**The Right of Way**  
In the bowl of the  
**DE LAVAL CREAM SEPARATOR**

❑ No confusion occurs between the cream and skim-milk currents.  
❑ There is a guarded channel for each, and yet any dilatory fat particles have full opportunity to join the cream current without disturbance in any way. Each has its full right of way from entrance into, until discharged from the machine. That's why the skimming is so perfect.
