

HARWICH COUNCIL

A special meeting of the municipal council of the township of Harwich was held on Wednesday, Feb. 13th, 1901. Members all present. The minutes of the previous meeting were read and adopted.

A communication was read from Messrs. Wilson, Kerr & Pike, re the Eriean road.

Young-Buchanan—That this council authorize the reeve and the clerk to sign the agreement drawn in triplicate between the L. E. & D. R. Ry. Co. and the municipality of Harwich with reference to a road through lands they claim is theirs, laid out along the lake shore near the Rond Eau piers. Carried.

Morrison-Buchanan—That that part of the road division No. 3, west of the E. & Huron R'y., as per request of ratepayers be set off as a separate road division, and shall be known as division No. 14, and old road division No. 14 be struck off, also that road division No. 54 be divided at the line between lots number 21 and 22 and made into two; that portion to the south of said line to be known as No. 54y, and that portion to the north to be known as No. 54, and to be extended from the north and westward, between the River Thames and the community road surveys, across lot 4 in Con. 5 R. T.; also that road division No. 111 be made into two, dividing it at the middle of lot 15, 111 and that portion to the west to be added to No. 112.—Carried.

A communication was handed in from Dr. S. G. Story re a poor boy ill at Gilbert Phillips, by name Eric Bully.

Buchanan—Morrison that G. Phillips be instructed to place the young man, Eric Bully, in the Chatham Hospital for treatment and the reeve be instructed to be present when the patient is received and make arrangements. Also that Geo. M. Baird be paid the fee for registration of births, marriages and deaths for the year 1900, as per certificate from the Registrar General and charge to Gen. Fund—\$46.20. Carried.

By-law No. 756 for the appointment of certain officers of the Township was passed through its various stages and finally passed.

March 11 1901.—A regular meeting of Harwich Council was held on Monday 11th inst. all members present. Minutes of the 13th Feb. were read and adopted.

Communications were received from the Clerk of Raleigh re the expenses of Harwich in connection with publication, etc., of the Gregory Creek Drain By-law, also re gravel pit at Buckhorn.

An agreement was presented duly signed, between the County of Kent and the Townships of Howard and Harwich re Kent Bridge approach; also between the L. E. & D. R. Ry. Co., and the municipality re the road at Eriean.

A communication was read from Albert Gable re accident he met with, together with an account due by him on board while working at Gray's, also stating that he had gone back to the House of Refuge.

A petition was received from John J. McColg and others asking for a change in the division No. 61 and 62. Young-McCormick—That in accordance with a petition presented to this council, the following changes be made in the road division on 18 and 19 sidroad—that Con. 12 and 13 form one division, and 19 and 11 be another, and that the central division be numbered 4 between the numbers on the side.—Carried.

A petition was received from W. S. Hewitt and others asking for a change in the boundaries of School Section No. 5, united, so as to form a new section out of the lands lying north of the town of Blenheim, be taken from other adjoining sections. Morrison-Buchanan, that this council entertain the petition asking a new section to be formed north of Blenheim, and that Arthur H. Harwich be appointed Arbitrator for Harwich.—Carried.

Morrison-Buchanan, that R. Young be appointed to confer with Dr. Stevenson as to injuries received by Mrs. Robert Steed from being thrown out of a rig on account of a defective culvert in Harwich.—Carried.

McCormick-Buchanan, that the clerk write the L. E. & D. R. Ry. if they will deliver gravel at same rate as last season; also asking the Engineer to fix a date to meet a committee of the council, asking re the culvert at or near the point; also re a crossing over their roadway which is not graded so as to be safe for crossing.—Carried.

Buchanan-Morrison, that should the Binder Twine Co. select a site and establish their factory in Harwich this council will grant them exemption from taxes on the land and plant for the term of ten years.—Carried.

Morrison-Buchanan—That where given roadways run through property, the owners of said property should not be assessed for such roadways, and that the assessor be instructed to assess the owners of said lands less the amount of land taken for said roadway.—Carried.

Young-McCormick—That \$50 be granted to build a dock at or near Shrewsbury, provided the Dominion Government will grant \$100.00 and the parties directly interested will give \$50.—Carried.

Morrison-Buchanan—That Mr. A. B. Patterson and others near Northwood be granted the sum of \$25 as portion of the cost of a sidewalk constructed at Northwood, as they, the parties have contributed freely towards it.—Carried.

The following accounts were paid: Municipal Ward, Stationery \$1.25; George M. Baird, wood and underlies, \$6.55; George M. Baird, stationery and postage, \$8.95; George M. Baird, salary, \$40; George M. Baird, notices Gregory Creek Drain, \$2; Jas. Wood, shovelling snow, \$6.50; D. R. McGarrin, lumber Tobin Bridge, \$11.00; W. Bennett cab hire, lunatic, \$1.50; C. Buchanan, aid Addison Smith and P. Jackson, \$10; Thos. Everett, keep G. Storms, \$6; Dr. Quackenbush, examination Annie

Cummings, \$5; D. Wilson, wood for A. D. Peck, \$5.50; G. J. Marshall, gravelling, \$12.10; H. L. Merritt, lumber, \$2.24; Leslie Johnston, sheep killed, \$16.80; W. T. McEachern, refund dog tax, not assessed, \$1; John Clunis, work con. 6 R. T. \$3; Chas. Gregory, farm bridge on Gregory Creek drain, \$15; Jas. Gregory, farm bridge on Gregory Creek drain, \$15. The by-law on the Gregory Creek drain was read a third time and finally passed.

Morrison—Young—That the Court of Revision on the Union-English drain be adjourned until April 5th, 1901.—Carried.

Meeting adjourned until April 5th.

GEO. M. BAIRD,
Clerk.

Weekly prayer meeting in St. Andrew's Church lecture hall on Wednesday evening at 8 o'clock.

The C. E. Society of St. Andrew's Church will meet on Friday evening at 8 o'clock.

Full of humor and picturesqueness are the beautiful views of "The Little Minister," which will be produced at the Grand Old Theatre. The views are perfectly colored stereoscopic scenes, and the dramatic impersonations of the principal characters as they appear before the audience on the screen are admirably rendered by Mr. Albert Armstrong, of Boston. The sale of seats opens to Lyceum Course subscribers Saturday morning.

The following are a few press comments on Mr. Armstrong's work:—
Portland (Me.) Daily press:—Mr. Armstrong is a thorough artist.
Brooklyn (N. Y.) Daily Eagle:—Remarkably artistic photographs.
Boston Evening Transcript:—A delightful two hours.
Boston Herald:—Delighted a large audience.

Norwich (Conn.) Evening Post:—As a raconteur of Scotch life, Mr. Armstrong excels.

THAT WAS ALL.

"Your love letters," wrote a Boston man to his New York fiancée, gently but firmly, "are not couched in the exactest English."

"My love letters," replied she, "are not for publication, but merely as a guarantee of good faith."

"Oh, Miss Stone!" the undesirable suitor pleaded, "if you would only give me the least encouragement."
"That's what I am doing, Mr. De Troy," replied the haughty beauty. "Good-day."

County of York

To wit.

William McKay of the Village of Sutton in the County of York
Baggage man on the Midland division of the G. & R. Do solemnly Declare That

I am a resident of the village of Sutton, and have been in the employ of the Grand Trunk Railway for twenty years or there about. At present I am baggage man on the Midland Division of that railway.

For some time I have been more or less afraid of my lungs, owing to the fact that there was consumption in the family. Late in the summer of 1900 I developed a cough which gave me great uneasiness. The cough steadily became worse. I was very sick about the first of October, and made my trips on the train from that date until the 3rd of October with the greatest difficulty. On that date, October 3rd, I reported to the physician. He advised me to go to bed, and I remained there about ten days.

I got up on the 13th of October and had a relapse. I called in another physician, and he found my temperature to be 102½ degrees. He told my wife, after consulting with the attending physician, that my lungs were affected. The attending physician, some time after, found my temperature to be 104 degrees. I steadily became worse; my vitality was terribly low and I had to be fed in bed. I had night sweats regularly—my wife had to change the bed three times in twenty-four hours. I had taken creosote but had to discontinue it as my stomach would not retain it.

A political meeting was held in the hall next my house, and the chairman, Mr. W. P. Cole, J. P., told the audience to keep quiet as there was a man next door ill to the death. No one was allowed to see me. My child had been sent to Toronto as the doctor told my wife that the slightest disturbance might take me off at any time.

On the 10th of November the doctor cut off four of my medicines. He regarded my case so hopeless that he told my wife to give me anything I wanted to eat, as it did not matter.

On the 12th of November Mr. McEachern, my baggage mate, brought my wife a bottle of Powley's Liquefied Ozone, and she asked me if I would try it. I would have taken anything, I was so desperate, and I started taking Powley's Liquefied Ozone on November 14th. The very first dose seemed to be what my system craved, and in four days my cough stopped. My temperature on that day was 102 degrees. On Saturday, the 17th, it was 99, and on Tuesday, the 20th, it was normal.

I steadily improved, and on December the 24th I weighed 156 pounds, about 50 pounds more than I did when at my worst. On January 6th I weighed 165 pounds. I have no more expectoration, my lungs give me no trouble, and I am satisfied that I am cured.

I ascribe my recovery to the grace of God, and to the use of Powley's Liquefied Ozone. I firmly believe but for this preparation I would have been in my grave.

And I make this solemn Declaration conscientiously believing it to be true and knowing that it is of the same force and effect as if made under oath and by virtue of the Canada Evidence Act 1893.

Declared before me at the village of Sutton in the County of York this Fifteenth day of January A.D. 1901

Abogin
a cur to McKay York

ATTESTED BY SOLEMN DECLARATIONS.

Mrs. McKay.
Province of Ontario,
County of York.
To Wit:
I, Michael McCarthy, of the village of Sutton, in the County of York, conductor on Midland Division, G.T.R., Do Solemnly Declare That I know and have been well acquainted with Mr. William McKay for the last twenty-three years, that he left his duty of the train in my charge on or about the 4th of October, 1900. That it was my impression that he was suffering from consumption. That I never expected to see him again at work, and that this was the general impression of all his work mates. That I called on him on or about the first of December, 1900, or about three weeks after he had started taking Powley's Liquefied Ozone. That I found him looking remarkably well. That he stated that his improved and healthy condition was due to taking Powley's Liquefied Ozone. I have every reason to believe that his recovery is owing to the use of Powley's Liquefied Ozone.

And I make this solemn declaration, conscientiously believing it to be true and knowing that it is of the same force and effect as if made under oath and by virtue of the Canada Evidence Act, 1893.
Declared before me at the Village of Sutton, in the County of York, this Fifteenth Day of January, A.D. 1901.
(SEAL) A. CROZIER.

M. McCarthy, Conductor, G.T.R.
Province of Ontario,
County of York.
To Wit:
I, James McEachern, of the village of Sutton, in the County of York, Brakesman Midland Division, G.T.R., Do Solemnly Declare That I have worked with William McKay for the last two years, on the same train. On or about the fourth of October he was laid off work, having been ailing for some time previous. I visited Mr. McKay during his advanced stage of consumption, I procured a bottle of Powley's Liquefied Ozone on the advice of Mr. Forsyth, milkman, of Toronto. I took the bottle to Mrs. McKay and she said that she would try it as a last resort. That Mr. McKay's condition was so critical that I was not permitted to see him on that occasion or for two weeks previous. This was on the night of the thirteenth day of November, 1900. I called again and Mrs. McKay told me that her husband had not coughed for four days and that there was a marked improvement in his condition. That she said she could hardly have been in his company several times subsequent, and from his present healthy condition I believe that Powley's Liquefied Ozone has effected a complete and permanent cure.

And I make this solemn declaration, conscientiously believing it to be true and knowing that it is of the same force and effect as if made under oath and by virtue of the Canada Evidence Act, 1893.
Declared before me at the Village of Sutton, in the County of York, this Fifteenth Day of January, A.D. 1901.
(SEAL) A. CROZIER.

E. M. Fisk, Station Agent.
Province of Ontario,
County of York.
To Wit:
I, Edward Major Fisk, of the village of Sutton, in the County of York, Station master G.T.R., Do Solemnly Declare That I am personally acquainted with Mr. William McKay, that I visited at his house on several occasions during his recent illness, and am satisfied he was in a very weak condition, and was given to understand by his wife and nurse that his case was hopeless.

Subsequent to this I was informed that Mr. McKay was taking Ozone, and on again visiting him was surprised to find that he was much improved, and on my second visit found him sitting up. I believe it to be a remarkable cure, as I was led to understand he could not recover.

And I make this solemn declaration, conscientiously believing it to be true and knowing that it is of the same force and effect as if made under oath and by virtue of the Canada Evidence Act, 1893.
Declared before me at the Village of Sutton, in the County of York, this Fifteenth Day of January, A.D. 1901.
(SEAL) A. CROZIER.

Dr. Frank Daley, V.S.
Province of Ontario,
County of York.
To Wit:
I, Frank Daley, of the village of Sutton, in the County of York, Veterinary Surgeon, Do Solemnly Declare That I know and am well acquainted with Mr. William McKay, baggage man on the G.T.R., and I know him to be a man whose word could be thoroughly relied upon. I understand that he had consumption, and that his condition was most critical, so critical that he was expected to die. His recovery I consider to be a miracle, and as far as I know his recovery was due to the taking of Powley's Liquefied Ozone.

And I make this solemn declaration, conscientiously believing it to be true, and knowing that it is of the same force and effect as if made under oath and by virtue of the Canada Evidence Act, 1893.
Declared before me at the Village of Sutton, in the County of York, this Fifteenth Day of January, A.D. 1901.
(SEAL) A. CROZIER.

Alonso Forsyth, Toronto.
I take my milk from the Sutton train every morning. I had heard the train hands talking about Mr. McKay's case. On or about the 12th day of November I heard them say that the doctor had given Mr. McKay up, and he was dying of tuberculosis. I recommended them to get him a bottle of Ozone, and I drove right up for it to the office of the Ozone Co., and sent the bottle to Mr. McKay by his baggage mate, Mr. McEachern.

I have seen Mr. McKay since, and he told me that his recovery is entirely due to Ozone. He told me that he would have been dead had it not been for Powley's Liquefied Ozone.

I give this statement that it may be published in connection with the case of Wm. McKay.
Toronto, January 23rd. (Signed) Alonso Forsyth

W. P. Cole, J.P., Clerk Division Court and County Councillor.
Province of Ontario,
County of York.
To Wit:
I, Warren Percival Cole, of the village of Sutton, in the County of York, Division Court Clerk, Do Solemnly Declare That I am well acquainted with William McKay, of this village, having known him intimately for about nineteen years. I have always found him straightforward and honourable in every way, and would rely on his word completely.

Some few weeks ago Mr. McKay was very ill, and it was generally reported that he could not recover. However, I see him to-day, and he says he believes Ozone picked him up and pulled him out of the grave.

My wife sat up with Mrs. McKay the night Ozone arrived, and although she was in Mrs. McKay's house all night she was not permitted to see the patient on account of his very low condition.

From my own knowledge of Mr. McKay's illness and his miraculous cure through Ozone, I regard it as one of the wonders of the age. And I make this solemn declaration, conscientiously believing it to be true, and knowing that it is of the same force and effect as if made under oath and by virtue of the Canada Evidence Act, 1893.
Declared before me at the Village of Sutton, in the County of York, this Fifteenth Day of January, A.D. 1901.
(SEAL) W. P. COLE.

H. Johnson, Merchant.
Province of Ontario,
County of York.
To Wit:
I, Hiram Johnson, of the village of Sutton, in the County of York, merchant, proprietor of the Mammoth store, Do Solemnly Declare That I have known Mr. McKay for the last twenty odd years. He is a man in whom I can place the most implicit confidence as to his veracity, and the statement as to the efficacy of Ozone is in accordance with the facts.

Mr. McKay is my nearest neighbour. When he was ill, even at the point of death, I was refused admittance to see him, he was so very low. I have seen Mr. McKay since, and he told me that his recovery is entirely due to Ozone. He told me that he would have been dead had it not been for Powley's Liquefied Ozone.

I give this statement that it may be published in connection with the case of Wm. McKay.
Toronto, January 23rd. (Signed) H. Johnson

Alonso Forsyth, Toronto.

The above statement deals in facts, not theories. It clearly proves the ability of Powley's Liquefied Ozone to create a condition of the blood and tissues in which the germs of disease cannot live. It thus gives nature an opportunity to perform her work.

Tell your neighbours, friends, and anyone who has throat or lung trouble, hereditary or otherwise, about this cure. One dollar invested in time may prevent serious illness and may save life. We will aid in every way possible if you write us.

\$1.00 large size bottle, 50c small size, at all druggists. Write the Ozone Co., of Toronto, Limited, 48 Colborne Street, Toronto.
