## Why Not a Modern Roof?

The old wooden shingle has to go the way of all other unsatisfactory building material and is being rapidly replaced by the twentieth century **Brantford Asphalt Shingle**.

Everyone knows how the old-fashioned wood shingle was high in price but low in quality, would warp, curl, get loose, split and rot. The

## Brantford Asphalt Shingle

will do none of these things. It is practically imperishable, although costing little more than wood shingles. Again, you save on the laying, as **Brantford Asphalt Shingles** are easier to lay and can be put on not only quicker, but more effectively. Quite fireproof too, therefore reduce insurance rates. Never need repainting, because colors are permanent and fadeless. **Brantford Asphalt Shingles** undoubtedly make a house warmer and more attractive in appearance. They are finished with a coating of crushed natural rock, in green, red and black. Artistic effects can be obtained without extra cost by using shingles of different colors.
