##### SAN FRANCISCO MURDER TRIAL.

Continental Evidence at the Denver Murder Trial—Return of Peary, the Arctic Explorer—Mr. Laurier's Tour in Ontario—A Montreal Businessman Probably Finally Injured.

Hamilton, Sept. 29.—(Special.)—The recognition of the Canadian church-to-day attracted immense congregations. In the morning the Rev. Chancellor Day, of Syracuse University, preached an eloquent sermon on "Man's Mode of Communication," in which he dwelt on the importance of the church, and solos were sung by Mrs. H. H. H. and the choir. In the evening the Rev. Dr. Briggs, of Toronto, was seen to be in the church, and he had been beautifully freed and redecored throughout, the seats newly upholstered in blue to correspond with the general color scheme, and an ornate gold porch erected in front of the building. The Rev. Dr. Smith, the pastor, and the Rev. Dr. Burns assisted at the service. The Rev. Dr. George A. Smith, the well-known piper, was arrested last evening on the charge of incest. Smith had been working on the Holland branch of the T. H. and B. and came home to spend Sunday. His wife, Mrs. Smith's daughter Maggie gave birth to a child at the house of a friend, but she gave some of the neighbors and Chief Smith the name of her alleged mother. The child was born on the 22nd of August, and was named after her mother. Smith's friends claim he returned to the city notwithstanding the accusation made against him is proof of his innocence.
