Old people like it for its wonderful power to restore to their whitening locks their original color and beauty. Middle-aged people like it because it prevents them from getting bald, keeps dandruff away, and makes the hair grow thick and strong. Young ladies like it as a dressing because it gives the hair a beau-tiful glossy lustre, and enables them to dress it in whatever form they wish. Thus it is the favorite of all, and it has become so simply because it disappoints no one.

for the pain.
"The second dose easedme so much that I slept two hours, something I had not done for two months. Before I had used five bottles, I was well and at work, as done for two months. Before I had used five bottles, I was well and at work, as hard as any man could, for over three weeks; but I worked too hard for my strength, and taking a hard cold, I was taken with the most acute and painful rheumatism all through my system that was ever known. I called the doctors again and after several weeks, they left me a cripple on crutches for life, as they said. I met a friend and told him my case, and he said Hop Bitters had cured him and would cure me. I pooled at him; but he was so earnest I was induced to use them again. In less than four weeks I threw away my crutches and went to work lightly and kept on using the bitters for five weeks, until I became as well as any man living, and have been so for six years since. It also cured my wife who had been so for years; and has kept her and my children well and hearty with from two to three bottles per year. There is no need to be sick at all if these bitters are used.
