**Cooks and Bakes perfectly at the same time**

There is not another range built in which the heat may be regulated

so that you can bake in the oven and cook on the top at the same time without spoiling one or the other.

But you can do both equally well at the same time on the Pandora, because its heat is not wasted and is at all times under the simplest, most positive control.

If you do the cooking of your household you can appreciate exactly what this means.
