

WILL RESTRICT PRICE OF COAL

Ontario Fuel Controller Passes Order Affecting Guelph Dealers.

Guelph, Nov. 15.—On an order from Provincial Fuel Controller J. A. Mills of Toronto, coal dealers in Guelph will not be permitted to charge more than \$16 per ton for American anthracite coal delivered in this city, or \$8.25 in half-ton lots. This order was issued by Mr. Mills at the request of the city council, who passed a resolution at a recent meeting asking that a fixed retail price be set.

A communication received by City Clerk Leadley from the fuel controller today states that the request made by council has been carried out and that the order has been issued. It will now be the duty of City Manager Hastings, local fuel controller, to see that all local coal merchants abide by the order.

"No magistrate should send a man to jail that he knows nothing about," declared Magistrate J. Edmond Jones of Toronto, who was a visitor at the Ontario Reformatory today. Mr. Jones came up to Guelph to look over the home and surroundings of a large number of men who are here because he doesn't know it is to get first-hand information of their headquarters that he is giving the institution the once over. Mr. Jones will also visit Burwash, where several more of his proteges are sojourning temporarily.

STANDARD DRUG WILL HOLD BIRTHDAY SALE

It is nine years since the Standard Drug Stores started business in London. It does not seem that long to citizens who recall the opening, and yet when it is known the business has grown from one store to six stores and a warehouse, including extensive offices, one realizes some years have passed.

In commemoration of its birthday Standard Drug announces its Ninth Anniversary Sale, which embraces exceptional offers to those who visit the stores or make purchases. It is anticipated this will be the greatest birthday sale the stores have conducted.

Standard Drug started business with the slogan "We save you money," and Mr. B. D. Trout, the manager, states "The people know we do save them money and they also know Standard Drug stands behind every statement advertised. It is our policy to give the public the best of our merchandise at special sales, and the response of the public to our announcements gives us confidence to carry on."

There are now four Standard Drug Stores in London, one in St. Thomas and one in Woodstock.

SAYS NORTHERN ONTARIO FINDING MINING STRIDE

Port Arthur, Nov. 15.—G. E. Godson, mining commissioner for Ontario, who is hearing mining disputes at the district courthouse today, said he believes Ontario is just beginning to find its stride in mining. "I base my belief on the rapid increase in the number of applications for adjustments reaching my department. We have much work to do, and I feel confident in predicting that 1933 will see the greatest activity in mining in the history of the province."

"WAITING FOR YOUR RETURN."

Is the name of a new song sung by Emilio De Goza, the world's greatest baritone, on a Victor Record. This and "Somebody Loves Me," sung by that famous contralto singer, Sophie Braslau, are now on sale at The Home of the Victrola, Mason & Rich Limited, where competent salesmen will consider it a pleasure to demonstrate for you these and any other Victor Records without obligation to purchase.

U. S. RESIDENT HELD AT HAMILTON FOR VAGRANCY

Hamilton, Nov. 15.—William Hollis, another Carolina native, is in custody here on a vagrancy charge, but, unlike Bullock, he is anxious to get back to the United States. He charges that the American government brought him to Canada a year ago and left him stranded while he was in the Ninth Cavalry Division. He is 25 years old and has been in the army since he was 11. He will demand an investigation when he gets back to Washington, he says.

And what a satisfying feeling to sip a cup of

Nectar Coffee

with your meal. Its rich, smooth taste—its fragrant aroma, its uniform quality (no drugs) give you a sense of complete physical comfort.

Try it today—and be convinced.

Frieda Hempel, Noted Prima Donna, Finds Great Joy in Things Domestic

"My potato salad is famous from coast to coast."

The Advertiser person who had gone to interview Frieda Hempel at a very early hour for the great prima donna on the day of a big concert, was surprised to find the garden variety of Home Sweet Home state-minted lips in musical cadences from the lips of a bewitching vision.

That was what came of asking a very great artist if she happened to be interested in things domestic, instead of talking on elegant topics like poetry, music, art or politics.

Miss Hempel managed to look grave for a full minute before her eyes danced and her whole charming face dimpled into laughter.

"But you don't dress like that to go to a concert," exclaimed the Advertiser person.

That referred to a negligee to intrigue the imagination and hopelessly arouse the envy of any more woman, a fairy-like creation of gauzy, flesh-tinted georgette and billowy lace, carrying with it the very essence of the atmosphere of Paris. Somehow the robe managed to enhance the sheen and beauty of the golden locks which crown the twentieth century "Swedish Nightingale."

To get back to the salad, Frieda Hempel had promised across her heart that she would not have it to publish, as soon as she gets time to write out just exactly the way it should be done. And you must be very exact in cooking, just as you are in singing if you are to be an artist, says Miss Hempel.

Her regret is that she doesn't get more time to devote to housekeeping, and the part of it she likes best, the roving of delicious dishes, by taking this and that and mixing all up in just the right proportions.

Two months every year she spends with her husband in the New York apartment, a wonderful two months. Husband? A fool for the golden Frieda with her dark eyes and hair, which is quite tall enough.

Stunning evidence can be found of "Miss Hempel's" (to give her the stage name, for very own, no domestic tastes in the exquisite tapestries which adorn the apartment in New York.

Needless to say, in which she was trained from her early childhood, has always been one of her great delights.

A MINOR.

Cynthia Grey's

MAIL BOX

Three Rousing Cheers.

Hello, Boxites, together now, three cheers for Calamity Ann. Rah! Rah! Rah! Louder! Louder! Louder! You hear us, so she will know that every single (domestic) one of us is with her, wanting to help along the good work. Can't you just see the dollars and dimes begin to pile up already? I can!

Goodness, it is ages since I have tried to more than peek in the window of our folks. You see, someone told on my pet corn the last time I ventured in, and I'm still shy. However, I know all about what has been going on, and you never even guessed that I was looking in on Halloween, when you saw that grinning Jack 'n' Lantern under the shade, now did you?

I am inclosing something for the cook book, also a mite to help along the good work.

May I make the suggestion that after each section in the book, such as bread, cakes, etc., a few blank pages are left for additional recipes to be written or pasted in?

Thank you, you have treated me royally. I dare say I shall call again soon.

GLADYS CANBEE.

I hope that no one treads on your toes this time, as we don't want to have any more of that.

Gladys Canbee. You are the first to send in recipes for the cook book, and I am sure you will have a deluge of them. Calamity Ann has not written since her letter was published. I sincerely hope she is not going to back down, but then I know she won't. Thank you for the inclosed mite. I am going to keep a separate account of the money that the cook book brings in, so that we will have the exact total.

Thanking Satellite.

Dear Miss Grey, I have just received the copy of "If" sent on by you from Satellite. I thank you very much for it. Have just copied it for myself, so am requesting it to Mail-Box, as requested.

I forwarded a letter to Mona of Arizona, asking her to send me a copy of "If" for me by the time this is printed she will see that I have a copy. Many thanks to her just the same. I have a long, interesting letter from Norma Graduate, and will answer soon.

Received S. P. P. It is funny. I have had the same pattern for years, quite a number of last, and hosiery I have footed and made over when my family were growing. I have six of them, the baby is 15. Have cut a new pattern for you, Miss Grey. Will send under separate cover.

Inclosed please find \$3c for one of snapshots of quilt. A small one will do, if any are left. If not when you have larger ones made I shall be glad to have one.

Isn't Calamity Ann irresistible? It must mean a lot of work to prepare a cook book such as she speaks of, but she will put it through, one can be sure.

I will inclose recipe and 25 cents in another envelope, which, please, send on to her. I shall watch our column closely to see if there is anything further I can do to help.

As usual, my letter is running on. There seems so much that is interesting to write about. I forwarded "If" to Ada's Hubby. Hope you received my letter with \$1 inclosed. Part of it is a Thanksgiving offering for each year of my age. HEARTS EASE, I forwarded "If" to Ada's Hubby. You are the first one to receive a

Where is Florence?

Dear Cynthia—Find inclosed envelope for lady's apron pattern sent a few days ago. Should the cook book material? I will be glad to have one.

Where has Florence gone, who is so wonderful to sing out there, right to the top of the world? I had some things ready to send to some of the members for the first sufferers, and as mine were all heavy, warm clothing I sent you a few. I hope you will have some more a little later. We had two collections here for Northern Ontario, which was very successful. I hope the people up there are not suffering too much now. Am glad to see the hospital fund growing so well.

I am mailing you the apron pattern you asked for. M. B. We haven't heard from Florence yet, but maybe when she sees your letter, she will write to us. Thank you for the inclosed hospital dime.

Slocum—Thank you for sending the extra apron patterns.

Wants Pieces.

Dear Miss Grey—Just a few lines to let you know that I enjoy reading your letters and would like to correspond with you. I am an orphan, but I am with very nice people. I am 15 years old, five feet seven and a half, and my weight is 114 pounds. I think that is pretty good, as I have never been fat. I am a good student, and I am feeling fine now. Dear Miss Grey, could you send me a copy of "Mr. Horner" for the concert? "Twice the Eve Before Christmas." If you could send me either of these I will be thankful to you. Wishing you every success.

SNOWFLAKE.

Welcome to the Mail-Box, Snowflake. I am so glad you have such a nice home and a good mother. I am mailing you "The Night Before Christmas," but the other pieces are not in the Mail-Box. I have placed your name on the list, and if any of the younger boxites would like to write to you they may have your address.

Fenwick Brings Help.

Dear Miss Grey—We have taken the Advertiser on time for years and enjoy it so much. The first thing I look for is the Mail-Box letters. So sorry there is so many who don't help. Wish I could help them in some way. I am just getting over a sickness myself, so excuse shaky handwriting. I have a long navy blue coat if anyone would care for it, and a short black one, which would be lining black. I have a few more pieces of clothing. Will you please send me Thirty-Seven's address and Mother of Eight's? Perhaps I can do some making over for the ladies. Little inclosed find mite for S.C.H. Will close with best wishes to the Mail-Box. Will sign my grand-mother's maiden name for my pen name. FENWICK.

What a lot of help you have brought with you, Fenwick. I am glad you enjoy our Mail-Box, and have called to pay us a visit. I am mailing you the addresses you have asked for. If you wish to help these needy boxites.

BRICK YARD WORKER LOSES LIFE IN BLAST

George Shepherd of Milton Killed When Dynamite Charge Explodes.

Milton, Nov. 15.—George Shepherd, aged 55 years, met with a fatal accident at the Milton Pressed Brick Works this afternoon. It is reported that he and John Stover, whose duty it is to blast the clay in the pit, had prepared two charges of dynamite in his ready to set off when the electric battery was turned on, but only one charge exploded.

After five minutes had elapsed, Mr. Shepherd went to the second charge, which had not gone off, when suddenly the charge exploded, blowing him away and shattering his right arm in a frightful manner.

The injured man died an hour later without regaining consciousness. The body was taken to an undertaking parlor, where an inquest was opened.

COUNTY TO AID SIMCOE TO IMPROVE STREETS

Special to The Advertiser.

Simcoe, Nov. 15.—At a special county council session yesterday afternoon papers were drawn up by the council recommending the county of Norfolk whereby the latter will make a fixed annual grant of \$2,500 to the town of Simcoe for the contemplated improvements on Simcoe's main thoroughfares.

The first installment of \$2,500 will be paid on Jan. 1, 1934, and the paving work will commence in the spring. The total cost will be about \$80,000, and is to be raised by town debentures.

DEMAND RELEASE MISSION-ARIES

Peking, Nov. 15.—Measures for the immediate release of the foreign missionaries kidnapped by Chinese bandits were demanded today by the British government today by the United States, Italian, French and Swedish ministers, who acted under instructions of their governments.

NON-JURY SITTINGS of the supreme court at the court house were concluded today with the hearing of the case of Harris vs. the London Bridge Company and Dillon.

Hon. Mr. Justice Laidlaw gave judgment of \$300 against Dillon, but did not find any damages against the London Bridge Company.

There is no fundamental law upon which the constitution of the British Empire rests, though there are three main principles underlying its administration—self-government, self-support and self-defence.

The self-support of the negro in the English colonies in America was in 1619, when a cargo of slaves was landed at Jamestown.

An aeroplane travelling constantly at a speed of 100 miles an hour would take nearly 100 years to reach the sun.

APPEALS FOR CANADIANISM

Rev. D. C. MacGregor, D. D., Delivers Patriotic Address at Lions Club.

That if Canada was to be a united Canada, instead of a heterogeneous mass of different peoples, and that if the world was to be safe in the future, Canadians, and especially the young Canadians, must learn to look through Canadian eyes, think in Canadian thought, and live the best of Canadian lives, was the charge of Rev. D. C. MacGregor, D. D., at the Lions Club at their luncheon at the Tecumseh House at noon today.

Dr. MacGregor stated that not only must young Canadians think, and see unselfishly and nationally, but they must learn to think internationally.

He outlined the troubles that had arisen in almost every country, United States, even Canada, which were having troubles, which he attributed to the selfishness and lack of national thought and understanding.

Here in Canada, he said, there was a bitter feeling in the west against the east because of the thought there that the east had the "cream of everything."

Into United Nation.

"That is the problem we have to consider," said the speaker. "If things in Canada have been most favored among nations in this respect. But we have some problems. There are over 60 nationalities represented in Canada's population of 9,000,000 people. It's not a homogeneous people, but a heterogeneous mass. The hard thing to do, but which must be done, is to weld these 60 peoples into a united nation."

Dr. MacGregor said that the people of age in Egypt, Ireland, and injustice had been done them. They felt that they had been discriminated against, and they were waiting in anticipation of that day when the population in the west would be greater than that in the east.

"This is the danger that we face, just as harmful as racial prejudice. You young men are the men who can make the Canada of the future a united and prosperous Canada. It is up to you to develop a fine Canadian spirit. The chance is present to present to the world the finest type of Canadian citizenship, the finest type of citizenship that any nation has ever developed."

"To this, you must forget your own ends, except in so far as they have to do with Canada as a whole; your own selfish, narrow demands and group legislation; you must crush down racial prejudice, and think, and talk, and do in terms of the good of Canada as a whole."

Introduces Speaker.

Cub Morrison, chairman of the goodfellowship committee, introduced the speaker.

Cub Sherwood reported that the committee in charge of arrangements for the taking of the orphans to New York had been successful in completing all plans with the exception of obtaining cars. He asked for 25 cars.

C. M. R. Graham pointed out that the authorities of the Catholic institutions were doubtful of the effect of the motion picture on the children, and he urged the taking of the film. "Because of this," he stated, "only the Protestant children would be taken."

Three Lions' pairs were tendered Rev. D. C. MacGregor for his instructive address.

HAS BICYCLE HIT BY AUTOMOBILE

A cyclist, whose name could not be learned, had a narrow escape from serious injury today at noon, when a large car, traveling east on Queen's avenue, swerved in turning north on Wellington street, pinning the wheel to the curb and throwing the cyclist.

Bystanders reported that the man was at first dazed by the fall, but picked himself up and insisted that he was not injured. The wheel was considerably damaged.

SAYS BUSINESS MEN GROW LAX

Inspector of Customs Claims Professional Men and Others Hinder Work.

That the businessmen of London are becoming rather lax in some of their methods, is the opinion of O. H. Talbot, local collector of customs, who complains that the majority of the city's professional men do not come to the customs house to see about their imported goods until almost closing time.

"The customs house closes to the public at 4 o'clock," Mr. Talbot explained, "and it is a difficult matter for us to render good service when those having business with the customs officials put it off until 3:30 or later."

"Often the staff has to work until 4:30 or later looking after 'late comers.' We do this in the interest of the public, but it is a difficult matter for us to render good service when those having business with the customs officials put it off until 3:30 or later."

"The employees at the freight sheds go off duty at 5 o'clock, and when the customs house comes late, the customs house means there is a congestion at the freight sheds. Those who complain of poor service all around do not realize that they are at fault."

In conclusion Mr. Talbot asserted that if the businessmen and others would come to the customs house earlier in the day their business could be attended to in a half and even a quarter of the time than at the closing hour.

WATFORD CITIZENS PLAN SOLDIERS' MEMORIAL

Special to The Advertiser.

Watford, Nov. 15.—A meeting of representative citizens was held in the library building yesterday evening, at the call of the village council, to consider the question of the erection of a suitable memorial to the memory of the Watford boys who made the supreme sacrifice in the Great War.

In the absence of the reeve, Councilman W. G. Connolly was elected chairman, and H. W. Nixon, manager of the Standard Bank, secretary. After the various suggestions had been discussed, a committee consisting of Rev. W. K. Hager, B.A., E. D. Swift and Messrs. A. G. Brown, T. G. Mitchell and T. A. Adams was appointed to wait upon the village council at its next meeting, with the request that a by-law be submitted to the ratepayers next January to raise \$2,000 towards the cost of a monument, the monument to be erected on Federal Square, providing the Dominion government will consent to this.

If the by-law carries the funds of other organizations will be pooled, making a total of \$2,900 available. The decision as to the form of monument was left to the council. P. H. Harker of this village was among the successful candidates at the fall medical examinations, according to the announcement of the College of Physicians and Surgeons of Ontario.
