

Six sound horses cost as much as a Maxwell Truck

AND the Maxwell will outwork any three teams. It feeds as it runs. Puts in a net day's work and piles up no expense. It will carry and fetch a thousand miles for a thousand hours at a stretch. No wagon can keep up with it—weather can't hold it indoors. Never founders or flounders and never has a "Blue Monday" or glanders. No animal or machine its equal for willing and competent service.

Does more work, more sorts of work, more hard work, more often under more unfavorable conditions than any carrier. Designed for the heaviest hauling and the hardest mauling.

The Maxwell goes farther and faster than the biggest truck and travels where they can't. 2400 pounds. Only one farmer in ten ever needs a heavier machine and at that only one time in ten. Farmers the land over are operating Maxwells because it answers every average purpose and costs least to own and least to operate.

The same type of worm drive which \$7000 trucks advertise as their great feature. \$7000 truck construction and sold with a \$7000 truck guarantee. 10-foot loading space. Electric lights and generator. Chassis \$1550 f.o.b. Windsor, Ont.

Pays its way from day to day.
