There are so many that come out to this country with their soldier husbands to settle down on a homestead, about twenty and twenty-five miles from town. Some of these girls are from London. Imagine coming from the city to a homestead, especially those who hardly know what the word "cow" means. I think the English girls have lots of grit. I should like to meet "Ever a Jolly Kid." I know I am not as jolly as she is, but I would like to spend a few hours with her. One of my ambitions is to be a stenographer. I am very fond of music, reading and art. I love drawing and often do some in the evenings. The girls in this vicinity are giving a leap year dance and we are all looking forward to having a good time. I should like to be able to skate as there is plenty of ice around these parts, and cold weather, too. When it is clear I take snaps as I have a camera. I would like to see the picture of our editor and some of the members published on this page. With best wishes, I am,

The Canadian Girl

Dear Editor—Being a reader of The Western Home Monthly for years and always enjoying it, I thought I might try and put in a word for the Canadian girls. Now, "Ex-Sergeant," have a heart. I'll admit that a good many Canadian girls are "frozen" as you say, but the majority of the good country girls, I think, are just as friendly as they know how to be, and I have noticed that in a good many cases the "frozen" girls are quite often the kind the fellows like. I've known a good, warm-hearted girl to be left to herself, while the one who has neither a

warm heart nor brains has presents fairly rained on her. How do you account for that, "Ex-Sergeant?" Also, "Contented Bach," just you wait. Some day a pretty young girl will come along and it will be good-bye to your bachelor days. You seem to have a very poor opinion of girls, but some day, perhaps, you will change your mind. This is leap year. Why not have it that if the girls do the proposing that they also do the treating and take a nice box of cigars when they go to pay a visit? But, perhaps, there would not be so many theatres and joy rides then. Cheer up, "Contented Bach" and "Ex-Sergeant," all girls are not "frozen" and trying to enjoy themselves at the expense of the fellows. Someone was saying that we did not receive the English girls well enough. Well I can say that some English girls came into our community and were welcomed as heartily as country people can welcome anyone. Well I have taken up enough space now, so I will close with wishing all success, especially "Contented Bach" and "Ex-Sergeant."

A Canadian Girl.

P.S.—My address is with the editor.

"Well, little miss," said the druggist in an anecdote told by the Boston Transcript, "what can I do for you?" "Please, sir, mother wants a bottle of good-natured alcohol," replied the little miss.

Pills That Have Benefited Thousands.—Known far and near as a sure remedy in the treatment of indigestion and all derangements of the stomach, liver and kidneys, Parmelee's Vegetable Pills have brought relief to thousands when other specifics have failed. Innumerable testimonials can be produced to establish the truth of this assertion. Once tried they will be found superior to all other pills in the treatment of the ailments for which they are prescribed.

Use a Wash for Skin Diseases

Skin sufferers should use great care in the choice of a remedy. They should know the facts to guard against those preparations that are without merit—some, indeed, positively injurious. There is only one logical remedy for skin disease—only one way to reach the poisonous disease germs in the skin. That is by means of a

Penetrating Liquid Wash

Skin disease is due to various deeply buried, malignant germs in the tender tissues of the skin. They cause that terrible biting pain and itching. Unless these germs are destroyed and eliminated, there can be no relief nor cure. This cannot be done with salves. Salves do not penetrate to the germs beneath the skin. They merely clog the pores and form a hot bed for the rapid increase of these germs. Blood remedies also cannot cure the skin, because the germs are not in the blood. A liquid wash only has any permanent effect in skin disease.

D.D.D. Prescription Gives Instant Relief

D. D. D. Prescription sinks through the pores the moment it is applied. The first cool touch of this soothing skin wash soothes all biting pain as if by magic. Just a touch of this marvellous remedy will give you relief.

D. D. D. is a scientific compound of oil of wintergreen and thymol, etc., and a powerful and costly element, chlorbutol. This element is known to skin specialists to be uniquely successful in the treatment of skin disease. However, it has heretofore required such expert mixing and handling that only physicians could use it. Now all skin sufferers find it compounded in the proper proportion in the famous new skin discovery, D. D. D. Prescription. Eczema, bad leg, Psoriasis, ringworm, pimples, scales or rashes, all skin diseases, mild

or violent, yield to the soothing, healing effect of D. D. D. It sinks through the pores, kills all the deadly disease germs; throws them off. Then the inflamed tissues, rid of their torturing parasites, the pores left open to receive Nature's healing aid, are soothed by the cooling oils compounded in the D. D. D. Prescription. All druggists handle D. D. D. Ask your druggist about it to-day. Ask also about D. D. D. Soap. Its steady use keeps the skin always pure and healthy.

Brookvale, N.B., Canada.

I used one sample bottle of D. D. D. and one dollar bottle and it cured my face of salt rheum. I spent a good many dollars with doctors and other medicines. I was bothered every winter and last winter I had no trouble. My skin was perfectly free from any spot thanks to D. D. D.

Last winter I sent for one of your free samples of D. D. D. Prescription. I tried it on sores that broke out on a teething baby's head, on cold sores and on a mild type of eczema and found it worked well, curing each trouble quickly and easily. This summer we have used it on bad mosquito bites and it heals them in two or three applications.

May 8th, 1917.—D.D.D. cured several skin troubles in my family so thoroughly I have not needed any for some time.

QUICK CURE OF WOMAN—A MASS OF SORES

In the fall of 1907 I had a sore on my neck. In a short time it disappeared, but it returned in a worse form, and kept coming and going until February. I went to see a doctor who said it was eczema. At that time my face was just one mass of sores, very much swollen, and weeping water all the time. My sleep was broken and my days were miserable.

I doctored with the doctor until the first of May. Then I got a trial bottle of D. D. D. From the first I used of it my face became better. When I had used the trial bottle I sent for the full size bottle and used only half. Have been entirely well ever since. I will recommend D.D.D. whenever I can.
