Need we say that this proposal met with biolat's entire and greatful acquiescence. It saved her from further anxiety regard-ing her journey, and quite met her desire to quit the glen without leaving any trace of her route. The early hour at which Robert was to start excluded all risk of

of her route. The early hout at which Robert was to start excluded all risk of Violet being seen on his cart, and as "Alle"—as his wife was familiarly call-ed—vouchsafed for his prudence and dis-cretion being equal to her own, the lonely girl fait no hesitation in trusting herself to him as far as Oban, where he would se-cure for her a passage in the proper boat, and see her safely on board, after which she would have no further trouble until she arrived at Glasgow. For all this kind-ness Violet could find no adequate words of thanks, but the deep gratitude of her heart, which expressly manifested itself on her face, was thanks enough for those who generously befriended her. Robert McDonald proved himself the worthy mate of his kind-hearted wife. How much the latter told him of what she had learned concerning Violet their guest never knew, but when he was brought into.

your specific after all other treatment that had failed. J.E.Kennedy, druggist, Cobourg, Ont. For years I was afflicted with dry tetter of the most obstinate type. Was treated by many of the best physicians; took quantities of mercury, potsah and arsenic, which, instead of curing the tetter, crippl-ed me up with mineral poison and rheu-matism. The tetter continued to grow worse, and the itching almost made me crazy. In this condition I was induced to take Shaker Blood Syrup, and the result was as astonishing as it was gratifying. In a few month the tetter was entirely well, the mercurial poison all out of my system, and I was a well man, and due only to Shaker Blood Syrup. All like sufferers should take it. C. H. POTASH.

**POTASH.** Todide of Potassium is one of the strongest of the minerals used in medicine, and has produced much suffering in the world. Taken for a long time and in large doses, it dries up the gastric julces, impairs digestion, the stomach refuses food, and the patient declines in health and weight. Persons with blood or skin diseases abould be careful how they take these mineral poisons, as in most instances the effect of them is to almost permanently impair the constitution. To take the place of these poisons we offer you a safe, sure, prompts and permanent relief from your troubles. Snaker Blood Syrup is entirely a vegetable per and permanently in the stable of its merits.

Guelph. Ontario Pulmonary Institute

How much the latter told him of what she had learned concerning Violet their guest never knew, but when he was brought into the room at the other end of the house where Violet had been installed ere he reached home that evening, he treated her with much respect and consideration, and said how glad he would be to take her to Oban on the following day. The parting between Violet and Mrs. M'Donald on the ensuing morning was marked by tenderness and genuine feeling. Short as their acquaintance had been, it had by its nature been long enough to form between them a tie of real affection. Should fate decree that they shall never meet again, their brief contact will leave a pleasant memory with each—a memory sweet and fragrant, that will survive all the chances and changes of life, and be a strength and support to their hearts when weary and heavy-laden with the burden of earth's pilgrimage. It only wants auch memories of such good deeds to be multi-plied to change this vale of tears into a realm of beauty, and make our dreary earth a flowery pathway to heaven. Located at 274, 276, and 278 Jarvis Street, (Corner Gerrard), Toronto, Ont.
