

## That "Rich Fruity Flavor"

RESULT of expert blending of strong, rich Indian Tea with delicate, fragrant Ceylon Tea. That "rich fruity flavor" has made Red Rose Tea the table beverage of thousands of homes.

It distinguishes Red Rose Tea from all other teas.

It makes it different from and better than any other tea—it's a flavor you won't forget. It makes

SHOOTING ACCIDENT  
AT ALFANY CROSS.

Middleton, N. S., Aug. 11.—Mr. Harry Britcher, of Williamston, while out shooting on one of the farms of Albany, took hold of his gun by the muzzle to take it ashore from the canoe he was in, when the hammer struck a thwart and discharged the gun. The charge entered his wrist, and came out at the elbow carrying away the muscles of under part of his arm. Drs. Miller and Reed, of Middleton, dressed the arm.

## How Consumption Starts

Tired When You Waken—  
Languid All day—Nerves  
Worn out, Snap all Gone

Your limbs feel "ragged" and excessively weak. A night's sleep seldom brings satisfactory rest. Constant headaches, exhaustion, and nervous sensations destroy your health. Soon every spark of vitality is used up. Then you catch tuberculosis.

Start today. Build up, get new nerve force, and overcome this process of decay. Use Ferruzone, which physicians consider the most vitalizing, uplifting tonic ever made.

Ferruzone cures because it can furnish the body with sufficient nutriment and building material.

Think of the instant effect—at once the appetite increases, delightful color in the cheeks appears, that rich, red blood is being circulated. Tired muscles are invigorated, flesh and weight are added. Nerve force develops, and bounding joyous health is firmly established.

This is certain—Ferruzone restores failing strength from any cause. The experience of Mr. Thos. Dowd, of Schreiber, Ont., proves this:

"Household worries and cares had about exhausted my strength. I was weak and miserable. My cheeks lacked the color of health, and occasionally I had spells of rheumatism. Then my appetite fell off, and nothing could tempt me to eat. Worn out feeling, chills and despondency filled my very being. I became anemic and dwindled down to a shadow. Consumption was very near. Ferruzone put strength in my body with a rush. It built me up, strong, virile and happy, and I have been well ever since."

Ferruzone cures sickness by curing the real cause—lack of blood and nerve tone. It keeps people at their best—fit, lively and anxious for work. In \$0.60 boxes only six for \$2.50, at all dealers, or N. C. Tolson & Co., Hartford, Conn., U. S. A., and Kingston, Ont.

Wiggins—I understand, sir, that you said I was a fool.

Higgins—Well, I'm glad to know that you are capable of understanding something!

Pains in Small  
of the Back

So severe she could scarcely rise after stooping—The cause, kidney disease.

Thousands of women make the mistake of attributing their suffering to derangement of the peculiar feminine system, when the cause of trouble is disease of the kidneys. To all such the use of Dr. Chase's Kidney-Liver Pills will promptly relieve and thoroughly cure.

Miss W. Wiggins, Henry St., Belleville, Ont., states: "I suffered a great deal with pains in the small of the back, caused from kidney trouble. Whenever I stooped I could scarcely rise again, the pains were so great. The disease became so severe that it affected my general health, and I was becoming run down. Since using Dr. Chase's Kidney-Liver Pills I can say that my trouble has entirely disappeared. I can speak in the highest terms of this medicine from the way it acted in my case."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cts. a box, at all dealers, or Edman, Bates & Co., Toronto. To protect you against imitations, the portraits and signature of Dr. A. W. Chase, the famous receipt book author, are on every box.

## Settling The West.

INCREASE IN HOMESTEAD  
ENTRIES.

Ottawa, Aug. 4.—The return of homestead entries for the past month show an increase of 701 over July last year. The entries for the past month were 3,729 against 3,019 for July last year. The largest increase was at Regina, where the number rose from 743 to 1,110. Battleford came next with 922 against 277 in July, 1904. There was an increase at Alameda of 104, of 56 at Calgary, 148 at Red Deer. There were decreases at Yorkton, Lethbridge and Edmonton, and Prince Albert remained stationary.

## LA GRIPE COMING AGAIN

The doctors believe another epidemic of Grippe is here, and already many are suffering. The medical men are not afraid of Grippe since Catarrhones was introduced, and claim that no one will ever catch this disease, which inhales the fragrant healing vapor of Catarrhones a few times daily. Catarrhones kills the grippe germ and prevents it spreading through the system. "Last winter I had an attack of Grippe," writes C. P. Mackinnon of St. John's, "I bought Catarrhones and got relief in a short time. I found Catarrhones better than anything else and was cured by using it. Catarrhones prevents and cures Grippe, colds and catarrh. Two months' treatment \$1.00; trial size 25c."

## EXPRESSION IN DRESS.

A girl with blue eyes may wear turquoise blue and some one will write sonnets to her in which azure hue will rhyme with true. Certain shades of brown on a brown haired girl make a charming effect of demureness while yellow on a golden haired girl suggests sunshine. Remember it is always better that some one should say, "What beautiful eyes (or hair or complexion) Miss A. has" than "Miss A. is rather nice looking." In the first assertion admiration is positive some one has been made to feel that a distance point of beauty exists. In the latter the impression has that of negative attraction.

Mrs. Homer—I wonder where Mrs. Weeds will make her home now that both of her daughters are married—with her son-in-law in New York or with her son-in-law in St. Louis?

Homer—I don't know, I'm sure They both want her.

Mrs. Homer—Indeed? What dutiful sons-in-law!

Homer—Oh, not necessarily. The one in New York wants her in St. Louis, and the one in St. Louis wants her in New York.

Say, mister, queried the tramp as he paused in front of the house, 'hav youse got an ole pair uv pants wot youse could give gumme?

I don't know, replied the man on the front porch. I'll ask my wife.

Don't trouble yerself, mister, said the hobo, as he started to move on. Ef youse hev got dat kind ov a wife I reckon she's got use fer em herself.

## THE FARMER'S REALM.

### Practical Suggestions For The Improvement of The Farm.

Summary report from various parts of Ontario and elsewhere show that the dairy season of 1905 so far, has been one of the most prosperous on record. For the Canadian product, the export demand has been unusually active, and shipments from Montreal since the opening of navigation total \$75,836 boxes, or 131,194 more than a year ago—a record only once before exceeded. This was in the banner year of 1903 when over a million boxes were exported up to August.

Where ice or cold water cannot be obtained or where a can of milk has to be left in a place where water and ice cannot be conveniently used, a wet cloth—preferable—wrapped around the can is an aid in keeping the milk cool. One end of the cloth is best left extended from the bottom of the can and immersed in a pail of water. A large amount of the sun's rays, falling on the wet cloth is kept wet it is a protection but as it becomes dry heat passes through it to the milk uninterrupted. Evaporation of liquids in any shape means a consumption of heat. All mechanical refrigeration is based on this principle and the wet cloth on the milk can is a refrigerator in a small scale, the only difference being that water is used instead of ice and the degree of coldness obtained.

The young farmers and the old as well should look for the road that lead to profit or loss on the farm and see to it that he gets started on the right road. Too little attention is given to the computing of profit and also studying losses. It is not easy to figure out the profit on the farm for a single year provided the farm is improved with better fences, tile drains, systematic rotation of crops and improvement of stock. Where personal labor is exchanged by the farmer for the improvement of his farm he is quite apt to neglect to figure in this amount on the profit side of the ledger.

The farmer can however keep accounts of the general details of

his work and by so doing know just about where he is coming out at the end of the year. One of the helps in looking ahead is by the putting of his eggs in more than one basket. We would not, however, have too many baskets. Getting at the profits means looking ahead, better farm management, more business method and an ability to be resourceful.

The harvest upon which our farmers are just entering is likely to go down to history as a record one. Reports from all points, east, centre and west, indicate a bountiful harvest. If weather conditions are favorable for the next few weeks our farmers will have their granaries full to overflowing. The scarcity of help is a difficulty that will not be lessened by a big crop. What a bountiful harvest means to the country at large need scarcely be dwelt upon at length. So closely is Canada's prosperity allied with agriculture that plenty in the granary means plenty for the manufacturer and the merchant. Another season of prosperity is assured providing no serious injury results to the crops before it is gathered in. Favorable weather and plenty of help are the contingencies upon which success hinges at the present time, and every day lessens the probability of injury.

Tomkins—So all your children are married and settled, are they?  
Simkins—Well, they are all married, but I'm not so sure about their being settled. None of them is divorced.

## Doctor Brigham Says

MANY PHYSICIANS PRESCRIBE  
Lydia E. Pinkham's  
Vegetable Compound

The wonderful power of Lydia E. Pinkham's Vegetable Compound over the diseases of womanhood is not because it is a stimulant, not because it is a palliative, but simply because it is the most wonderful tonic and reconstructive ever discovered to act directly upon the generative organs, positively curing disease and restoring health and vigor.

Marvelous cures are reported from all parts of the country by women who have been cured, trained nurses who have witnessed cures and physicians who have recognized the virtue of Lydia E. Pinkham's Vegetable Compound, and are fair enough to give credit where it is due.

If physicians dared to be frank and open, hundreds of them would acknowledge that they constantly prescribe Lydia E. Pinkham's Vegetable Compound in severe cases of female illness, as they know by experience it can be relied upon to effect a cure. The following letter proves it.

Dr. S. C. Brigham, of 4 Brigham Park, Fitchburg, Mass., writes: "It gives me great pleasure to say that I have found Lydia E. Pinkham's Vegetable Compound very efficacious, and often prescribe it in my practice for female difficulties. My oldest daughter found it very beneficial for uterine trouble some time ago, and my youngest daughter is now taking it for a female weakness, and is surely gaining in health and strength."

"I freely advocate it as a most reliable specific in all diseases to which women are subject, and give it my honest endorsement."

Women who are troubled with painful or irregular menstruation, bloating (or flatulence), leucorrhoea, falling, inflammation or ulceration of the uterus, ovarian troubles, that bearing-down feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound, and then write to Mrs. Pinkham, at Lynn, Mass., for further free advice. No living person has had the benefit of a wider experience in treating female ills. She has guided thousands to health. Every suffering woman should ask for and follow her advice if she wants to be strong and well.

**The Weak Spot.**  
In case of disease or over-exertion it is the weak spot that is immediately affected. With the majority of women the weak spot is the kidneys. The use of GIN PILLS corrects this by strengthening the kidneys, so that they do their work naturally and well.
