The Maharajah Duleep Singh, who is now in the Highlands, sent a box of the first grouse which he shot on the Castle Menzies Moors to the Queen

The prevalence of incorrect notions upon the subject of medicine, is a great cause of miscry. Medical practice should be governed by principles cautiously deduced from the contributions of long experience and close observations. How important, then, that no medicine should be taken by invalids, unless it emanates from the hands of men of talent, judgment, and the strictest probity. Hoofland's German Bitters, prepared by Dr. C. M. Jackson, Philadelphia, is a preparetion emanating from one of the most celebrated practitioners of modern times, and one of the greatest medical writers Germany ever produced. This article is now in able hands, as evidence that the article is prepared carefully and skiffally, it is producing the effect the original inventor intended. It is used by many of the leading practitioners of Philadelphia in cases of debility of the digestive organs, and biliary apparatas, and the diseases arising therefrom. We therefore recommend this medicine to suffering invalids. See advertisement.

Holloway's Ointment and Pitts.—Extraordinary Cure of a Bad Leg, communicated to Professor Holloway by E. Marchant, Enq., of the Gazette Office, Edgartown. Mass.—Mr. Daniel Norton, of Edgatown, had a soar on his leg, which defied all ordinary remedies, and instead of improving him he only became worse. At last, he had recourse to Holloway's Ointment and Pitle, a few applications of the Ointment to his leg, effected a wonderful change for the better; it lost its swollen and angry appearance, and in a very short time he was completely cured. His leg is now quite sound, and he is able to resume hiswork, although eixty years of age! This astonishing anguent will cure wounds and ulcers even of twenty years standing.

### The Great American Hair Tonic.

The Great American Hair Tonic.

Bogle's celebrated Hyperion Fluid, for the growth and preservation of the Hair is well known to be witheut a rival on this continent. Hundreds of imitations have started into an ephemeral existence since the introduction of this unrivalled Hair restorative, and their doom been canled, whilst Bogles's Hyperion Hair Fluid, with a popularity never attained by any other article, goes on "conquering and to conquer." There is no malady, which can affect the Hair but can be cured by this incomparable preparation. To ladies it is invaluable; and of children's heads it lays the foundation of a good head of Hair. It is now patronized by Her Majesty the Queen of Great Britain, and commands an extensive sale throughout Europe. Bogle's Electric Hair Dye converts rad or grey hair into a beautiful black or brown, the moment it is applied, literally dyeing the hair without staining the skin and leaves the Hair soft and glossy without injuring its texture in the least; a decided superiority over all other Hair dyes.
