DEATH OF THE DUKE OF BEDFORD .-The Etna brings us intelligence of the death of Francis Russell, the seventh Duke of Bedford since the revival and bestowal of the title upon the Russell family in 1864. The late Duke was one of the most distinguished of his illustrious family. He was born in 1790, and married, in 1817, Elizabeth Anne, only daughter of the honorable Theophilous Rawdon. He succeeded to the title on the death of his father, October 20, 1839. Lord John Russell is a unger brother of the late Duke.

No family is more conspicuous in English history, many of its members having been ardent supporters of the cause of freedom and champions of the British constitution. The Marquis of Tavistock, only son of the late duke, succeeds to the title.

TROOPS FIRING UPON A MOR—TWO MEN

KILLED AND FOUR WOUNDED.

St. John (Newfoundland) prpers of the 14th inst., report the occurrence of a bloody riot in that city. On Monday, May 13th, on the occasion of the meeting of the Legislature at St. John's, advantage was taken by the crowd of the absence of the troops at the Colonial Building, to perpetrate wanton outrages on the premises of respectable citizens, whose only fault would appear to be their relationship to the candidates who opposed the so-called liberal nominees in the Harbor Main district.—the same of the late encounter, resulting in the death of two and the wounding of a dozen persons. The arrival of a detachment of troops on the ground put a stop to the sacking of premises which had previously engaged the attention of the mob, though it did not cause its dispersion. On the contrary, towards dark the mob increased to such an extent that it was feared further riotous demonstrations would be made, under cover of the dark-name to many others who dispise such shredwork notions of the past as more preposterous, applied to the men of our time, than the unintelligible jargon of heraldry—he appears as a British champion and considering whom and how much he has to defend, a champion undoubtedly he list a man in the seventy seventh year of his age should be able not only to cope in the House of Commons with the master intellects of the age, but on the public hustings to confound and put to silence the very Shimei of the democracy—pelting the discomfited Radical with his own missiles, and stoning him back, amid the cheers of a delighted audience, to his noisome and poluted. Efforts were made to induce them to disperse without avail when the riot act was read and the demand again made to disperse by the commander of the troops, Colouel Grant, with similar success. Col. Grant made another attempt to induce the mob to retire, informing them that it was the last time he would do so, as if the call was not obeyed he should feel it his duty to order the soldiers to fire. The usual time being allowed to eleane the order to fire was given. allowed to elapse, the order to fire was given when two men fell dead, and four persons were wounded, one of whom was a Roman Catholic priest, Rev.
