SECRETARY'S REPORT.

The work of the society has largely increased since last year. Meetings have been held every Monday evening and the attendance has been large. The membership now numbers 105. At the last Japan Conference a young native missionary was selected to work for our League and money has been raised to support him for another year. The Christian Endeavor and Literary and Social departments have been active and have all contributed toward making the meetings a home for the young people of our church. A delegate was sent to the convention of Methodist Young People's Societies held in London in March last, and the convention accepted an invitation to hold their next meeting in Ottawa. We extend a hearty invitation to all young people to attend our meetings and we can assure them that they will find the work carried on by the League both interesting and instructive.
