few days.

In from seven to ten days the physician is expected to make a return call to see that the vaccination was successful when he will issue a certificate to that effect.

If on his return he finds it did not take then a second trial will be made. Yesterday a supply of vaccine reached the city and the doctors present at the meeting last night received each 100 points.

The physicians appointed last night to carry out the vaccination and the wards in which they will operate were:—Queens, Dr. Walker, Logie and McAlpine; Dukas, Dr. Macaulay, and McVey; Sydney, Dr. A. B. Baxter; Kings, Drs. Neve and Rowley; Victoria, Drs. Stevenson and Mary McLeod; Dufferin, Dr. Broderick and Clark; Lansdowne, Dr. Dalton; Lorne, Drs. Roberts and Mahoney; Stanley, Dr. Stevenson; Brooks, Gays, Prince and Wellington wards have already been vaccinated.

Dr. Melvin, chief medical officer for the county will leave this morning for Chance Harbor where he will vaccinate all who in any way came in contact with the young woman who came from that place yesterday and was admitted to the Isolation Hospital.

Dr. H. L. Abramson, chief of public laboratories and provincial bacteriologist and pathologist, is now at work at the General Public Hospital fitting up the laboratory at that institution.

Hon. Dr. Roberts said last night that while the bill would be introduced under the new Health Bill, and was brought here in consequence of that bill having passed the house when the new legislation was proclaimed, for the present he was working under the old legislation which provided for a provincial bacteriologist.

He stated that no definite time had yet been set for the proclamation of the Health Bill but he expected it to become law some time during the summer. Neither had it yet been decided as to how the Act would be administered when it became law, or what minister would be placed in charge.
