The marvellous curative power and effectiveness of South American Rheumatic Cure is in the quickness with which it acts and the almost "lightning change" for the better in the Rheumatic Victim after taking a few doses. It seems next to incredible—but there is no deception—it's work is apparent, and every step taken toward recovery is a permanent one. History repeats itself daily in this worderful treatment—it never

UNION VALLEY CHEESE FACTORY.

Note.—The following address was read at the milk meeting at Union Valley, reported in last issue and held over for want of space ;-

I will make but little apology for what I have to say on the occasion of this meeting. As I have been a well satisfied patron of this factory ever since it opened, I shall say but little, and in this way avoid making so many blunders and errors as I might if I

I heard it reclosely, and I am convinced that there never was a cut on the quality of our cheese from this factory. The gentleman that have handled our cheese have all confidence that it will prove itself up to the highest standard of excellence and so build up our reputation for a prosperous tuture. Mr. Robeson's experience, good judgment and earnments and a system in his factory to the extent of preventing foul odors and ensuring purity and sweetness. It is evident in every part of the building that expense has not been spared, so much so that Mr. Publow said that it was designed by a skilful cheesemaker and a complete model throughout and wished that every cheesemaker in Ontario had the same facilities for making cheese. High as the reputa-

U. E. LOYALISTS.

There was a large number presen to bear the lecture in the High School hall, on Thursday evening last. An excellent program rendered, consisting of solos by Misses Victoria Bell and Ethel Slack, and a recitation by Miss Rena Dunham, atter which His Honor Judge McDonald delivered a very interesting lecture on the United Empire Loyalists, His Honor has a deep toned voice which is admirably suited for occasions such as this, besides his pronunciation was clear and intellig drew my bow for a longer shot

> His Honor Judge McDonald, in re sponse to our request, has kindly furnished us with a portion of the address delivered by him at the High School on Thursday evening, which bears on the settlement in this county of the ancestors of three of the most prominent families in our midst :-

THE ALGUIRES. Daniel Alguire was the son of a U.E. oyalist, who resided near Albany, N.Y. At an early date he removed to Canada, and settled in the neighborhood of Cornwall. He served as an artilleryman in the war of 1812 15. and in the latter year came to the Township of Yonge, settling on Lot Number 8, in the 9th Concession, where he died on the 8th of February, 1832, in the 52nd year of his age. A couple of years ago the writer, in passing a deserted and delapidated grave ard in Wiltsetown, near the Kincaid bridge, had a curiosity to look over the tombstones lying scattered around on the ground and found the stone marking the spot where Benoni Wiltse's remains are reposing. Would it not be a worthy deed for his numerous ancestors to club together and have the remains removed to a more fitting locality and the spot marked as th resting place of the first settler of Rear Y nge and Escott.—Note by Editor.]
