Another Big Booze Seizure

As the result of a successful raid
on a house in Alexander Street, on
Saturday evening, wherein the police
captured about 8 gallons of rum
which was stolen, they obtained infor-
mation that directed them to a big
supply stored on a water side prem-
ises in the West End. We are inform-
ed that the "liquid refreshment" which
was camouflaged to conceal its iden-
tity was being stored on the busi-
ness man's premises as dry goods who
however, had no knowledge of the
actual contents of the packages. The
rum which amounted to about 48 gal-
lons, was found in three dry goods
packages, inside of each there being
a large oil cask containing a smaller
cask wherein the liquid was found. Out
of the three cases the police should
make a good case for the court. As a
result of the vigorous booze-hunting
campaign now being carried on by the
police some people are so affected
that they are losing their spirits.

Died at Sea.

On Saturday night last second as-
sistant engineer Joachim Rangstadt,
of the S. S. Sagamore, died at sea
from Spanish "Flu." Deceased was a
native of Norway but had been na-
turalized as an American citizen. He
was 29 years of age. His funeral took
place yesterday afternoon from Un-
dertaker Carnell's Mortuary Parlors
to the C. of E. Cemetery and was at-
tended by a guard of honour from the
Oddfellows, of which Society he was
a member. Rev. C. A. Moulton read
the Burial Service. Among the mourn-
ers was his brother, the ship's mate,
other officers and crew.

Rev. Canon Smart Preaches

IN CATHEDRAL OF ST. JOHN THE
DIVINE.
Rev. Dr. Jones, Rector of St. Thom-
as's Parish, received a cable from
Canon Smart, this morning, announc-
ing that he had preached in the Cath-
edral of St. John the Divine in New
York at Matins yesterday, and in the
afternoon attended a reception to the
Archbishop of Athens, representing
the Orthodox Greek Church, at which
function the address of welcome was
delivered by Bishop Breer of Phila-
delphia. Canon Smart left New York
for Washington this morning.

Golden Wedding

To-day, Mr. and Mrs. H. F. Brad-
shaw celebrate the 50th anniversary
of their wedding, which took place on
Oct. 7th, 1868. On that date, Mr. Brad-
shaw, son of Dr. Bradshaw, late phy-
sician of Placentia, led Miss Kather-
ine Hutton, daughter of the late Geo.
Hutton, Esq., to the altar. Five chil-
dren blessed the happy union, and all
of them are well known ladies and
gentlemen of the city. The former
are Mrs. Cleary, Mrs. Dr. Mitchell, and
Mrs. Pidgeon; the sons Messrs. Frank
and Fred, both well known and wide-
ly respected commission merchants.
The Telegram wishes the happy couple
much continued enjoyment, and
longevity, and further hopes that they
will be spared to celebrate their dia-
mond wedding.

Head Peet Transferred.

Head Constable J. E. Peet has been
transferred to the station in Bay of
Islands, where he will replace Dis-
trict Inspector Bartlett, who has re-
turned to take up duty here. Head
Peet has spent 41 years in the force,
having enlisted in 1877, and is now
just as active as many of the younger
men in the service. Congratulations.

Changeable Weather.

A S.E. gale with snow, prevailed
along the western end of the railway
yesterday and last night, extending
east to Bishop's Falls, where it was
beautifully fine with the temperature
at 54. At Port aux Basques, Little
River, and along to Quarry, there was
snow falling all the afternoon, with
the temperature at from 40 to 30. East
of Bishop's Falls, the weather condi-
tions were the same as experienced
in the city.

Personal.

Mr. W. G. Gosling, who has been
in Canada for the past three weeks,
has returned to town.

Capt. T. Rumsey, who was in Nova
Scotia on business, arrived by the ex-
press from Port aux Basques to-day.

NOTE OF THANKS.—Mrs. E. J.

RUFF.

Market Notes.

CODFISH.—Shipments are slow
coming into St. John's from the out-
ports, from which it may be gathered
that a large percentage of the new
cure is being sold in the outports, and
that a larger proportion than ever is
being disposed of out of salt bulk.
Prices of dry continue to strengthen
and No. 1 Large Merchantable is now
\$13 and Small \$12 to \$12.50. Labra-
dor Sott \$11.20 and Labrador Shore
on arrival will likely be \$12.50. West
India Large \$7; Small \$6. Competi-
tion of Labrador will likely tend to
send up the latter prices.

COD OIL.—A stop has been put to
the soaring of prices by the turn of
events in the war, and it would ap-
pear now that it would be wise on
the part of those who have any con-
siderable holdings to clean out before
prices strike the down grade. The
price in St. John's is \$370 per tun for
common, with Refined slow in de-
mand, the best offers of last week
being from \$2.60 to \$2.70 per gallon.

HERRING.—Scotch pack holdings
are now limited to a few hundred bar-
rels. A few thousand barrels of last
spring's catch of Split have yet to
come in from the outports. Demand
for these continues good, offers rang-
ing from \$7 to \$7.50 per barrel. The
Green Bay fall fishery will open
about the first week of next month.
Much competition will exist and big
prices may obtain. Nevertheless fish-
ermen should be careful and not ex-
act too high prices.

PICKLED SALMON.—The present
high prices, and the promise of their
continuance, should be an inducement
to pay more attention to the Salmon
fishery in future. Salted Salmon is
taking an important place in fish
diets, and after the war the demand
will be maintained. No. 1 commended
last week \$26.27; No. 2, \$25, and No. 3,
\$22.23 per tierce.

PROVISIONS.—Standard Flour
holds its price \$14.40, wholesale, with
slight improvement in some of the
qualities recently imported. "All
White" is not to be had in St. John's.
Pork prices remain as they were. Ham
Butt is quoted at \$45 to \$45.50; Short
Cut Clear, \$48; Spare Ribs, \$35,
wholesale. Beef is quite firm and
shows no "easing off" signs at least
during the closing months of the
year. Leading brands are quoted at
\$43 to \$44, and Cuts \$30.50. The
local market was strengthened by the
arrival of a large consignment of
American Granulated Sugar last
week, which has been distributed to
dealers proportionately. A cargo of
brown sugar in bags is expected in a
few weeks. There is no need for any
panicky talk of a shortage. Absten-
tion from hoarding and a due regard
to economy will ensure sufficient sup-
plies. Molasses prices are limited by
the Control Board to 97 1/2 cents per
gallon by the puncheon. Cash down
sales have however been made at 95
cents. Supplies are limited and prices
may go up later. The shortage is
about 2,000 puncheons. Local Potat-
oes are now selling at \$4 per barrel,
with ample supplies on the market.
No features of P. E. prices have yet
been received. The island crop be-
ing large will likely be offered at
much lower rates than were charged
for export last year.

Obituary.

The death at Seaton, on the 2nd
instant, of Mr. Donald McIsaac re-
moves one of the pioneer farmers of
the Codroy Valley. In 1854 the de-
ceased, a native of said Scotia, set sail
from Cape Breton, dropping anchor in
the quiet waters of Grand River a few
days afterwards. From that time on-
ward the late Mr. McIsaac commenced
the work of making a home on the
banks of this beautiful Western Riv-
er with such success that to-day his
descendants can point with pride to the
numerous farms on both banks, as
being tributes to their ancestor's in-
dustry, and belief in the possibilities
of the Codroy Valley. The late Mr.

McIsaac was a model member of the
Roman Catholic Church: one who
placed an implicit trust in the great
giver of all bounties. Fortified by the
rites of that church he calmly awaited
the end, with true Christian resig-
nation. He was laid to rest in God's
acre, in full view of the land which
he helped to beautify and adorn. To
his sons, Messrs. Duncan and John S.
of Seaton and Little River, and
other members of the family the Tele-
gram offers sincere condolence.
