CHICAGOAN BUYS RANCH PROPERTY NEAR BASSANO AND WILL FARM LARGELY

Intending to go in for farming on an extensive scale in the Bassano district, B. W. Poole, formerly of Chicago but now of Bassano, is in Calgary today. Mr. Poole has just completed the purchase of two sections of land near Bassano for a price said to be in the neighborhood of $40,000.

Although formerly a resident of one of the fastest growing cities in the United States, Mr. Poole admits that insofar as fast growth is concerned Chicago has nothing on Alberta and Western Canada generally.

"This whole country is developing more rapidly than any other section of the American continent that I know of," said Mr. Poole. "Perhaps this is not so noticeable to people who are living here right along, but to an outsider the development is remarkable."

GAS IN MANHOLE EXPLODES; AUTOMOBILE IS DAMAGED; NO ONE IS INJURED

Pedestrians on Ninth avenue were considerably startled shortly before 7:30 o'clock last night, when a manhole over the main pipe line of the Natural Gas company blew out with a terrific report, putting an automobile left standing in front of the Grand Central hotel out of commission and shattering a window in the top story of the hotel.

As soon as the explosion occurred officials of the gas company and the city police were notified and made an examination, but no leakage was discovered. It is thought that a small pocket of gas accumulated in the manhole and the heat from the engine of the automobile, which had been left standing over the hole, caused the explosion. The damage was very slight, and at no time was there any danger to anybody.

Three Inch Grain in Cokley

G. W. Buchanan, the well-known farmer from Cowley, was in the city yesterday and prophesied a great crop of fal wheat this year for that district. He has now 1000 acres in winter wheat and says the grain has already sprouted three inches. The past winter, stated Mr. Buchanan has been an unusually favorable one for fall wheat and the fields in the neighborhood of Cowley and Pincher present a verdure that is almost without rival between Montreal and the Rockies. Barring unforseen accidents, there will be a record output of fall wheat in that district this year.

MAN WHO CAPTURED FAME AND BILL MINER RETURNS TO CALGARY

Back in Calgary after an absence of over three years, J. J. Wilson, exdetective sergeant of the Royal North West Mounted Police, and the man who achieved some fame as the leader of the posse which captured the notorious train robber, Bill Miner, some years ago, states that this city is one of the best advertised and best boosted cities in the Canadian Northwest.

Mr. Wilson is back to make his home in Calgary again, and yesterday stated that the growth of the city during the past few years is, to say the least, phenomenal.

"I knew that Calgary would grow," said Mr. Wilson, "but I never expected it to go ahead with the rapidity it has during the past three or four years. Even the stories I heard while along the coast did not impress me greatly, although I knew they were in the main true. It ook a visit back here to convince me, and now that I am here I am going to stay."

Mr. Wilson was one of the mounted police to go into the Yukon in the early days, and was for years one of the best known men on the force. He has many good arrests to his credit, but the capture of Bill Miner after that desperado had held up and robbed the C. P. R. Imperial Limited near Kamloops, some years ago, was his best known exploit. Sergeant Wilson and his men captured Miner and his companions after a chase, which took them all over the mountainous country near Kamloops, and which resulted in the desperadoes being brought to trial and sentenced to imprisonment for life.

Some time afterwards Wilson visited the men in the jail at New Westminster, and was presented by Miner with the automatic revolver with which the bandit had held up the train.

STREET CARS COLLIDE AND ARE SMASHED, BUT NO PASSENGERS ARE INJURED

Two stret cars collided at the lunch hour yesterday on Sixth street near Sifton Boulevard, yet happily without any serious results. It was about 12:45 that a car was going west and waited for another to come on to the double track. It passed on and the car, that had stopepd, started and ran into another car which was behind the one it was waiting for and had not been noticed. The cars were both badly smashed up but no one received any injuries of consequence. G. S. Kay of the British Columbia Securities was badly shaken up but was able to go home and was back at it at work in the afternoon. The other passengers on the cars which were both well filled, were badly scared but all were thankful to escape so lightly.

CALGARY TO BE REPRESENTED AT INTERNATIONAL CHARITY MEET

Rev. D. A. McKillop, superintendent of the Associated Charities is making arrangement to attend the National Conference of Charities and Correction, July 5 to 12, in Seattle.

This is the greatest organization in the United States dealing with the subjects of charities and corrections in its various phases.

So far as has been arranged Rev. Mr. McKillop will represent all Calgary associations unles ssome of the local social workers happen to be passing through Seattle at the time.

An advantage of the convention to Calgary will be a visit from the Monday Evening club, of Boston which is planning, in connection with this convention, an excursion through the Canadian Rockies. Their train will pass through Calgary on June 23, spending that day in Banff.

City Librarian Calhoun suggests that it would be a very good idea to get a visit from them and possibly an address by some of the leading men. Mr. Calhoun is prepared to co-operate with any organization in the city to arrange this.

UNIVERSITY HEAD WILL BE ENTERTAINED IN CALCARY

President Falconer of Toronto university is making a visit to the coast and will pass through this city on Monday, May 5. The graduates of Toronto university and the Canadian club are taking advantage of the president's visit to induce him to spend the day in our city and to address the graduates and the club at the club rooms in the Methodist church at the usual luncheon hour. All graduates of Toronto university and members of the Canadian club are cordially invited to hear the distinguished speaker.

The president has also kindly consented to deliver an address at 4:30 the same afternoon in connection with the closing exercises for the term of Calgary college. In order to give an opportunity of hearing President Falconer to those who could not be present at the Canadian club and to the ladies in particular, the committee in charge of the arrangements thought it well to secure a large auditorium and for that purpose approached the trustees of the First Baptist church, at the corner of First street west and Thirteenth avenue, who have very kindly consented to grant the use of their church for the occasion. The church will assommodate about 1300 people and no doubt it will be filled to its capacity on the occasion of President Falconer's visit.

Miss Wildman of Labor Bureau Returns to City

Miss Wileman, of the municipal labor bureau, arrived back in Calgary from Ottawa last evening. Miss Wileman reports that the labor bureau bill which she placed before many leading members of the government and the house of parliament, was well received on every hand and met with warm commendation from all concerned. Much praise was given to Calgary for sticking to the labor bureau in the face of many difficulties and the work done here was referred to in the papers as nothing short of marvelous. The bill which was initially drafted by Miss Wileman was submitted to Hon. T. W. Crothers, minister of labor, and he thought that it was a most satisfactory measure and one well deserving to be passed. Owing to the pressure of business in the house the bill will not be brought up till next session but it will then be a government measure. A. Verville, labor member for Maisonneuve, was very warm in his praise of the bil land said that it would tend to abolish the swindles which were being experienced in the present day employment agencies so often.
