ANNUAL EXCURSION TO O. A. C. GUELPH

North and South Brant Farmers Spent a Pleasant and Profitable Day.

About five hundred farmers and their families, with a sprinkling of city folk, took in the excursion to the Ontario Agricultural College yesterday, held under the auspices of the North and South Brant Farmers' Institutes. The committee in charge had made good arrangements, and everything was carried out in schedule time. Arriving at Guelph the excursionists, together with about two hundred from Simcoe County, assembled in the gymnasium for lunch. So well were the details carried out that the whole 700 were seated and fed in about half an hour. At the conclusion President Creelman welcomed the visitors and outlined the best way to see everything of importance on the 700-acre farm to the best advantage in the short time at their disposal.

The experimental plots were first visited, where Prof. C. A. Zavitz, B. S. A. acted as conductor and explained the different crops, when planted, how fertilized, etc., and answered dozens of questions that were fired at him from all sides. The experimental grounds at the O.A.C., which are under the direction of the Field Husbandry Department, consist of about 75 acres of land, which are divided into upwards of two thousand plots, and on which experiments are being conducted with varieties of grain, root, tuber, grass, clover, fodder, silage and other crops, with artificial barnyard and green manures, with methods of cultivation, selection of seed, dates of seeding mixtures of grains, pasture grasses, etc. In addition the Department directs co-operative experiments on five thousand farms throughout the Province. All of these experiments are conducted with the greatest care and for several years in succession to secure strictly accurate results. An immense amount of thought and care is required in supervising these plots and summarizing the results for presentation in bulletins, lectures, etc.

After inspecting a large number of the plots a visit was paid to see a ditching machine at work under the direction of the college drainage expert. Ten years ago such a machine was unknown and ditches had to be dug by hand, whereas now there are upwards of one hundred of these in various parts of the Province. The machine, which is driven by a 20 h.p. gasoline engine, dug a ditch about four feet deep and a foot wide at the rate of about a foot a minute. The services of the drainage experts are at the disposal of any farmer who desires them, and the average cost of ditching with this machine is about 35c per rod. In turn the pigsties, cattle barns, horse stables and poultry plant were inspected and their workings explained by the professors in charge. Everything about the different stables, etc., was scrupulously clean and provided very useful object-lessons for the visiting farmers.

While the men were viewing their part of farm operations, the ladies visited Macdonald Hall and Macdonald Institute and a butter-making demonstration in the dairy building. At the Institute Miss Nixon of St. George, who is in charge of the household economy department, demonstrated various labor-saving appliances for use in the home to relieve the housewife of some of the drudgery associated with the farm. She urged her hearers to insist on having these devices, reminding them that the men never hesitated to buy any machine that promised to lighten their labor. She hesitated to buy any machine that promised to lighten their labor.

The remainder of the time was spent
Wood's Pepporidone
The Great Specific Remedy
Tones and invigorates the whole nervous system, makes new blood in old veins, cures nervous debility, mental and brain worry, depression, loss of energy, loss of memory, fainting, falling memory. KIDNEY DISEASE WAS KILLING HIM

Until He Used "Fruit-a-tives" The Great Kidney Remedy

HAGERVILLE, ONT., Aug. 26th, 1913.
"About two years ago, I found my health in a very bad state. My kidneys were not doing their work and I was run down in condition. Having seen 'Fruit-a-tives' advertised, I decided to try them. Their action was mild, and the result all that could be expected. My kidneys resumed their normal action after I had taken upwards of a dozen boxes and I regained my old-time vitality. Today, I am as well as ever."
B. A. KELLY.
50c a box, 6 for \$2.50, trial size 25c. At dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

NOVELTY TROT

San Francisco, June 16—A novelty trot, with women drivers for a Panama-Pacific exposition trophy was one of three races scheduled for to-day in the exposition light harness meeting. Four horses have been entered for this event and the winner was to be determined by the winner of two heats.

1916 DRAFT UP

London, June 16—A Central News despatch from Amsterdam says reports received from Cologne state that recruits of the 1916 draft who were ordered last week to prepare for service, will be summoned to the colors to-day instead of in October, as had been proposed.

BEGIN NEXT WEEK

Chicago, June 16—Session of the board of aldermen probably will be begun next week, it was announced. The plan decided upon stipulates that all questions at issue will be heard without any advance concessions having been made. Announcement of a settlement came too late to start

TAKE PLACE TUESDAY

Winnipeg, Man., June 16—The body of Archbishop Langevin is expected to reach Winnipeg Saturday morning, and the funeral will take place Tuesday morning at 10 o'clock from St. Boniface Cathedral. The body will lie in state in the cathedral on Sunday and Monday, but definite arrangements in this connection have not yet been made. The funeral will be an impressive spectacle, church dignitaries attending from all over Canada.
